Mt. Diablo Unified School District
2024-25 Proposed Budget Report and Multi Year Fiscal Projection

Public Hearing – June 12, 2024

Adoption – June 26, 2024

Local Educational Agencies (LEAs) are required to adopt a budget before July 1 of each year to authorize the expenditure of funds. The proposed budget is only an initial blueprint for revenues and expenditures since the adopted budget is prepared before the State has enacted its budget and before actual revenues and expenditures are known for the current year. If material revisions are necessary, a revised budget will be presented to the Board no less than 45 days after the enacted State Budget.

Financial Report Information

The SACS (Standardized Account Code Structure) proposed budget report contains summarized and detailed budget information, multi-year projections, and estimated cash flow reports. This Executive Summary includes an overview of the financial data reported in the report, as well as additional information to assist in understanding the information being reported on the SACS forms.

Key Guidance Based on the May Revision to the Governor’s Budget

On May 10, 2024, Governor Gavin Newsom released the May Revision for the proposed 2024-25 State Budget. The deficit has been adjusted both up and down since his January Budget Proposal, recognizing further declines in state revenues and the Legislature’s “early action solutions,” resulting in the governor now projecting a \$27.6 billion state deficit. The governor is addressing the state’s challenges through reserve draw-downs, spending reductions, new revenue proposals, internal borrowing, funding delays, fund shifts, and deferrals.

Major funding provisions in the 2024-25 Governor’s May Revision are as follows:

- The funded COLA to the Local Control Funding Formula (LCFF), special education and several other categorical programs outside the LCFF is 1.07 percent.
- The May Revision includes several proposals to address chronic absenteeism and lost instructional time, including the following (see Attendance Recovery and Instructional Continuity and Learning Recovery Emergency Block Grant below for further details):
 - Allowing attendance recovery time to be added to the attendance data submitted to the CDE, both for funding purposes and chronic absenteeism.
 - Requiring schools to give students access to remote instruction or support to enroll in a neighboring LEA when emergency school closures last five days or more.
 - Requiring schools to focus the use of unexpended Learning Recovery Emergency Block Grant (LREBG) funds on actions to address the needs of students most affected by learning loss.
- No cost-of-living adjustment (COLA) is provided for the California State Preschool

Program, pursuant to Chapter 41, Statutes of 2023. Instead, the budget maintains funding to implement the current negotiated agreement between the state and Child Care Providers United – California on rates paid to preschool and child care providers. These rates will be renegotiated for 2025-26.

- The May Revision proposes to pause the expansion of slots in the child care programs administered by the Department of Social Services (DSS). As a result, DSS has notified tentative 2024-25 General Child Care and Development Program (CCTR) expansion awardees that there is insufficient funding to support 2024-25 CCTR expansion awards under the May Revision proposal; that the DSS will not be issuing CCTR expansion contracts or awards until further notice; and that DSS will communicate any status changes in the future.
- An elimination of planned increased investments in the 2025-26 and 2026-27 fiscal years to fund preschool inclusivity. Providers will still be required to serve at least 5% of students with disabilities.
- The May Revision proposed an increase of \$395 million to the Green School Bus Grant Program for the 2024-25 year and a reduction in the remaining out-year budget commitment to support this program, from \$500 million to roughly \$105 million. Approximately \$254 million from unused Inclusive Early Education Expansion Program Grant and other unspent funds will be used to support this program.
- The reduction of \$60.2 million in one-time support for the Golden State Teacher Grant Program. This reduction is subject to change as the DOF received updated program expenditure information after the release of the May Revision.
- The May Revision eliminates the \$375 million proposed in the January Governor’s Budget for the School Facility Program.
- The May Revision proposes to eliminate the \$550 million that was planned for the California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program in 2024-25. The Governor’s Budget proposed delaying the \$550 million to

2025-26, which was adopted as part of the budget early action in AB 106; the May Revision proposes eliminating the planned out-year investment.

