Re: Proposal for School Facilities Consulting Services

Dear Pete :

For the past thirty years, Jack Schreder & Associates has worked with districts throughout California to obtain construction and modernization funds, complete facilities plans, prepare demographic and student generation studies, and implement local funding programs which include mitigation and bond measures.

We have been very active in the School Facility Program implementation process, and have an excellent understanding of the program application requirements. Because of our experience and expertise in the application process we are able to interpret the impact of the new regulations on District eligibility calculations.

The School Facility Program (SFP) provides funding for new construction projects on a 50/50 state and local sharing basis and funding for modernization on an 60/40 state and local sharing basis. Planning funding is only available for districts that qualify for financial hardship assistance. All or a portion of district contributions are paid by the state for districts that qualify for financial hardship assistance. The State Allocation Board will only approve project construction funding upon the filing of Division of State Architect (DSA) and California Department of Education (CDE) approved final plans.

We work with districts to determine SFP eligibility, obtain SAB approval of eligibility and facilitate timely preparation of plans to secure SAB funding approvals.

The enclosed proposal provides assistance with the State School Facility Program to assist the District with securing State Allocation Board approvals for eligible facilities funding. These services would be provided as needed by the District at the rate of \$145.00 per hour not to exceed \$24,500 without prior written approval from the District. If acceptable, please return one signed Agreement to our office.

April 25, 2012

We would welcome the opportunity to utilize our experience to assist the District in meeting its facilities planning needs. Please call if you have any questions or need additional information.

Sincerely,
