

Mt. Diablo Unified School District

Board Policy

Title I Programs

BP 6171

Instruction

In order to improve the academic achievement of students from economically disadvantaged families, the district shall use federal Title I funds to provide supplementary services that reinforce the core curriculum and assist students in attaining proficiency on state academic standards and assessments.

(cf. 5149 - At-Risk Students)

(cf. 6011 - Academic Standards)

(cf. 6162.5 - Student Assessment)

(cf. 6162.51 - Standardized Testing and Reporting Program)

(cf. 6162.52 - High School Exit Examination)

The Superintendent or designee shall provide technical assistance and support to any school participating in the Title I program, including consultation in the development and implementation of school plans and activities. (20 USC 6312)

(cf. 0420 - School Plans/Site Councils)

The district and each school receiving Title I funds shall develop a written parent involvement policy in accordance with 20 USC 6318.

(cf. 6020 - Parent Involvement)

Local Educational Agency Plan

The Superintendent or designee shall consult with teachers, principals, administrators, other appropriate school personnel, and parents/guardians of participating students in the development, periodic review, and, as necessary, the revision of a local educational agency (LEA) plan. The plan and any revisions shall be submitted to the Board of Education for approval. (20 USC 6312)

The plan shall address the components specified in 20 USC 6312, which describe the assessments, strategies, and services the district will use to help low-achieving students meet challenging academic standards.

The initial plan shall be submitted to the California Department of Education (CDE) and approved by the State Board of Education. Subsequent revisions of the plan shall be kept on file in the district.

Comparability of Services

State and local funds used in schools receiving Title I funds shall provide services that, taken as a whole, are at least comparable to services in schools that are not receiving Title I funds or, if all district schools are receiving Title I funds, that are substantially comparable in each school. Comparability may be determined on a school-by-school basis or by grade span. (20 USC 6321)

To demonstrate comparability of services among district schools:

1. The Board shall adopt and implement a district wide salary schedule.
2. The district will ensure equivalence among schools through district wide teacher and administrator staffing ratios.
3. The district will ensure equivalence among schools in the provision of curriculum materials and instructional supplies.

The district will document the mathematical equations it uses to implement these policies. The superintendent or designee shall maintain records of quantity and quality of instructional materials and equipment at each school site.

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

The district also may exclude unpredictable changes in student enrollment or personnel assignments that occur after the beginning of the school year, state and local funds expended for language instruction educational programs, state and local funds expended for the excess costs of providing services to disabled students, and supplemental state or local funds expended in any school attendance area or school for programs that specifically meet the intent and purposes of Title I. (20 USC 6321)

At the beginning of each school year, the Superintendent or designee shall measure comparability in accordance with the above criteria and maintain records documenting the district's compliance. If any instances of non-comparability are identified, the Superintendent or designee shall promptly implement adjustments as needed to ensure comparability.

Program Evaluation

The Board shall use state assessment results and other available measures or indicators to annually determine whether each participating school is making adequate yearly progress toward ensuring that all students meet the state's proficient level of achievement on state assessments. (20 USC 6316)

(cf. 0520.2 - Title I Program Improvement Schools)

(cf. 0520.3 - Title I Program Improvement Districts)

(cf. 6190 - Evaluation of the Instructional Program)