Although the Governor’s May Revision fully funds the COLA and avoids cuts to most ongoing education programs, LEAs should remain aware of the estimated \$26.7 billion state budget deficit for the 2024-25 fiscal year. The May Revision addresses deficits through an \$8.8 billion accounting shift (see Proposition 98 Risk Factors below) and a depletion of the \$8.4 billion Public School System Stabilization Account (PSSSA). As a result, there is a risk of further state budget shortfalls that could result in cuts to education spending.

Moreover, many LEAs continue to experience chronic student absences, long-term declining enrollment, and various cost pressures such as increased pension rates and energy costs. In addition, all remaining COVID-19 fiscal relief funding (e.g., Elementary and Secondary School Emergency Relief Fund and Expanded Learning Opportunities Grant) will expire on September 30, 2024. As a reminder, the Arts, Music and Instructional Materials Discretionary Block Grant

and the Educator Effectiveness Block Grant expire on June 30, 2026, and the LREBG expires on June 30, 2028. Finally, the cap on special education local plan area administrative costs included in the 2024 Budget Act was one-time and is not proposed to be extended into 2024-25.

Local Control Funding Formula

The Governor's Budget includes a 1.07% COLA to the LCFF. When combined with population adjustments and continued reliance on one-time funding, LCFF funding is approximately \$629 million higher for the 2024-25 fiscal year.

To fully fund the LCFF and maintain the level of current-year apportionments, the May Revision proposes withdrawing approximately \$5.8 billion from the Public School System Stabilization Account (PSSSA) for 2023-24 and another \$2.6 billion for 2024-25. However, this was modified by the May 27, 2024, agreement between the Governor and the California Teachers Association.

Declining enrollment protection for school districts will continue, allowing districts to use the greater of current year, prior year, or average of the three most recent prior years' average daily attendance (ADA). Charter schools will continue to be funded based on current year ADA. All LEAs should continue to develop multiple financial projection scenarios using all available options to ensure they are prepared for both best- and worst-case budgets and are better able to adapt to economic uncertainty.

Attendance Recovery and Instructional Continuity

The Governor's Budget proposes statutory changes to allow school districts and classroom-based charter schools to provide attendance recovery opportunities to classroom-based students to make up for lost instructional time.

The intent behind the attendance recovery proposal is to (1) offset student absences and mitigate student learning loss, chronic absenteeism and related fiscal impacts to districts and classroom-based charter schools, and (2) provide attendance and instructional opportunities outside of the regular school day. The intent of the instructional continuity proposal is to facilitate continuity of learning during events that disrupt regular classroom instruction (e.g., emergencies). Highlights of the proposals are as follows:

Attendance Recovery

- In the May Revision, the governor proposed to delay implementation of the attendance recovery proposal until July 1, 2025.
- ADA recovery is capped at the lesser of the number of absences a student has accrued during the school year or 15 days and may be claimed in 15-minute increments of instruction when a student is under the immediate supervision and control of a certificated employee and engaged in educational activities that are substantially equivalent in quality and content to what the student would receive in their regular classroom.
- ADA is credited to a student as a full day of attendance once the student has met the minimum daily instructional minute requirement for their grade span.
- Attendance recovery may be offered before or after school, on weekends, or during intersessional periods, and it must be credited to the school year in which the

attendance recovery program is operated.

- Expanded Learning Opportunity Program (ELOP) funds may be used if a certificated staff member of the district or charter school is providing instruction and that instruction is substantially equivalent in quality and content to what the pupil would otherwise receive as part of their regular classroom-based instructional program.
- Participation is not mandatory and shall be at the election of the student, parent, or guardian.

Instructional Continuity

- The proposed implementation date of the instructional continuity proposal is fiscal year 2024-25.
- An instructional continuity program is capped at 15 days per school year unless it is medically necessary or a student is unable to attend due to an emergency situation. The May Revision eliminates the broader exemption for students experiencing significant personal difficulties that directly affect their ability to attend school.
- Instructional content must be substantially equivalent to what a student would receive in their regular classroom-based instructional program.
- A signed parental agreement is required and can be initiated at any time.

