## Introduction

The Comprehensive School Safety Plan shall be used to provide details regarding each school's strategies, programs and procedures to support a safe school environment. The California Education Code sections **32280-32289** outline the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school. Requirements are:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The information contained in a school's safety plan may be supplemented by information not specified in the California Education Code sections **32280-32289**.

## **School's Vision Statement EC 32282 (a)(2)(H)**

### **OUR VISION**

El Dorado Middle School creates an environment that supports the academic and social needs of young adolescents. We accept the responsibility to prepare students to be successful in a global society with healthy curiosity and creativity. El Dorado fosters a positive community that is conducive to lifelong learning, provides a safe environment, and encourages all members of this community to achieve their educational objectives.

### **OUR MISSION STATEMENT**

We strive to provide systems of support and develop students' academic and social/emotional abilities. We do this by ensuring that our instruction is relevant and appropriate for our students' learning as well as through SEL curriculum to support students' social-emotional well-being. We promote a culture of equity and inclusion by supporting students and staff from diverse backgrounds.

### **HUMAN RELATIONS STATEMENT**

It is the policy at El Dorado Middle School that each person will be regarded as having human dignity and worth. There is an appreciation for the diversity of all people. Everyone is responsible for showing respect to others at all times. We know that we succeed best in an environment of mutual trust, caring, and cooperation and will work toward creating that setting. We set high expectations for ourselves and others; accept responsibility for ourselves and others; accept responsibility for our actions and seek the best in everyone. It is our goal that all students, staff, and parents participate in school activities without experiencing prejudice, fear, harassment, intimidation, or bigotry. Parents and members of the community are always welcome at El Dorado.

## School Climate

### Current Status of School Crime

Each school is required to assess the current status of school crime committed on the school campus and at school-related functions. You may accomplish this by reviewing the following type of information: Local law enforcement crime data; suspension/expulsion data; behavior referrals; counseling referrals; attendance rates; SART/SARB data; CHK Survey data; SPSA data; property damage/vandalism data; or any other data pertinent to your assessment.

Data Source	2020-21	2021-22	2022-23	2023-24
<b>Suspensions</b> (number of incidents)	0	49	110	70
- Violence	0	11	7	21
- Tobacco	0	5	1	1
- Drugs/Alcohol	0	7	5	9
- Weapons	0	2	2	5
<b>Expulsions</b>	0	0	0	1
<b>Attendance, general ed. (%)</b>	99.24%	92.59%	92.98%	95.4
<b>Attendance, special ed. (%)</b>	98.34%	89.01%	91.07%	93.6
<b>SART</b> (number of referrals)	253	69	150	27
<b>SARB</b> (number of referrals)	4	0	2	12

<b>SARB</b> (number referred to Court)	0	0	0	0
<b>SST</b> (number referrals)	4	9	6	8

<b>Positive Behavior Team Referrals</b>	0	0	0	N/A
<b>Vandalism Reports</b>	0	0	0	1

**Assessment of the Current Status of School Crime EC 32282(a)(1) Assessment of the Current Status of School Crime EC 32282(a)(1) with Parent, Teacher, and Student Input**

Your assessment conclusions should reflect input from staff, students, parents and community members, as appropriate. Our CARE team and SST referrals are low thus far, a reflection of pre-referral interventions being logged along with Tier 1 interventions utilized in the classroom. The administration, counselors, and staff are documenting ways to connect our students with the right support(s) which should lead to even fewer student suspensions. In reviewing the attendance rates at El Dorado, the General Education attendance percentage rate has increased from last school year (2022-23), compared to the previous year (2021-22). This is likely related to a decline in COVID-19 cases among students. We have continued our work on building relationships with students to increase the likelihood of them feeling comfortable and therefore attending school more regularly. We also review attendance data to specifically address any students who have missed a certain number of days. For our general education students, this data poses the need for continued school coordination with School Resource Officers and Child Welfare Attendance Liaison Officers to monitor truancy and enforce attendance at school sites. At SART meetings, staff speak with families about outside school influences that could affect student attendance such as the use of technology, social-emotional learning, and positive supports. We have offered various supports to families to try and help build their engagement. We have no SRO but Concord Police is available as needed.

**Provide and Maintain a High Level of School Safety EC 32282(a)(2)**

Identify appropriate strategies and programs that provide and maintain a high level of school safety.

- Noon Supervisors to supervise blacktop and outdoor areas at lunchtime.
- Campus Supervisor on-site 7 hours per day.
- We have 40 surveillance cameras installed on campus.
- Four solar panels were installed on the blacktop which provided shading for students to stay out of the sun.
- The site evacuation map was reviewed and updated.
- District groundskeepers maintain the lawns, bushes, and trees.
- The custodians maintain the hallways and common areas free of leaves and garbage.
- New signage for directing visitors to the office to sign in.
- Our administrators, noon supervisors, PE staff, and campus supervisors use walkie-talkies to communicate with one another. We regularly communicate with our neighboring schools, Concord High and Westwood via cell phone and/or landline.
- Principal meets monthly with other principals from our feeder pattern schools.
- School Site Council, PFC, and ELAC meet multiple times a year.
- MTSS Team meets monthly
- CARE team meets bi-weekly
- Leadership Team (comprised of administrators, staff members, and school counselors) meets bi-monthly.

- Aeries for pre-referral interventions and attendance data are used for planning and intervention.
- Hold emergency drills to provide practice for students and staff.

#### COVID Protocols in place:

- Masks available for everyone on campus
- At-home rapid COVID-19 tests available for students and staff

#### YARD DUTY

Yard Duty is a very important teacher's responsibility. Please do not miss your duty time. Make yourself visible when doing duty. Greet, smile, and chat with students.

#### Remember to:

- WALK OUT WITH YOUR STUDENTS for Afternoon Duty. The first 5 minutes are the most critical so please be outside as soon as the bell rings.
- Include your duty times/place in your Substitute Folder, and inform your Sub that you have duty assigned that day, and they will have to cover.
- If you are scheduled to attend a meeting, please meet with your administrator to arrange coverage.

#### STAFF DUTY STATIONS AND STUDENT BEHAVIORAL EXPECTATIONS

ALL Morning Duty: 8:00-8:10 a.m.

Afternoon duty (Mon., Tues., Thurs., Friday): 2:50-3:05 p.m.

(Wednesday's only): 1:00-1:15 p.m.

#### General Rules Everyone Needs to Enforce

- No riding anything on campus or in parking lots. Walk all bikes on campus.
- Remind students of the rules, then confiscate items that are being misused or report offenders to the appropriate administrator.
- No roughhousing, horseplay, or running in the halls, etc.
- Sports equipment must be carried, not bounced/thrown/used through the halls.
- No gum. Have students dispose properly of all gum.
- No eating or drinking (except water bottles) on the blacktop.
- El Dorado is a smoke-free campus. Adults may not smoke either.
- Watch for non-El Dorado students and alert administration.
- Non-El Dorado students are not allowed on campus.

BE POLITE, RESPECTFUL AND CALM. REMIND STUDENTS OF RULES WITH HUMOR AND GRACE.

