### **Executive Summary**

2017-18 First Interim Report

Presented to the Board on December 11, 2017

**Background:** Education Code Section 42130 requires school districts to prepare interim financial reports each year. The intent of these reports is to provide an "early warning" system to indicate whether a district can meet its current or future years financial obligations.

The requirement includes filing two interim financial reports during the year. The First Interim Report, as of October 31, requires Board approval by December 15. The Second Interim Report, as of January 31, requires Board approval by March 15. The interim reports must include a certification of whether the District can meet its financial obligations. The certifications are classified as positive, qualified, or negative. A positive certification is assigned when the district will meet its financial obligations for the current and two subsequent fiscal years. A qualified certification is assigned when the district may not meet its financial obligations for the current or two subsequent fiscal years. A negative certification is assigned when a district will be unable to meet its financial obligations for the remainder of the current year or for the subsequent fiscal year.

Districts must submit the completed reports for review to the County Office of Education who then either agrees with the district's certification or changes it based on what their reviews tell them. That final certification is then submitted to the State of California.

This is the first of two interim financial reports presented to the Board of Education for the 2017-18 fiscal year. This report provides financial information as of October 31, 2017. The first interim budgets are compared to the adopted budgets. The second interim budgets will be compared to first interim projections.

### **Financial Report Information**

This Executive Summary includes an overview of the financial data reported in the SACS (Standardized Account Code Structure) First Interim Report, as well as additional information to assist in understanding the information being reported on the SACS forms.

California school district revenues and expenditures are subject to constant change throughout the year. School district budgets are not static, but instead are constantly being revised to respond to decisions at the state and federal levels, as well as to the expenditure needs of the district. The First Interim Report's financial projections have been updated to reflect information received since the budget adoption in June.

The interim report projects the general fund financial status through year-end, June 30. A multi-year projection is also required to determine if the district will be financially solvent for the current year, as well as two subsequent years. A cash flow projection is also required to determine if the district will have enough cash to meet its financial obligations through June 30.

The First Interim Report also includes supporting documents such as the Local Control Funding Formula (LCFF) funding calculation, Average Daily Attendance (ADA) estimates, and the Criteria and Standards report.

The district has completed an in-depth review of all budget lines with revisions occurring as deemed necessary and appropriate. This report includes assumptions and projections made with the best and most up-to-date information available at this time.

#### **General Fund**

The General Fund is used to account for the general day-to-day operations of the district. It is used for all financial resources except those required to be accounted for in other funds.

The General Fund is divided into two sections, unrestricted and restricted. Restricted funds are monies received by the district that are categorical in nature, i.e., they can only be used for the purposes allowed by the funding agency.

### **Unrestricted Beginning Fund Balance**

In total, the General Fund unrestricted ending fund balance for 2016-17 was \$70,339,732 and is carried forward as the beginning fund balance in the 2017-18 year.

### **Unrestricted Ending Fund Balance**

The 2017-18 projected General Fund unrestricted ending fund balance is \$38,731,388.

### **Restricted Revenues and Expenditures**

Restricted revenue is recognized in two ways. Certain types of funding are subject to deferred revenue meaning the revenue is only recognized once it is spent. Any funds received and not spent are deferred into the next fiscal year. For funding subject to ending fund balance, the revenue is recognized in the year received and any funds remaining at the end of the year are recorded as a legally restricted ending fund balance.

The First Interim Report recognizes the carryover of prior year funds through the update in restricted fund balance and the posting of deferred revenue from 2016-17 into the books for 2017-18. The carryover is then appropriated to the expenditure accounts per grant guidelines and school site plans.

The 2017-18 projected General Fund restricted ending fund balance is \$6,233,479.

### **Multi-Year Projections (MYP)**

Districts are required by law to project revenues and expenditures for the budget year and the two subsequent fiscal years. In order to make multi-year projections, districts rely on a variety of assumptions and sources of information available at the point in time the projections are created.