Beginning in fiscal year 2025-26, the instructional continuity proposal removes the distinction between short-term and long-term independent study by striking the references to independent study being offered for more than 14 days or less than 15 days (e.g., written agreement timeline).

When submitting J-13A requests for school closures and material decreases in ADA that occur after July 1, 2025, LEAs must certify that, as part of instructional continuity, they offered all affected pupils in-person or remote instruction within the home LEA, or support to enroll in or be temporarily assigned to another LEA, no later than five calendar days after the first day of a school closure or material decrease in attendance.

- In fiscal year 2024-25, LEAs that submit a Form J-13A request are required to adopt a plan to offer remote instruction through either an instructional continuity (IC) program or independent study within five calendar days of a school closure or material decrease in attendance.

Equity Multiplier and Local Accountability Plan

Equity multiplier funds are calculated based on school sites with prior year “non-stability rates” greater than 25 percent and prior year socioeconomically disadvantaged pupil rates of greater than 70 percent. Funding is allocated per unit based on the school site’s total prior year adjusted cumulative enrollment.

- *School site is defined as an individual school in an eligible LEA and does not include the district office.*
- *Non-stability Rate means the percentage of pupils who are either enrolled for less than 245 continuous days between July 1 and June 30 of the prior school year or who exited a school between July 1 and June 30 of the prior school year due to truancy, expulsion, or for unknown reasons and without stable subsequent enrollment at another school, as identified in the stability rate data file.*

- *Per-unit funding amount* is based on total statewide eligible enrollment and the amount of funds available, as reported in the stability rate data file.

Statutory proposed changes to the equity multiplier at the May Revision include:

- The definition of a school site is clarified to exclude a district office from individual schools in an eligible LEA.
- An eligible school site shall not receive funding of less than fifty thousand dollars (\$50,000); the May Revision adjusts this minimum funding amount by applying a COLA to this minimum.
- A school site deemed eligible based on prior-year data shall be deemed ineligible if the school site has closed in the year in which the funds are allocated.
- Unspent funds from any fiscal year provided to an LEA with a school site that has closed would be returned to the CDE. LEAs must report the total amount of unspent funds in accordance with instructions and forms prescribed and furnished by the superintendent of public instruction (SPI).

Learning Recovery & Arts and Music Block Grants

The January Governor’s Budget proposed new restrictions on LREBG expenditures. The proposal would require that LREBG expenditures be evidence-based as defined in federal law, and that they be based on a formal needs assessment that identifies the students who most need learning recovery. It targets services toward those students.

The May Revision eliminates the reference to these new provisions applying to unencumbered funds as of July 1, 2024, and instead clarifies that the new requirements apply to the use and expenditure of LREBG funds for the 2025-26, 2026-27 and 2027-28 school years. The LREBG needs assessment and planned expenditures would need to be included in the local control and accountability plan (LCAP) for July 1, 2025, through June 30, 2028. The CDE would be required to update the LCAP instructions accordingly by January 31, 2025.

Arts, Music & Instructional Materials Discretionary Block Grant (AMIMDBG)

The May Revision makes one technical adjustment to the AMIMDBG. Current law states that these funds are “available for encumbrance through June 30, 2025.” The May Revision changes the code to state that the funds are “available for expenditure through June 30, 2026.” In addition, the proposed change states that LEAs must report final expenditures to the CDE by September 30, 2026, and provides a mechanism for the CDE to collect any unexpended grant funds.

A-G Completion Improvement Grant

The May Revision makes one technical adjustment to the A-G Completion Grants. Current law states that these funds are “available for encumbrance or expenditure through June 30, 2026.” The May Revision changes the code to state that the funds are “available for expenditure through June 30, 2026.” The May revision also added a requirement for LEAs to report final expenditures to the CDE by September 30, 2026, and provides a mechanism for the CDE to collect any unexpended grant funds.