#### Parking Lot by Westwood & Bus Circle

- Students are to use the walkway and crosswalks in the parking lot.
- Direct all students to the sidewalk and the main entrance.
- Help students move safely to and from cars and the sidewalk.
- Do not permit students to walk through the faculty parking lot exit.

#### Flagpole Area in Front of School

- Once students arrive in the morning, they are not allowed to leave campus.
- Move students onto campus. Do not allow them to "hang out" in front of the school.
- Once they leave in the afternoon, students should be discouraged from returning.
- Watch for non-El Dorado students and alert administration/office.

#### Courtyard, Corridors, Pod, Concord Blvd. Corridor

- A.M. duty teachers encourage students to get to class when the bell rings.
- P.M. duty teachers should begin "clearing" the halls about 5 minutes after the bell rings.

#### Bike Area

- No loitering around the bike rack. The bike rack was moved last year to be under a security camera.
- Park the bike perpendicular (facing in) to the bike racks. (Space is limited.)

#### Blacktop near Gym

- Monitor the field area near the path to Mendocino and the area behind the gym.

#### Student Restrooms

- A wing bathrooms are open every day. Blacktop bathrooms are only open if needed.
- No playing, loitering, or eating in restrooms.

#### MUR

- Be sure students clean up after themselves and act accordingly.

#### POD

- Do not allow students to walk through the side parking lot.

### **School Interventions and Support Systems BP 5144; AR 5149**

#### MDUSD BP 5144

#### Discipline

List and describe interventions and support systems that are in place as a deterrent to suspension and expulsion.

- 2x/year- we utilize school-wide messaging of our school values (The Toro Way), school expectations, and some foundational skills that are important for success in middle school.
- Quarterly assemblies for each grade level outlining safety and school-wide expectations of behavior.
- Our Leadership classes plan and implement community activities around mindfulness, kindness, and time management.
- We partnered with the Mindful Life Project where we have a Mindful coach integrating into classrooms to help support student learning around mindfulness and coping skills. This program has also provided staff and parent training to create a Mindful community as well as targeted small groups where peers collaborate in skill development.
- As part of our efforts to utilize restorative practices, we have developed learning modules to use in response to concerning behaviors. We have assigned 37 modules to complete in Friday detention so far this school year.
- 8th-grade WEB (Where Everyone Belongs) Leaders provide mentorship and events for 6th-grade students
- WEB Leaders/staff create a welcome assembly for incoming 6th-grade students
- Car show -PFC event- community outreach
- Back to school night and Open House- Community Outreach
- End-of-year events for each grade level
- Our PFC supports the CAASPP testing with daily healthy snacks for every student during the testing schedule.
- Educational Talent Search provides year-round and summer activities for at-risk youth in coordination with Diablo Valley College.
- Project Success from the Center for Human Development to provide drug and alcohol use intervention and prevention.
- Individual and group counseling from Foster Youth counselor and Fred Finch counselor.
- Academic/Social-Emotional counseling from two full-time school counselors.
- Rigorous curriculum and enrichment opportunities including accelerated classes in Mathematics and Spanish.
- After-school peer tutoring program offered multiple days a week.

- After School Program (CARES) offered to all EDMS students.
- Elective class opportunities, including Art I/II, Computer Science, Orchestra, Communications, Beginning Band, Concert Band, Strings, Chorus, Spanish 1A & 1B, AVID 7 & 8, Leadership, and Teacher Assistants (Classroom and Office).
- Student Success Team meetings are held for students falling behind academically and strategies are brainstormed with the staff, student, parent, and administrator's input.
- Check-/Check-Out systems (CICO) through counseling.
- Wellness Center is open to provide a safe place for students to go when/if they are feeling emotionally dysregulated.
- Providing lunchtime activities such as WEB events, Leadership contests/activities, Wellness Center games, etc.

## El Dorado Classroom Expectations

### El Dorado Students Will:

1. Be in their seat / on their PE number, working when the bell rings.

#### SUPPORT CALLS PROGRAM

Support Call Dial "0"

Purpose:

- to keep kids in class, learning. If you call for a Support Call, the student WILL NOT be removed from your class.
- to avoid rewarding students by removing them from class
- to "nip problems in the bud"
- to avoid making little problems into bigger ones
- to prevent a power struggle from developing
- to give teacher time to have a 1:1 conversation with a student

Ideally:

- the teacher has tried a "Time Out" with a buddy teacher
- the teacher has made contact with the family before the administrator needs to call
- the teacher and the team have met with the student before the administrator needs to call.

How:

- Call the office by dialing "0" for a support call. Your name, the student's name, grade, and a brief description of the situation. An administrator will come to your classroom and speak to the student outside of the classroom door. Then the student will be returned to class.

When:

- When you see a power struggle beginning, a student trying to challenge the teacher or do things that would cause the teacher to send the student to the office.
- You see a problem developing between students that you are unable to resolve.

Other:

- Support Calls are not used to remove students from class.
- Teachers have the right to "Teacher Suspend" a student for that period and the following day. It is the responsibility of the teacher to meet with / contact the parent regarding the suspension. This information will be entered into Aeries as well.

IF THE STUDENT'S BEHAVIOR DOES NOT IMPROVE AFTER BEING RETURNED TO THE CLASSROOM, CALL THE OFFICE AGAIN.

#### COORDINATED CARE TEAM

- Meets once a week.
- Reason for Referrals may be Academic, Behavioral, Health, or Attendance.
- Referrals can be made to request an SST, Counselor, Nurse, School Psychologist, Violence Prevention Counselor, or other services.

Process:

1. Teacher, Teaching Team, or staff member completes referral.
2. Turn the referral into Kitzya Aguilar or Sissy White who will immediately put the student's name on the next Coordinated Care Team.
4. The Referring Teacher or Team is notified of the disposition of the referral.

Describe the guidelines for the roles and responsibilities of mental health professionals, community intervention professionals, counselors, school resource officers and police officers on your campus.

School psychologists, provide various forms of individual and group support for students in need. These services include regular check-ins, crisis counseling, individual counseling, group counseling and multiple psycho-social educational groups in addition to academic counseling and college and career guidance. Our school counselors support student needs by addressing dysregulating behaviors and triggers, providing them with support and a place to go (Wellness Center) when they are feeling dysregulated.

## **School-wide Dress Code BP/AR 5132**

MDUSD BP 5132

Dress and Grooming

School Dress Code

### **EDMS DRESS CODE INFORMATION**

Our Dress Code reflects the standards of our parents, students, teachers, staff and community members. We work hard to be sure every member of the El Dorado community is aware of our school standards. These are some of the ways we notify parents, students and the community.

