Dear Paul,
Based on the scope of work, items discussed, along with the information you provided we are submitting per your request, our bid for the following services requested at your school property located at 1101 Alberta Way, Concord, CA 94521 as outlined below:

Description of the Project: The Contractor will furnish the following labor and materials needed to complete the project:

Remove Radio Antenna Tower

1. Set man lift and attach strapping tie down anchors in two positions on Antenna
2. Use crane to set guide ropes as needed and prepare to lift antenna.
3. Remove bolts/anchors from Antenna base.
4. Remove anchored wire ropes
5. Remove Antenna, dismantle and load debris and dispose in a legal manor
6. All areas will be barricaded during and after the installation process.

Quote based on 1 weekday mobilization.

Bid: \$ 45,000.00

***This project is a Prevailing Wage pricing bid**

Any obstructions such as garbage bins, cars, etc., in the area of proposed work must be removed before Airtight Construction Inc, arrives onsite. If we must return because one of these obstructions, there will be an extra charge of a minimum of \$550.00 for each move-in necessary to complete the contract

School district/campus (CVCHS) to provide Airtight Construction Inc. with a $\frac{3}{4}$ " potable water outlet access on job work site

Contractor to keep job site clean at all times.

Sincerely,

Ken Cheda
VP Sales/Project Management
