

TITAN is the only Aeries School Nutrition Preferred Partner.

Benefits of the TITAN and Aeries partnership for our customers:

TITAN integrates with Aeries through **Application Program Interface (API)**; All that is required is your Aeries URL & Aeries API/Token number, and administrative access

When parents log-in to the Aeries Parent Portal they will be able to process online applications and online payments through **TITAN's Single Sign On**, without having to access a separate website

All imports will be setup to run automatically within the **TITAN Job Scheduler**. This is generally done every 2 hours

Picture Imports: No more uploading of photos from a picture CD. We can upload student pictures into TITAN directly from Aeries

LCFF (Local Control Funding Formula) completely automated

- All the necessary data for LCFF in the **correct file format** - exactly the way Aeries likes it!
- File **uploaded nightly** into Aeries - all with no human interaction required.
- No more manipulating files - be confident your files always have the **proper information** needed.
