Concord, CA 94519

Dear Contact Administrator:

Per your requests, I verify that Enviro-S.T.A.R, Inc. doesn't carry workman's compensation insurance. All employees are also owners and directors of the corporation, therefore according to the California Division of Workers' Compensation this insurance is optional for Enviro-S.T.A.R to carry.

As you are aware we do carry liability insurance through J6 Insurance of Citrus Heights, CA. In the third column (under type of insurance), you will note that the policy covers our "Professional" activities

If you need more information, feel free to give me a call at 510-568-5996.

Sincerely,

Edward Guzman
Vice President
