Step right up! Welcome BACK to CALIFORNIA YEARBOOK ACADEMY! We are excited for you to join us for four days as we perfect photography, caption and copy writing, coverage and design, theme development and more in a safe and fun environment. Our instructors are award-winning advisers and our student/staff ratio is 10 to 1. We have classes for both middle school and high school students. We have a work hard-play hard philosophy, and our entertainment includes a hypnotist show, scavenger hunt and a throwback disco party with amazing prizes!

This information packet should give you an overview of the workshop activities. Please read this document carefully as it contains important information. If you have any questions, please contact us (contact information on the left).

CLEAN TICKET

All students need to be checked out by their senior editor on the last day of camp. medications or treat injuries. The participant's adviser (if in attendance) and Herff Jones representative will be notified and may accompany the participant to the emergency room.

WORKSHOP ACCOMMODATIONS

Each suite consists of either three or four double rooms with two shared bathrooms (please note, room configurations are subject to change based on the dorms the university has available for our group; we have no control over these changes if/when they occur). Students will be grouped together by school as much as possible. To guarantee all participants from your school are grouped in the same suite(s), all participants must be registered by April 15th. Girls and boys are on separate floors. Suites come equipped with a microwave oven and a small refrigerator, so you may want to bring along some snacks for those late-night work sessions. You may bring personal electronics and other valuables at your own risk. It is the student's responsibility to keep their equipment secure as CYA cannot assume responsibility for any damage, loss, etc. to any equipment students bring to camp.

EXPECTATIONS

The purpose of the California Yearbook Academy is to teach students the basics of journalism as they apply to producing a yearbook. Students will attend sessions on design, writing, photography, theme development and more. Students are expected to attend all sessions and evening activities. Each school will be required to prepare a theme packet, complete with cover, theme and sample layouts. Our staff will be available to assist with this task. Theme packets will be presented on Thursday morning.

WORKSHOP CONCLUSION

The workshop officially ends after the awards banquet on Thursday, July 13 at approximately 2:00 p.m. Since the college must prepare for the arrival of another conference, all participants are asked to vacate their residence hall rooms by 9:30 a.m. There will be a secure luggage storage room available for students to store their belongings until the workshop concludes. Should you need to leave before Thursday morning, please bring your key, clean ticket, and meal card to your senior editor or one of the workshop directors. Participants who are under 18 and are checking out early must be accompanied by an adult and have previously notified workshop directors.

REFUNDS

As outlined in all pre-workshop information, no refunds will be made after May 1st for any reason due to commitments already made to the college and instructors. If for some reason, you are unable to attend, please notify your adviser and make arrangements for another staff member to attend in your place.