Expanded Learning Opportunities Program

The May Revision proposes new expenditure deadlines for both prior year ELOP funds and for future ELOP allocations. Under the proposal, any encumbered 2021-22 and 2022-23 ELOP funds must be expended by September 30, 2024. In addition, starting with the 2023-24 ELOP allocation, LEAs will have two fiscal years to expend the funds, meaning that the 2023-24 allocation would have to be expended by June 30, 2025, and the 2024-25 allocation would have to be expended by June 30, 2026, etc. Any funds not expended by the applicable deadline “shall be returned to the state.” Finally, there is legislative intent language that specifies, starting in 2025-26, “school districts and charter schools shall annually declare their operational intent to run the Expanded Learning Opportunities Program,” meaning that LEAs will need to opt in to the program to receive funding starting in 2025-26 if this intent language becomes law.

Reserves and Reserve Cap

According to the SPI’s letter, distributed on March 7, 2024, “the statutory limitation on school district reserves continues to be in effect for the 2024–25 budget period, pursuant to Education Code (EC) Section 42127.01(e)”.

The Governor’s May Revision includes significant withdrawals from the PSSSA, which serves as the state’s budget reserve for K-14 schools. Specifically, there are proposed withdrawals of \$5.8 billion in 2023-24 and \$2.6 billion in 2024-25. Under the proposed revised budget, the PSSSA balance for 2023-24 is projected to be \$2.6 billion, which would make the reserve cap inoperative for 2024-25.

However, since the state budget will not be adopted until after district budgets are adopted, districts are advised to adhere to the 10 percent cap during this original budget cycle. After the state budget is approved, if the PSSSA withdrawals are enacted as outlined, the 10 percent reserve cap may be lifted at the 45-day budget revision.

2024-25 Mt. Diablo Unified School District Primary Budget Components

- Average Daily Attendance (ADA) is estimated at 27,117.
 - However, based on the 3-year averaging method, the funded ADA is 27,186.
- The district’s single-year unduplicated pupil percentage is 48%. Supplemental funding is calculated using a three-year average, which is 47%.
- Funded LCFF Cost of Living Adjustment (COLA) is 1.07%
- Lottery revenue is estimated to be \$177 per ADA for unrestricted purposes and \$72 per ADA for restricted purposes.
- Mandated Cost Block Grant is \$38.21 for Gr. K-8 ADA and \$73.62 for Gr. 9-12 ADA.
- Except as illustrated under Contributions to Restricted Programs, all federal and state restricted categorical programs are self-funded.

General Fund Revenue Components

The district receives funding for its general operations from various sources. A summary of the major funding sources is illustrated below:

Description	Unrestricted	Restricted	Combined
Local Control Funding Formula (LCFF)	337,129,805	-	337,129,805
Federal Revenues	-	20,931,605	20,931,605

Total	354,730,335	100,013,698	454,744,033

Following is a graphical representation of revenues by percentage:

Education Protection Account

As approved by the voters on November 6, 2012, The Schools and Local Public Safety Protection Act of 2012 (Proposition 30) temporarily increased the State’s sales tax rate and the personal income tax rates for taxpayers in high tax brackets. Proposition 30 provides that a portion of K-14 general purpose funds must be utilized for instructional purposes. Revenues generated from Proposition 30 are deposited into an account called the Education Protection Account (EPA). The district receives funds from the EPA based on its proportionate share of statewide general-purpose funds. A corresponding reduction is made to its state aid funds.

Subsequently, on November 8, 2016, the voters approved the California Children’s Education and Health Care Protection Act (Proposition 55) that maintains increased personal income tax rates for taxpayers in high tax brackets through 2030. Proposition 55 did not extend the sales tax increase; therefore, the temporary sales tax increase expired at the end of calendar year 2016.