- Dress Code included in the electronic Student/Parent Slide Deck given to every parent and students at the beginning of the school year.
- MDUSD Parent Information Packet (PIP) is mailed to families at the beginning of each school year. The PIP includes the MDUSD Board Policy on a variety of subjects including Dress and Grooming and School Dress Codes.
- Dress Code is reviewed with parents when they enroll a student after the school year has begun.
- Dress Code included in Safety and Discipline Plan presented to teachers in August.
- Dress Code included in the Staff Handbook.
- Public Hearing – Officials receive letters inviting them to this hearing.
- Dress Code clearly reviewed in every classroom, and Teachers make it a priority to ensure students understand it.
- Dress code included in the Student Contract, which is reviewed with all students at the beginning of the year and throughout the school year.
- All Staff at El Dorado make it a priority to enforce the dress code.
- Reminders, as necessary, are read in our Daily Bulletin
- Annual Review Meeting – Notices sent home with students, the meeting is publicized on our Notice board in front of the school; dates are posted on our website, School Messenger phone calls made to every family.

As a member of the EDMS community, each person will show respect for themselves and others safety by not wearing clothing that have offensive, distracting, disrespectful, or unsafe symbols or written messages.

Students in violation of the Dress Code will be asked to call home for appropriate clothing or wear clothing provided by the office. We also respectfully request that adults visiting and volunteering on campus or at school events model our dress code guidelines.

### **COMMUNITY STANDARDS**

#### **DRESS CODE**

Our Dress Code reflects the standards of our parents, students, teachers, staff and community members. We meet each year to review and revise it through cooperative planning. It is clearly reviewed in each classroom, and our teachers make it a priority to ensure that students understand it and enforce it. We also all strive to apply the Dress Code consistently.

As a member of the EDMS community, each person will show respect for themselves and others' safety by following our Dress Code. Students in violation of the Dress Code will be asked to call home for appropriate clothing or wear clothing provided by the office.

We also respectfully request that adults visiting and volunteering on campus or at school events model our dress code guidelines.

#### **DRESS CODE**

EDMS expects that all students will dress in a way that is appropriate for school.

Students Cannot Wear:

- Clothes with violent language or images
- Clothes/Items that can be associated with any gang affiliation
- Images or language depicting any illegal item or activity
- Hate speech or profanity
- Clothes depicting alcohol or drugs
- Images or language that creates a hostile or intimidating environment
- Any clothing that reveals undergarments and/or is deemed inappropriate for school
- Accessories that could be considered dangerous or could be used as a weapon
- Any item that obscures the face or ears (except as a religious observance)
- Gang affiliated items and related gestures which are viewed as evidence of membership or affiliation of any gang is prohibited.

School, Discipline, Program, Rules and Consequences.

El Dorado Classroom Expectations

El Dorado Students Will:

1. Be in their seat / on their PE number, working when the bell rings.
2. Be prepared with their binder, supplies, PE uniform and homework.
3. Listen carefully, follow directions and work quietly.
4. Raise their hand for permission to speak or get out of their seat.
5. Not chew gum at any time (school-wide)
6. Show respect for everyone and their property.
7. Be safe, respectful, and responsible.

Classroom Consequences Will Be:

1. Warning
- 2 Teacher determined and may include, but not be limited to:
  - a) Detention
  - b) Behavior Reflection / Time Out / Buddy Room
  - c) Phone call home / parent meeting
  - d) Support Call
3. Administrative consequences

### **SUPPORT CALLS PROGRAM**

Support Call Dial '0' for all office staff extensions

Purpose:

- to keep kids in class, learning. If you call for a Support Call, the student WILL NOT be removed from your class.
- to avoid rewarding students by removing them from class
- to avoid making little problems into bigger ones
- to prevent a power struggle from developing
- to allow teacher to have a 1:1 conversation with student

Ideally:

- the teacher has tried a "Time Out" with a partner teacher
- the teacher has made contact with the family before the administrator needs to call
- the teacher and the team have met with the student before the administrator needs to call.

How:

- Call the office by dialing '0', for a support call or office extensions. Your name, the student's name, grade, and a brief description of the situation. An administrator will come to your classroom and speak to the student outside of the classroom door. Then the student will be returned to class.

When:

- When you see a power struggle beginning, a student trying to challenge the teacher or do things that would cause the teacher to send the student to the office.
- You see a problem developing between students that you are unable to resolve.

Other:

- Support Calls are not used to remove students from class.
- Teachers have the right to “Teacher Suspend” a student for that period and the following day. It is the responsibility of the teacher to meet with / contact the parent regarding the suspension. This information will be entered into Aeries as well.

IF THE STUDENT'S BEHAVIOR DOES NOT IMPROVE AFTER BEING RETURNED TO THE CLASSROOM, CALL THE OFFICE AGAIN.

#### IN SCHOOL SUSPENSION PROCEDURES AND RESPONSIBILITIES

This is an opportunity for you to help your colleagues and to support the school with positive interventions. Parents prefer this to send the students home. It sends a message to the students that they are still welcome at El Dorado, however, their behavior has prevented them from fully participating in the educational experience and they will not see their friends for a day.

An administrator will ask you if you wish to take a student for a day or part of a day. Teachers have the option to say "yes, today is OK", or "no, today is not a good day." One student is assigned to your class for one day at a time. Work is sent with the student. The student goes to a different class during your prep period and during lunchtime. They eat lunch in the cafeteria or receives lunch and will eat in the office. The student should remain in your classroom during passing periods so they will not be able to socialize with their friends.

#### Rules for Students on In-School Suspension

1. The student will stay in the assigned space all day.
2. The student will not leave the space at passing time or lunch.
3. Should the student need to use the bathroom, the office will call for an escort.
4. Staff will get lunches, if needed, as students remain in the space for lunch time.
5. The student will do all the work assigned by their teachers.
6. The student will turn the work into their teachers.

#### EL DORADO. STUDENT SUPPORT SYSTEM

##### Team Level Meetings

Expected to meet at least once a week.

Please invite your Grade Level Administrator to attend.

##### Positive Contact with Parent

1. Phone Call
2. E-mail
3. Positive Referral

##### Time Out with Buddy Teacher

1. Send the student to Buddy teacher
2. Student completes Behavior Reflection Form

##### Teacher / Student Meeting

1. Meet with the student.
2. Write an Action Plan.
3. Turn into Grade Level Administrator

##### Teacher (Class) Suspension

1. Call Parent
2. Arrange the meeting time.
3. Notify Grade Level Admin & complete Suspension form.
4. Give to Secretary to mail.

## Administrator Meetings

Request when you continue to see ongoing problems and have implemented an Action Plan.

### COORDINATED CARE TEAM

- Meets once a week.
- Reason for Referrals may be Academic, Behavior, Health or Attendance.
- Referrals can be made to request an SST, Counselors, Nurse, School Psychologist, Violence Prevention Counselor or other services.

Process:

1. Teacher or Teaching Team complete referral.
2. Turn referral into Julie Grant who will immediately put the student's name on the next CCT agenda.
3. CCT gathers information and makes recommendations.
4. Referring Teacher or Team is notified of the disposition of referral.

### COORDINATED CARE TEAM

Our El Dorado Coordinated Care Team meets weekly to discuss and refer students to various school and community resources. Complete the confidential 2 sided referral form with your team members.