The further into the future a projection is made, the greater the likelihood that the variables used to create the projection will deviate from assumed values. Subsequent year projections are predicated on trying to forecast variables that are entirely outside the control of the district, including the actions of current and future elected officials and the direction of the global, national, and state economies. The multi-year projection for the First Interim Report utilizes the recommended assumptions published by School Services of California (SSC) and the State Department of Finance (DOF) for the development of revenue projections. The current DOF estimates for LCFF gap funding in 2017-18, 2018-19 and 2019-20 are as follows:

| Year        | 2017-18 | 2018-19 | 2019-20 |
|-------------|---------|---------|---------|
| Gap Funding | 43.19%  | 66.12%  | 64.92%  |

Historically, projected COLAs and deficits were the standard for building MYPs. The application and significance of COLAs takes on new meaning under LCFF. Under revenue limits, year-to-year funding changes were the result of ADA growth or decline and funded COLAs. In contrast, during implementation of LCFF, year-to-year funding changes will be the result of ADA growth or decline, COLAs, unduplicated English Language (EL), low income (LI) and foster youth (FY) counts and the percentage of implementation (gap) funding.

Expenditure projections include estimated step and column increases, negotiated compensation and health and welfare increases, and general operating increases such as utilities. Supply and service expenditures utilize the California Consumer Price Index as an estimate for cost increases.

The following are the specific assumptions used for the development of the multi-year projections for the District:

The Multi-Year Projections, using the assumptions listed above for unrestricted, restricted and combined, results in the following projected fund balances:

|              | 2017-18      | 2018-19      | 2019-20      |

| Restricted   | \$6,223,479  | \$6,270,440  | \$7,073,072  |
| Total        | \$44,964,868 | \$31,976,604 | \$21,309,749 |

The Multi-Year Projection fund balances above reflect the district will be able to meet the 2% required reserve in 2017-18, and the 3% required reserve in 2018-19 and in 2019-20.

#### Cash Flow

The projected ending cash balance as of June 30, 2018 is positive.

### In Closing

The Legislative Analyst's November 2017 economic forecast found that the State's current year budget situation to be positive but the future budget forecast for California was reasonably cautious due to uncertainty in three areas: (1) effects of revenue changes, (2) decisions by the Governor or Federal Government, and (3) other significant uncertainties (wildfire costs, and national mortgage settlement litigation). The LAO's California's Fiscal Outlook stated, "Given all of the uncertainties faced by the state budget, we encourage the Legislature to continue its recent practice of building more reserves."

At the State and local level, the Local Control Funding Formula is nearing full implementation. It is estimated that by 2019-20, districts throughout the state will be at 99% implementation of the Local Control Funding Formula (LCFF) and by 2020-21, full implementation will likely occur. The additional gap funding that districts received over the past several years would cease and districts would then look to Cost of Living Adjustments (COLAs) for revenue increases. The COLAs are projected to be in the range of 1.56- 2.5%.

The Governor's 2017-18 budget includes increased funding to education; however, a substantial amount of funding to school districts over the past several years has been one-time money. These one-time funds cannot be used to sustain ongoing and ever increasing costs. The District must be able to sustain already agreed-to compensation adjustments, rapidly increasing retirement and health care costs and mitigate the potential decrease in revenue due to the impact of declining enrollment.

Reserves are needed to address not only on-going retirement contribution increases and operating cost increases but new State laws related to employee leaves. Additionally, a healthy reserve allows a district time to thoughtfully identify and implement budget adjustments if an economic downturn occurs. We will continue to analyze the balance between fixed costs and available reserves as we work to increase student achievement and enrich our school environments. The District continues to align spending decisions with the Local Control Accountability Plan (LCAP) and will thoughtfully incorporate any additional resources available to implement the prioritized goals.

#### 5C. Comparison of District Salaries and Benefits Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected ratio of unrestricted salary and benefit costs to total unrestricted expenditures has changed by more than the standard in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard and a description of the methods and assumptions used in projecting salaries and benefits.

**Explanation:** (required if NOT met)

The increasing costs in salaries and benefits significantly outweigh the moderate or no increases in revenue which impact the standard ratio in the two subsequent years.

# 6. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state and other local) or expenditures (including books and supplies, and services and other operating), for any of the current fiscal year or two subsequent fiscal years, have not changed by more than five percent since budget adoption.

Changes that exceed five percent in any major object category must be explained.

# 8C. Comparison of District Deficit Spending to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Unrestricted deficit spending has exceeded the standard percentage level in any of the current year or two subsequent fiscal years. Provide reasons for the deficit spending, a description of the methods and assumptions used in balancing the unrestricted budget, and what changes will be made to ensure that the budget deficits are eliminated or are balanced within the standard.

Explanation:

(required if NOT met)

Due to increased costs in salary and benefits and in other operating costs with insufficient increases in revenue, the standard will be impacted. The current year total expenditures are high due to the carryover from prior year.

# S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

#### If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