K-14 local agencies have the sole authority to determine how the funds received from the EPA are spent, but with these provisions:

- The spending plan must be approved by the governing board during a public meeting
- EPA funds cannot be used for the salaries or benefits of administrators or any other administrative costs (as determined through the account code structure)
- Each year, the local agency must publish on its website an accounting of how much money was received from the EPA and how the funds were expended

Further, the annual financial audit includes verification that the EPA funds were used as specified by Proposition 30. If EPA funds are not expended in accordance with the requirements of Proposition 30, civil or criminal penalties could be incurred.

Illustrated below is how the District’s EPA funds are appropriated for 2024-25. The amounts will be revised throughout the year based on information received from the State.

Routine Restricted Maintenance Account

Per Education Code Section 17070.75, school districts are required to deposit into the account a minimum amount equal to or greater than three percent (3%) of the total General Fund expenditures and other financing uses for that fiscal year. Illustrated below are the primary compliance components:

- The 3% contribution is calculated on total General Fund expenditures, including other financing uses (i.e. transfers out, debt issuances relating to the General Fund)
- The final 3% contribution is based on year-end actual data; therefore, while it is developed based on budget, it must be trued up using actual expenditures
- The actual contribution will be audited as part of the School Facility Program Bond Audit
- Based on enacted bills from 2019-20 through 2021-22, total general fund expenditures for RRMA purposes do not include STRS on-behalf (Resource 7690) expenditures, and one-time funding sources to address COVID-19 challenges (Resources 3210, 3212, 3213, 3214, 3215, 3216, 3218, 3219, 3225-3228, 5316, 5632-5634 and 7027).

Revenue Assumptions

Enrollment and ADA

The district projects flat enrollment of 29,064 students with a 93.5% ADA to enrollment ratio for the next three years, based on current trends.

LCFF Revenue

The Local Control Funding Formula (LCFF) is expected to increase with Cost of Living Adjustments (COLA) as follows:

2024-25: 1.07%

2025-26: 2.93%

2026-27: 3.08%

The unduplicated pupil percentage remains at 48%. For the two subsequent years, the District's LCFF will utilize the current year funding option due to the flat enrollment assumption being used in the multiyear projections.

Federal, State, and Local Revenues

Federal and state revenues are projected to remain flat throughout the three-year multiyear projections. Local revenues are projected to decrease in 2025-26 due to the lowering of interest income and remain flat in 2026-27.

Special Education Funding

Special Education funding is budgeted at \$949 per ADA. The contribution to Special Education is anticipated to increase as a natural increase of doing business with projected step and column salary increases, pension rate, health benefit increases, and higher services costs. Therefore, the District is projecting a \$3.3M increase in 2025-26 and \$3.5M in 2026-27.

Expenditure Assumptions

STRS and PERS Rates

For the Multi-Year Projection (MYP), we anticipate that the State Teachers' Retirement System (STRS) rates will remain stable at 19.10% annually. However, the Public Employees' Retirement System (PERS) rates are projected to increase as follows:

2024-25: 27.05%

2025-26: 27.60%

2026-27: 28.00%

Salary Adjustments

The MYP includes a 1.56% step and column increase for both certificated and classified salaries. Certificated salary projections account for increases in special education and the shift of expenses from the Educator Effectiveness Block Grant to the Arts, Music, and Instructional

Materials Block Grant. Classified salaries include increases for special education and the movement of security costs from unrestricted funds.

Benefits

Benefits reflect salary adjustments, with STRS rates remaining at 19.10% annually, while PERS rates are projected to rise as previously mentioned. Benefits are expected to rise significantly, with an increase of \$3.2 million in 2025-26 and \$3.4 million in 2026-27, primarily due to the escalating health benefits costs and PERS rates.