### REFER TO CCT:

- all requests for Student Success Team Meeting (SST's)
- a student who may need counseling
- a student with excessive absences or tardies
- a student with failing grades
- any student being considered for retention
- any "high profile" students who need extra assistance.

See Appendix A

## General Emergency Preparedness

### EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

#### Purpose of the Plan

This response plan is designed to assist school staff, students, parents and local agencies organize resources of the school and community to respond to a crisis situation while school is in session.

#### Regulatory Authority

State laws and regulations require school districts develop emergency plans and train staff in emergency response procedures. These include laws applicable to school staff and students as well as Cal/OSHA regulations specifically addressing the safety of district employees.

The Katz Act [California Education Code, §35295-35297] requires schools plan for earthquakes and other emergencies. It also requires training in earthquake preparedness procedures for both certificated and classified staff.

The Petris Bill [Government Code, §8607] requires school districts be prepared to utilize the Standardized Emergency Management System (SEMS) when responding to emergencies. This requires that principles of SEMS are incorporated in District plans; that the

Incident Command System (ICS) are used at school sites; that all school personnel are trained in how the respective systems work and correlate; and that schools have drills and exercises in order to practice using the systems.

This plan is designed and structured to ensure compliance with the mandates of state law as well as with Cal/OSHA's Emergency Action Plan Standard Title 8, California Code of Regulations §3220. This regulation requires each employer facility have an Emergency Action Plan which focuses on specific emergency contingencies, response personnel roles, and evacuation plans of each employer's site where employees work. Schools and school districts are included in this mandate.

### **School Site Emergency Preparedness and Response Coordination**

Each principal shall supervise the planning, operating and testing of their respective school's Emergency Preparedness and Crisis Response Plan. Each principal will also ensure that all school staff and students are familiar with the basic elements of the District's Emergency Operations Plan, which will be utilized at the district office in the event of a major emergency or district-wide disaster. The principal must ensure that the Incident Command System are utilized by all staff personnel in the event of an emergency incident and shall serve as the Incident Commander at all school crises or emergencies.

### **Campus and Facility Site Preparedness Duties**

This school and the District have designated specific persons to assume emergency position responsibilities in the event of a site emergency or District-wide disaster. The following information provides a breakdown of these responsibilities:

#### **All School Staff:**

- Become familiar with the school's emergency and evacuation procedures.
- Participate in First Aid and CPR training, as appropriate.

#### **Annually each principal shall:**

- Designate Staff Incident Command Structure Assignments.
- Update this site Emergency Preparedness and Crisis Response Plan.
- Ensure personnel are properly trained in their respective assignments.
- Conduct survey of personnel to determine CPR/First Aid/Disaster Preparedness/Medical Training.
- Survey parents to determine who may wish to volunteer during an extended emergency or disaster.
- Ensure needs of students and staff with disabilities are provided for in the event of an emergency.
- Designate primary and alternate locations for command post, evacuation, first aid, student release, and morgue.
- See that parents are informed of the plan and its effect upon students.
- Compile/maintain list of local emergency agencies including telephone numbers and addresses.
- Practice building evacuation plans including testing of warning systems, alarm signals, and communications methods.
- With Maintenance and Operations, complete a site and building hazard survey.
- Ensure all emergency equipment and supplies are in usable condition at all times.

#### **Teachers:**

- Teachers are responsible for the supervision of students in their charge.
- Understand emergency response procedures.
- Have planned activities for use during disasters to lessen possible tension.

#### **School Office Managers or Designee:**

- Organize and maintain the emergency first aid supplies and distribute back-up supplies.
- Assist principal in developing procedures to protect essential records.
- Ensure battery-operated AM/FM radio is available in working condition; know the call number and frequency of disaster information station.
- Maintain an up-to-date list of students and staff who require life sustaining medication.

#### **School Custodians or designee:**

- Assist principal in planning control procedures for different types of building damage.
- Routinely check that battery-operated equipment is in working condition.

## CRISIS/EMERGENCY INCIDENT RESPONSE SYSTEM

### Crisis Response

The primary goals of crisis response are to:

- Prevent a potentially chaotic situation from escalating into a catastrophic event.
- Help those affected to return, as quickly as possible, to a normal level of functioning.
- Decrease the potential long-term effects of the crisis.

### Incident Command System (ICS)

The Incident Command System is an emergency response system used to manage an emergency incident at a specific facility or site. The ICS, as designated by the MDUSD, will be used by this school as the formal emergency response structure. This is in contrast to the Standardized Emergency Management System (SEMS) which is used to manage resources at a district-wide level.

The organization of the Incident Command System is based on five major management functions or sections, which are also utilized in the SEMS response structure:

- Command (Management) Team - Provides overall direction of response at the school site
- Operations Team- Supports on-scene response at school site
- Planning Team- Collects, evaluates and documents information about the incident
- Logistics Team - Provides services, personnel and supplies in support of incident response
- Finance Team - Provides financial tracking, procurement and cost accounting of incident response

## COMMAND AND ORGANIZATION DURING A CRISIS

### Foundations of Crisis Response

The primary foundation for any emergency or crisis response system is to ensure, as much as is humanly possible, the application of the three C's at all times.

These three C's are:

- **Control** – Control is the cornerstone of every crisis/emergency response. In emergency response this is initiated and maintained through the effective use of the Incident Command System.
- **Communication** - Communication is essential to maintaining effective coordination of all response actions. Ongoing communication must be maintained between response persons, school staff, and the command team.
- **Coordination** - Coordination is essential to ensure that the most effective and appropriate response actions are used throughout a response operation. Proper utilization of the Incident Command System will ensure that all response operations are coordinated from a central point and that no response action is taken at cross purposes to any other.

### CHAIN OF COMMAND

An appropriate Incident Command System will be utilized during all school emergencies. This will facilitate the maintenance of effective control and coordination at campus emergencies.

In the event of a crisis, the principal will act as the Incident Commander at all school emergencies and is responsible for initiating and carrying out any emergency actions as required. The principal directs the ICS Team members and other school staff in the implementation of the response actions through the assignment of appropriate duties. If the principal/site administrator is not present, or cannot assume control for any other reason, the Chain of Command is as follows:

<b>Incident Commander</b> (Principal/Site Administrator)	Megan Estenson/Megan Estenson
IC Alternate #1	Courtney Peterson

IC Alternate #2	Denise Carneiro
IC Alternate #3	Trevor Stearman

## INCIDENT COMMAND SYSTEM (ICS)

During campus emergencies, designated school staff function within the Incident Command System until the arrival of outside response personnel. Upon arrival of outside response agencies, the Incident Commander will turn over command of the incident to the ranking response person. The school Incident Commander will document the time of the relinquishing of command and will remain at the Incident Command Post as part of a unified command structure.

The school will coordinate activities with the District Office during a major emergency or disaster. As deemed necessary by the principal or other person acting as the Incident Commander, resource requests will be made by the campus Logistics Team Leader directly to the District Office. All requests for initial emergency assistance will be made to the local emergency response agencies.

Note: Not all members of the ICS will be activated at every emergency. Decisions as to the extent of the response and staff activation will be made by the Incident Commander at the initiation of the response. School staff designated as the primary person for each position is shown following each position title.

