3.3.3. **Fair Rental Value.** District and Developer have agreed and determined that the total Lease Payments constitute adequate consideration for the Facilities Lease and are reasonably equivalent to the fair rental value of the Project. In making such determination, consideration has been given to the obligations of the Parties under the Facilities Lease and Site Lease, the uses and purposes which may be served by the Project and the benefits therefrom which will accrue to the District and the general public.

**3.3.4. Each Payment Constitutes a Current Expense of the District.**

3.3.4.1. The District and Developer understand and intend that the obligation of the District to pay Lease Payments and other payments hereunder constitutes a current expense of the District and shall not in any way be construed to be a debt of the District in contravention of any applicable constitutional or statutory limitation or requirement concerning the creation of indebtedness by the District, nor shall anything contained herein constitute a pledge of the general tax revenues, funds or moneys of the District.

3.3.4.2. Lease Payments due hereunder shall be payable only from current funds which are budgeted and appropriated or otherwise made legally available for this purpose. This Facilities Lease shall not create an immediate indebtedness for any aggregate payments that may become due hereunder.

3.3.6. **Financed Portion of Lease Payments.** The District does not at this time believe it will need the Developer to finance a portion of the Lease Payments. The District and the Developer have agreed that the District may request at a future time that the Developer agree to convert a portion of the Tenant Improvement Payments into Lease Payments and revise the Lease Payment schedule. If the District makes this request, the District and the Developer agree to negotiate in good faith regarding whether Developer can provide that financing, the amount of that financing, and the terms of that financing, which, if agreed to, shall be memorialized in a written amendment to the Facilities Lease and approved by the Parties.

**3.4.** In no event shall the cumulative total of the Tenant Improvement Payments and the Lease Payments ever exceed the Guaranteed Project Price as defined herein, unless modified pursuant to **Exhibit D** to the Master Facilities Lease.

Based on these change(s), the Parties may agree to a reduction or increase in the Guaranteed Project Cost. If a cost impact or a change is agreed to by the Parties, it shall be reflected as a reduction or increase in the Tenant Improvement Payments and paid upon the payment request from the Developer when the work is performed, or deducted from the next payment request from the Developer, as applicable.

**4.2.** The Parties acknowledge that the Guaranteed Project Cost is based on the Construction Documents, including the plans, and specifications, as identified in **Exhibit D** to the Master Facilities Lease.

**4.3. Cost Savings.** Developer shall work cooperatively with Architect, subcontractors and District, in good faith, to identify appropriate opportunities to reduce the Project costs and promote cost savings. Any identified cost savings from the Guaranteed Project Cost shall be identified by Developer, and if approved in writing by the District, that cost savings shall be deducted from the Guaranteed Project Cost. If any cost savings require revisions to the Construction Documents, Developer shall work with the District with respect to revising the Construction Documents and, if necessary, obtaining the approval of DSA with respect to those revisions. At the District's discretion, any reasonable cost incurred by District and/or the Developer for those revisions may be paid for out of the identified savings before it is deducted from the Guaranteed Project Cost. Developer shall be entitled to an extension of Contract Time equal to the delay in Project Completion caused by any cost savings adopted by District, if requested in writing before the approval of the cost savings.

**5. District's Purchase Option**

**5.1.** If the District is not then in uncured Default hereunder, the District shall have the option to purchase not less than all of the Project in its "as-is, where-is" condition and terminate this Master Facilities Lease and Site Lease by paying the total remaining unpaid Lease Payments as of the date the option is exercised ("Option Price").

**5.2.** District shall provide Developer no less than fourteen (14) days' prior written notice that District is exercising its option to purchase the Project as set forth above on a specific date ("Option Date"). If the District exercises this option, the District shall pay directly to Developer the Option Price on or prior to the Option Date and Developer shall at that time deliver to District all reasonably necessary documents in recordable form to terminate this Master Facilities Lease and the Master Site Lease. District may record all such documents at District's cost and expense.

**5.3.** Under no circumstances can the first Option Date be on or before thirty-five (35) days after the Developer completes the Project and the District accepts the Project.