Funding and Expenditure Adjustments

2025-26:

The Local Control and Accountability Plan (LCAP) carryover supplemental funds will be removed and classified security salaries will be transferred to restricted funding source. The \$1.7 million payment for the Supplemental Retirement Program will also conclude. Restricted books and supplies are projected to decrease due to the removal of \$6.1M for textbooks from the Learning Recovery Block Grant. Restricted contracted services are expected to increase due to additional expenses related to security and special education programs.

2026-27:

Salaries for social and emotional services will be transitioned to the Learning Recovery Block Grant. The reallocation of social and emotional contracted service expenses to the Learning Recovery Block Grant. Indirect charges will rise in the subsequent two years due to increasing special education costs.

Estimated Subsequent Year Ending Fund Balances

During 2025-26, the district estimates that the General Fund is projected to deficit spend by **(\$34.1M)** resulting in an ending General Fund balance of approximately \$79.6M, of which \$39.3M is restricted. During 2026-27, the district estimates that the General Fund is projected to deficit spend by **(\$32.9M)** resulting in an ending General Fund balance of approximately \$46.7M, of which \$28.9M is restricted.

Summary

The information provided for fiscal year 2024-25 and beyond includes the latest known proposals and projections to assist with multiyear planning. LEAs face near- and long-term challenges, including risks to the state revenue forecast, reduced ADA due to higher student absence rates, inflationary pressures including pension rate increases, expiring one-time funds, and declining enrollment. Because each LEA has unique funding and program needs, it remains essential that each LEA continually assess its individual situation, work closely with its COE, and plan accordingly to maintain fiscal solvency and educational program integrity.

With the multiyear projections, the district is projecting to satisfy the 3% required reserve for economic uncertainties. The district projects an **unrestricted deficit** of **(-\$34.8M)** for 2024-25, **(\$27.2M)** in 2025-26 and **(-\$22.4M)** in 2026-27. The projected budget, cash flow and multiyear projections support that the district will be able to meet its financial obligations for the current and two subsequent two years.

<p>The district projects a flat enrollment of 29,064 students with a 93.5% ADA to enrollment ratio for the next three years, based on current trends. The LCFF is expected to increase with COLA adjustments of 1.07% in 2024-25, 2.93% in 2025-26, and 3.08% in 2026-27, while the unduplicated pupil percentage remains at 48%. STRS rates are anticipated to stay at 19.10% annually, whereas PERS rates are projected to rise to 27.05% in 2024-25, 27.60% in 2025-26, and 28.00% in 2026-27, with a 1.56% step and column increase in subsequent years. In 2025-26, LCAP supplemental funds and classified security salaries will be removed, and the \$1.7M Supplemental Retirement Program payment will conclude. In 2026-27, salaries for social and emotional services will shift to the Learning Recovery Block Grant, with benefits increasing by \$3.2M in 2025-26 and \$3.4M in 2026-27 due to PERS rates and health benefits. Supplies and contracted services will decrease over the next two years as a result of the removal of LCAP supplemental funds, reallocation of social and emotional service expenses to the Learning Recovery Block Grant in 2026-27, and the movement of security costs to health and safety restricted budgets in 2025-26.</p>

The restricted Multi-Year Projection (MYP) includes a 1.56% step and column increase for both certificated and classified salaries. For certificated salaries, projections account for increases in special education and the shift of expenses from the Educator Effectiveness Block Grant to the Arts, Music, and Instructional Materials Block Grant. Classified salaries include increases for special education and the movement of security costs from unrestricted funds. Benefits reflect salary adjustments, with STRS rates remaining at 19.10% annually, while PERS rates are projected to rise to 27.05% in 2024-25, 27.60% in 2025-26, and 28.00% in 2026-27. Books and supplies are projected to decrease in 2025-26 due to the removal of \$6.1M for textbooks from the Learning Recovery Block Grant. Contracted services are expected to increase due to additional expenses related to security and special education programs, and indirect charges will rise in the subsequent two years due to increasing special education costs.