<p><b>Compensation/Claims:</b> Pam Humphrey</p> <p>Processes compensation/injury claims related to incident</p>

**Teachers** - Supervise students in their charge, remain with the students unless assigned to an activated ICS position, or released by Incident Commander

Evacuate safely; take emergency kit and current class list

Take roll as soon as conditions permit such action. **Report missing students to Assembly/Shelter and Care Officer**; if there is reason to believe that a student might be endangered, report need for rescue.

Check with buddy classes when evacuating. If there are seriously-injured persons who cannot be moved report to Search and Recovery Officer

Provide minor first aid until emergency first aid station is established. Indicate need for major first aid assistance. Document first aid provided.

Help to restore order/assist other teachers and students. Talk with students about incident/disaster to help reduce anxiety.

Release students according to the site student release plans as directed by Student Release Officer. When all students are released, physically report to Command Post. Remain on site until released by Incident Commander.

## EMERGENCY RESPONSE COMMUNICATIONS

During an emergency:

- Manage your environment to reduce confusion.
- Communicate with students to reduce anxiety and confusion.
- Call 911 if the emergency is in your area (e.g. your classroom) and inform office of the call.
- When evacuating your area communicate all clear by Link to Cliff Notes Evacuation #3 and lock the door. Keep room unlocked if a victim is still inside the room.
- During evacuation do not call the office unless you witnessed the emergency incident or suspects.
- Students should be allowed to text that they are safe but should not talk on the phone.
- Communication may be achieved by the use of intercom, walkie-talkies, telephones, messengers, bullhorns.
- School site direct dial telephones lines will continue to operate. This is usually the line that serves the fax machine. Each site should have one direct-dial telephone unit that can be plugged into this line.
- District school buses have a radio that can call the district. If on campus, the bus radio can be used to communicate with the district.

## LOCATIONS

**Command Post:** The Command Post will be located such that the full emergency assembly area is in view, while maintaining adequate separation from students, evacuation assembly areas, the medical treatment area and student release areas. School personnel designated to contact outside emergency response agencies will notify the responding agency of the location of the Command Post at the school.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	

**Evacuation Area:** Whenever an evacuation is called ensure that the area is not a potential danger to the evacuees and/or is not in the path of the event. This includes danger from natural disasters, chemical/hazardous materials, explosive devices and potential violence threats. Notify the Incident Commander immediately if evacuation is deemed unsafe.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	
Off-Site Location	

Alternate Off-Site	
--------------------	--

**First Aid/Emergency Medical Response Center:** In the event of a major disaster the First Aid area will act as both triage and treatment units. Two assumptions must be made regarding medical services:

- During a major event, local emergency medical service services may not be available and transportation of the injured may be delayed.
- District employees and visitors will be dependent on first aid rendered by trained district employees.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	

**Morgue:** In the event of a major incident or disaster resulting in fatalities, the local emergency response agencies may need to set up a morgue at the school. Area should be separate from student evacuation locations.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	

**Student Release:** Students will be released only to authorized adults listed on Emergency Release Cards. Adults picking up students must sign the Student Release Log. Identification must be checked

## SCHOOL STAFF EMERGENCY RESPONSIBILITIES

### General Staff Responsibilities

All staff members are directly responsible for the protection of students, members of the public and school assets. School administrators and teachers must ensure that appropriate steps are taken during emergencies. General responsibilities for ALL school staff in case of emergency include, but are not necessarily limited to, the following:

- Ensure that students are properly notified of the emergency.
- Take appropriate action with students as conditions require.
- Initiate first aid, rescue, equipment shutdown or damage control as needed.
- Account for all students.
- Notify the Assembly/Shelter and Care Officer of missing persons, or of any employees or students who require medical assistance.
- Contact parents or guardians as appropriate.

### District Staff as Disaster Workers

The California Government Code [§3100 et. seq.], declares that all public government employees are disaster workers subject to such disaster service activities as may be assigned to them by their superiors or by law. In accordance with these legal responsibilities of public employees, all district personnel are subject to be called upon and must be prepared if at home or elsewhere, to report for duty in the event of an extreme emergency. Arrangements for care of one's family should be prearranged in order to permit discharge of this emergency responsibility. This law applies to District employees in the following cases:

- When a local emergency has been proclaimed

- When a state emergency has been proclaimed by the governor
- When a federal disaster declaration has been made by the president

All staff members should have a personal plan for themselves and their families that can be implemented during an emergency. Staff members should be prepared to remain on site for as long as 72 hours or longer following an emergency, possibly without contacting their home and families. Staff members with special home considerations should discuss these with the principal prior to any emergency.

#### **Release of Teachers/Staff from Duties as Disaster Workers**

Government Code §3100 declares that public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term public employee includes all persons employed by the state or any county, city, state agency or public district, excluding aliens legally employed.

This means all school staff are considered disaster workers during a major emergency. School personnel assigned to school level Incident Command System positions and responsibilities will assume their posts as assigned by the site Incident Commander. Others will remain at a central staging location to await assignment as needed. No staff person will be released from their normal or emergency response duties without the expressed permission of the principal or designee as directed by the superintendent or a designee. School principals will not allow such releases of their staff without first obtaining authorization from the superintendent or a designee.

#### **Priority Release of Employees:**

Staff members with special home conditions, such as infant children or invalid relatives, are invited to submit a written petition for “first opportunity” release after the crisis stages of an emergency. The administrator in charge will exercise this release at the earliest opportunity as follows:

- Those with dependents
- Those with no dependents
- Administrators

## Potential Emergency Types and Responses Part One

School Administrators, teachers, and other staff will, at some time, be forced to deal with different types of potential or actual crises or emergency situations. The following sections describe the most probable situations, with specific response action directions included for each emergency type. The response actions are determined in coordination with the MDUSD Emergency Response Plan, the Incident Command System, and other district policies and guidelines.

### ACTIVE SHOOTER SITUATIONS: RESPONDING TO AN ACTIVE SHOOTER SITUATION

School Comprehensive School Safety Plans should include courses of action that will describe how students and staff can most effectively respond to an active shooter situation to minimize the loss of life, and teach and train on these practices, as deemed appropriate by the school.

Law enforcement officers may not be present when a shooting begins. The first law enforcement officers on the scene may arrive after the shooting has ended. Making sure the staff knows how to respond and instruct their students can help prevent and reduce the loss of life.

No single response fits all active shooter situations; however, making sure each individual knows his or her options for response and can react decisively will save valuable time. Depicting scenarios and considering response options in advance will assist individuals and groups in quickly selecting their best course of action.

Understandably, this is a sensitive topic. There is no single answer for what to do, but a survival mindset can increase the odds of surviving. As appropriate for your community, it may be valuable to schedule a time for an open conversation regarding this topic. Though some parents or personnel may find the conversation uncomfortable, they may also find it reassuring to know that, as a whole, their school is thinking about how best to deal with this situation.

