16.3 Review and Potential Approval of the School Plans for Student Achievement (SPSA) for Mt. Diablo Elementary School, Shore Acres Elementary School, and Ygnacio Valley High School.

The School Plan for Student Achievement (SPSA) identifies and addresses the instructional needs of students and specifies how state and federal categorical funds will be used to accomplish the goals outlined in the plan. In addition, the SPSA template includes additional components for our Title I schools with schoolwide programs, as well as our schools in comprehensive support and improvement (CSI) and additional targeted support and improvement (ATSI). School sites include their allocated Local Control Funding Formula Targeted Supplemental, and optionally, their allocated LCFF Base Funds in their SPSAs. State regulations require that the School Site Council (SSC) be the group responsible for developing and revising the SPSA in collaboration with the site instructional leadership team. Both Shore Acres Elementary School and Ygnacio Valley High School had new principals this year, and the principal at Mount Diablo Elementary returned in January from leave. All sites worked closely with their SSCs to create School Plans that address the needs of their students, and the SSCs of all three schools approved the updated plans at their January or February meetings. The plans have been reviewed by district personnel and are now being presented to the Board for review and approval.

Recommendation: Review and approve the 2024-25 School Plans for Student Achievement for Mt. Diablo Elementary School, Shore Acres Elementary School, and Ygnacio Valley High School.