During an active shooter situation, the natural human reaction, even if you are highly trained, is to be startled, feel fear and anxiety, and even experience initial disbelief and denial. You can expect to hear noise from alarms, gunfire and explosions, and people shouting and screaming. Training provides the means to regain your composure, recall at least some of what you have learned, and commit to action. There are three basic options: run, hide, or fight. You can run away from the shooter, seek a secure place where you can hide and/or deny the shooter access, or incapacitate the shooter to survive and protect others from harm.

As the situation develops, it is possible that students and staff will need to use more than one option. During an active shooter situation, staff will rarely have all of the information they need to make a fully informed decision about which option is best. While they should follow the plan and any instructions given during an incident, often they will have to rely on their own judgment to decide which option will best protect lives.

### RESPOND IMMEDIATELY

It is not uncommon for people confronted with a threat to first deny the possible danger rather than respond. An investigation by the National Institute of Standards and Technology (2005) into the collapse of the World Trade Center towers on September 11, 2001, found that people close to the floors impacted waited longer to start evacuating than those on unaffected floors.<sup>21</sup> Similarly, during the Virginia Tech shooting, individuals on campus responded to the shooting with varying degrees of urgency.<sup>22</sup> These studies highlight this delayed response or denial. For example, some people report hearing firecrackers when in fact they heard gunfire.

Train staff to overcome denial and to respond immediately, including fulfilling their responsibilities for individuals in their charge. For example, train staff to recognize the sounds of danger, act, and forcefully communicate the danger and necessary action (e.g., "Gun! Get out!") to those in their charge. In addition, those closest to the public address or other communications system, or otherwise able to alert others, should communicate the danger and necessary action. Repetition in training and preparedness shortens the time it takes to orient, observe, and act.

Upon recognizing the danger, as soon as it is safe to do so, staff or others must alert responders by contacting 911 with as clear and accurate information as possible.

As part of its preparedness mission, Ready Houston produces “Run, Hide, Fight” videos, handouts, and trainings to promote preparedness among residents of the Houston region. These materials are not specific to a school setting but may still be helpful. These videos are not recommended for viewing by minors. All of these items are available free of charge, and many are available at <http://www.readyhouston.tx.gov/videos.html>

Occupants of both towers delayed initiating their evacuation after World Trade Center 1 was hit. In World Trade Center 1, the median time to initiate evacuation was 3 minutes for occupants from the ground floor to floor 76, and 5 minutes for occupants near the impact region (floors 77 to 91). ## RUN

If it is safe to do so for yourself and those in your care, the first course of action that should be taken is to run out of the building and far away until you are in a safe location.

### **Students and staff should be trained to**

- Leave personal belongings behind;
- Visualize possible escape routes, including physically accessible routes for students and staff with disabilities as well as persons with access and functional needs;
- Avoid escalators and elevators;
- Take others with them, but not to stay behind because others will not go;
- Call 911 when safe to do so; and
- Let a responsible adult know where they are.

## HIDE

If running is not a safe option, hide in as safe a place as possible.

### **Students and staff should be trained to hide in a location where the walls might be thicker and have fewer windows. In addition:**

- Lock the doors;
- Barricade the doors with heavy furniture;
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Silence all electronic devices;
- Remain silent;
- Hide along the wall closest to the exit but out of the view from the hallway (allowing for an ambush of the shooter and for possible escape if the shooter enters the room);
- Use strategies to silently communicate with first responders if possible, for example, in rooms with exterior windows make signs to silently signal law enforcement officers and emergency responders to indicate the status of the room's occupants; and
- Remain in place until given an all clear by identifiable law enforcement officers.

## FIGHT

If neither running nor hiding is a safe option, as a last resort when confronted by the shooter, adults in immediate danger should consider trying to disrupt or incapacitate the shooter by using aggressive force and items in their environment, such as fire extinguishers, and chairs. In a study of 41 active shooter events that ended before law enforcement officers arrived, the potential victims stopped the attacker themselves in 16 instances. In 13 of those cases they physically subdued the attacker.<sup>23</sup> While talking to staff about confronting a shooter may be daunting and upsetting for some, they should know that they may be able to successfully take action to save lives. To be clear, confronting an active shooter should never be a requirement in any school employee's job description; how each staff member chooses to respond if directly confronted by an active shooter is up to him or her. Further, the possibility of an active shooter situation is not justification for the presence of firearms on campus in the hands of any personnel other than law enforcement officers.

## BOMB THREAT/SUSPICIOUS PACKAGE

### BOMB THREAT

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

### SUSPICIOUS PACKAGE

Anyone discovering a suspicious package, box or strange device will do the following:

- Not touch or remove strange objects.
- Notify the principal.
- Principal will notify the police department, the fire department and the superintendent.
- Principal will evacuate the buildings.

Whenever a bomb threat is received or a suspicious package is found, a police officer will evaluate the threat or object before instituting a search of the buildings or sounding the signal for staff and students to return to the buildings.

The superintendent is to be kept informed of all actions.

## EARTHQUAKE

Although the probability of an earthquake occurring is lower than most other emergency types, the potential for injuries and damage from one is high. It is essential that students and staff remain aware of the following basic actions:

If an earthquake or other situation warrants, drop to the floor, take protective position under desks or furniture with backs to windows and hands covering head and face. Stay in position until directed to evacuate or take other protective action.

If outside, move away from buildings and trees and take protective position. When situation permits, proceed to the designated assembly point. Standby: Alert students in your area to stand by for further information. Make whatever assessment of the situation is possible. Render emergency first aid as required.

If inside, stay inside during ground shaking. In classrooms or offices, move away from windows, shelves and heavy objects or furniture that may fall. Take cover under a safe table, desk or counter. At the teacher's command, students should take the DROP position.

If a "shelter" (table, desk, etc.) is not available, move to an inside wall or corner, turn away from windows, kneel alongside wall, and bend head close to knees, with elbows firmly behind neck protecting face.

If notebooks or jackets are handy, hold these overhead for added protection from flying glass and ceilings debris. Remain in sheltered position for at least 60 seconds or until directed to move by an adult.

If in halls, on stairways, or other areas where no cover is available, students must follow the directions of the nearest teacher or school employee.

If in the library, immediately move away from windows and bookshelves and take appropriate cover. In the science lab or shops, all burners should be extinguished (if possible) before taking cover. Stay clear of hazardous chemicals that may spill.

The duration of ground shaking depends on a number of factors, including the severity of the earthquake. Advise students to anticipate shorter or longer episodes of ground shaking during actual earthquakes and their aftershocks.

#### EARTHQUAKE HAZARDS COMMONLY FOUND IN SCHOOL BUILDINGS:

- Glass that shatters or flies around
- Objects stored above head-level on shelves, walls, and ceilings (such as unused projectors, books, science equipment, boxes)
- Objects that block movement to safe places (books on floors, tipped desks and bookcases)
- Cabinets without latches
- Objects stored on wheels
- Open shelving without a lip or restraining wire
- Free standing cabinets
- Blocked exits
- Objects in hallways that block movement (glass, tables, locker contents)

#### SETTLING DOWN AFTER THE FIRST SHOCK:

After the first shock, teachers will evacuate the classrooms, being alert to the possibility of aftershocks.

When leaving the classroom, teachers should make every effort to take with them the roll book and emergency supplies.

Announce that no student is to return to the room unless directed to do so.

Teachers will take classes to pre-arranged places on the campus.

Teachers and students will remain in designated areas until re-entry to the building has been approved or they are directed to move elsewhere.

School will remain open indefinitely until every student has been released to parents or to an authorized person.

Do not light any fires after the earthquake because of possible gas leaks.

If possible, notify utility companies of any break or suspected breaks in service.

The **Incident Commander** should procure the advice of the Director of Maintenance and Operations regarding the safety of the buildings.

The **Incident Commander** should keep the superintendent informed of conditions at the school.

Whenever possible disaster supplies should be kept in a locked shed away from the school buildings and accessible once all personnel and students are safely accounted for and secured in the evacuation area.

## STUDENT RELEASE

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

## THE GREAT SHAKEOUT EARTHQUAKE DRILLS

All Mt. Diablo USD schools are encouraged to participate in the annual Great ShakeOut Earthquake Drills. See <https://www.shakeout.org/index.html> for more information.

## FIRE

In the event a fire is detected within a school building, the school fire alarm will be sounded. This will automatically implement the action to LEAVE THE BUILDING.

Upon receiving the order to evacuate, staff will assume their designated positions in the hallways of the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Staff are also responsible to ensure that all disabled persons in the building are assisted as necessary.

1. Take emergency backpack, and attendance information.
2. Teachers evacuate with current class. If evacuation occurs outside of a class period: Student report to the teachers from their last class
3. Upon exit place a green tag on the doorhandle to indicate room is all clear and lock door. Keep unlocked if victim is inside.
4. Check with buddy teacher. Assist/evacuate both classes if needed.
5. If on prep or don't have a class: Assume Wing Commander Role
6. Check common areas while evacuating.
7. Evacuate to primary location via assigned route, adjust as needed.
8. At evacuation location, line up, and take attendance.
9. Hold up GREEN card if all students are accounted for. RED card if missing students or assistance required. If not used, describe alternate practice:  
N/A
10. Stay with class unless you are released to assume other duties.
11. Release from drill will be The "specific" drill is over. Please return to your class.
12. Communicate with your students and maintain control.

The fire department will be notified. The police and superintendent should also be notified.

Access roads to the school campus should be kept open by **Security/Traffic** team personnel.

Students and staff will not return to the buildings until the fire department declares the area safe and the **Incident Commander** has announced the ALL CLEAR.

Clothing on fire: STOP. DROP. ROLL. Use other pieces of clothing to help smother the flames. Immediately call 911. Render first aid.

#### INTRUDER ALERT/ANTI-VIOLENCE RESPONSE

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

#### ACTIVE ALERT: LOCK DOWN

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

#### STAFF ROLES DURING ACTIVE LOCK DOWN

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

#### PRACTICE ALERT: LOCK DOWN

16. The principal will announce, This is a lockdown drill.

17. Follow the instructions above for an Active Alert. Release from Drill is: Administrators open doors.

Intruder drills are practiced each year. Staff training is provided. Ample warning and preparation are made so that students and families are aware of the drills. Law enforcement should be invited to participate in these drills

## Potential Emergency Types and Responses Part Two

### CHEMICAL SPILLS WITHIN THE SCHOOL

In the event of a chemical spill or incident at school, the site administrator will determine what emergency action to take depending upon the circumstances. Teachers in the area shall do the following:

- Restrict the area of the incident and evacuate the area as deemed necessary.
- Rescue injured or trapped persons and remove from area, if trained to do so.
- Provide first aid as needed.
- If possible, determine the name(s) of the chemical(s) and provide that to the emergency respondents.
- Allow no one in the immediate area of the spill except emergency personnel.
- The office will alert classes to, "Shelter-in-Place."
- Notify the Superintendent's office.

### CHEMICAL ACCIDENT NEAR THE SCHOOL

Warning of a chemical accident is usually received from fire and/or police departments or from emergency services officials when such accident occurs sufficiently near a school to be a threat to the safety of students and staff. An overturned tanker, a broken fuel line, and an accident in a commercial establishment that uses chemicals are all potential hazards. Whether the accident occurs at the school or off the school grounds, the site administrator shall determine if there is need to EVACUATE or to SHELTER-IN-PLACE. This decision will be made in coordination with offsite emergency respondents. If it is necessary to evacuate the area, move crosswind, never directly with or against the wind which may be carrying fumes. Get upwind as quickly as possible.

### CRISIS INVOLVING INDIVIDUAL STUDENTS AND/OR STAFF

The sudden death, serious injury to a student or staff member either through natural causes, accidents or as the result of an act of violence, such as school shooting, missing students (known or suspected abduction), physical assault, sexual assault, non-natural or non-accidental causes or other unexpected events are, without question, a crisis. Responding to these kinds of crisis situations in a timely and effective manner is as critical as dealing with an earthquake or a fire.

1. Contact Student Services to request the District Crisis Intervention Team immediately following a serious injury, accident or death of a student or staff member.
2. Work with your school psychologist to determine identification of short- and long-term interventions for students or staff traumatized by the event.
3. Work with the Superintendent's office to formulate a public statement.
4. Discuss the crisis in a factual manner in follow up meetings and/or communications.
5. Be sensitive to latent behavior problems that are trauma-related.

A general message will be prepared and whenever possible parents will be contacted first in order to be the first adults to provide the information and support their children. All staff will be debriefed and supported. Activities to best meet the needs of the community will be provided aimed at providing counseling, a way for all to process (writing, drawing, and sharing). Activities such as games, music and reading may be planned over a short period of time to reduce anxiety and work demands. Follow and close monitoring for students and staff to insure latent reactions and responses.

### DISCARDED WEAPON OR DRUG LAB/PARAPHERNALIA

#### DISCARDED WEAPON: GUN OR RELATED ITEM

A staff person may discover a discarded gun or related item or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- The office will immediately notify the local authorities.
- Staff will not take any active response role in these situations.
- Keep the area clear of students and faculty until local authorities have arrived.
- As appropriate, conduct a Shelter in Place.

#### DISCARDED WEAPON: KNIFE OR RELATED ITEM

A staff person may discover a discarded knife or related item or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- Trained staff as designated by principal or designee will recover the item and notify the authorities as appropriate.

#### DISCARDED DRUG LAB OR DRUG USE PARAPHERNALIA

A staff person may discover a discarded drug lab or drug use paraphernalia or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- The office will immediately notify the local authorities.
- Staff will not take any active response role in these situations.
- Keep the area clear of students and faculty until local authorities have arrived.
- As appropriate, conduct a Shelter in Place.

#### EXPLOSION

The DROP command is to be given immediately in the event of an explosion at the school or within a school building.

If the explosion occurs within the building or threatens the building, the teacher will then implement the school evacuation plan. Assemble at the designated assembly area.

Sound the fire alarm and proceed as above for a fire.

Notify the superintendent's office.

#### FALLEN AIRCRAFT

Warning of a failing or fallen aircraft is usually by sight, sound or fire. If an aircraft falls near the school, the following actions will be taken:

- The site administrator will determine which emergency actions should be implemented. When necessary, teachers will take immediate action to ensure the safety of students if the site administrator is unable to direct emergency action.
- Students and staff must be kept at a safe distance from the aircraft, as it may explode. Move crosswind or stay up wind to avoid fumes.
- Call 911

Notify the Superintendent's office.

#### NATURAL GAS LEAK OR RUPTURED GAS LINE

The site administrator will evaluate the situation and determine the need for a building evacuation.

Offsite emergency respondents will be called if a leak is suspected.

In general, an evacuation of the building(s) will be conducted whenever there is a strong smell of natural gas within the school. Evacuations under other circumstances will be decided upon based on discussions with offsite emergency respondents. The site administrator will then initiate whatever emergency action is required.

Notify the superintendent's office.

#### RABID OR VICIOUS ANIMAL

If a rabid or vicious animal is at or in the vicinity of the school, the Animal Control Center should be notified immediately. Teachers shall be notified Shelter In Place. Students outside of the building will be quietly and cautiously sent into the nearest building and secured in a room behind closed doors.

Notify the Superintendent's Office.

#### SEVERE WINDSTORM

Warning of an impending windstorm is usually received via radio, television or civil defense officials. The United States Weather Bureau can usually forecast severe windstorms. If high winds develop during school hours without sufficient warning, the following emergency actions should be taken:

- Implement action to TAKE COVER. Students and staff should assemble inside shelters or buildings.
- Close windows and window coverings. Seek shelter away from windows.
- Remain near an inside, ground level wall if the building is more than one level.
- Evacuate classrooms that bear the full force of the wind.
- Avoid auditoriums, gymnasiums and other enclosures that have long roof spans.
- Keep tuned to a local radio station for the latest advisory information.
- Take roll and complete a Student Accountability Form.
- Notify site administrator of any break or suspected break in utility lines or buildings which might present an additional hazard.
- If possible, contact and report conditions to the superintendent.
- Don't permit any staff to leave the building until the winds have subsided and it is safe to do so.

#### UTILITIES LOSS OR FAILURE

##### LOSS OF ELECTRICAL POWER:

Consult PG&E website for grid of outages: [www.pge.com](http://www.pge.com)  
Contact PG&E to report a Power Outage 1 800-743-5002

##### WATER EMERGENCY:

Contra Costa Water District Emergency Number 925-688-8374  
Golden State Water Company Emergency 800-999-4033, 877-933-9533 (TTY- hearing impaired)

##### PHONE ISSUES:

Contact Technology Information Services (TIS) at extensions 4094 or 4105 to report phone issues.

ADDITIONAL INFORMATION:

Contact Maintenance, Operations & Facilities at extension 3884 if any utility will be off for an extended period of time.

Notify the superintendent of the situation.

If necessary, make appropriate arrangements with Maintenance and Operations for temporary communications, water delivery and portable rest rooms.

In the event of an extended outage, consult with the cafeteria manager. The cafeteria manager will consult with Food and Nutritional Services x4124.

If an extended outage is likely, provide a School Messenger update to keep parents/guardians informed.

## EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

### EVACUATION PROCEDURES

#### EVACUATION ALARM SYSTEM

A crisis or emergency may warrant an evacuation of the school building(s). Once notified of an emergency situation, the **Incident Commander**, will carry out the initial response actions delineated in the **Emergency Preparedness and Crisis Response Plan**. In consultation with members of the **Incident Command Team**, the principal will determine whether an evacuation is warranted or is the safest action given the character of the emergency.

**Incident Command Team** members will immediately assume their designated response duties as activated by the **Incident Commander**. The **Disaster Response Officer** will ensure, during the evacuation itself, that all evacuation assistance personnel are operative and performing their respective duties as assigned.

When a decision is made to evacuate, the **Assembly /Shelter and Care Team** leader will immediately report to the assembly area and inspect the area for hazards. The **Assembly /Shelter and Care Team** leader will notify the **Disaster Response Officer** immediately if the area is safe. If not, the **Assembly /Shelter and Care Team** will advise that the evacuation be done to the alternate assembly location.

This evacuation may be a partial evacuation of only portions of the building in a localized emergency [e.g., a small chemical spill] or it may be a general evacuation of all building. When an evacuation is ordered, students and staff will be notified according to the site's **Preparedness and Crisis Response Cliff Notes**.

If deemed appropriate and safe, the school's fire alarm will sound in the event of a general building evacuation. If neither mechanical system is operable, the Incident Commander will utilize office, custodial or student personnel to notify classrooms of the need to evacuate.

#### COORDINATING THE EVACUATION

Upon receiving the order to evacuate, staff will assume their designated positions in the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Staff are also responsible to ensure that all disabled persons in the building are assisted as necessary.

1. Take emergency backpack, and attendance information.
2. Teachers evacuate with current class. If evacuation occurs outside of a class period: Student report to the teachers from their last class
3. Upon exit place a green tag on the doorhandle to indicate room is all clear and lock door. Keep unlocked if victim is inside.
4. Check with buddy teacher. Assist/evacuate both classes if needed.
5. If on prep or don't have a class: Assume Wing Commander Role
6. Check common areas while evacuating.
7. Evacuate to primary location via assigned route, adjust as needed.
8. At evacuation location, line up, and take attendance.
9. Hold up GREEN card if all students are accounted for. RED card if missing students or assistance required. If not used, describe alternate practice:  
N/A
10. Stay with class unless you are released to assume other duties.
11. Release from drill will be The "specific" drill is over. Please return to your class.
12. Communicate with your students and maintain control.

#### EVACUATION ASSEMBLY AREAS

When ordered to evacuate, students and staff will follow the evacuation route prescribed for their respective areas and exit the building in an orderly and controlled manner. Any volunteers or visitors to the classroom should be advised to go with the classroom to the assembly area.

ALL students and staff must report to the assembly area and remain there until the **Incident Command Team**, via the **Assembly /Shelter and Care Team**, notifies them it is clear to return to the building. Under no circumstances are students to leave the area unless released by the teacher in strict accordance with the school's **Student Release Procedures** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**. This will not be done unless it is authorized by the **Incident Command Team**.

Teachers MUST take a head count of all persons under their care to ensure that all students, volunteers and visitors are present. This will be reported to the **Assembly /Shelter and Care Team** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**. If someone is deemed missing, the teacher is to immediately report this fact to the **Assembly /Shelter and Care Team** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**.

#### ACCESS CONTROL PERSONNEL

Whenever an evacuation is called, the designated **Security/Traffic** response team (designated prior to an emergency) will automatically assume duties as traffic controllers to prevent unauthorized public vehicles or persons access to the school campus and building(s). They will function according to the duties delineation shown in the **Emergency Preparedness and Crisis Response Plan**.

## EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

### STUDENT EARLY DISMISSAL AND EMERGENCY SCHOOL CLOSURE

During school hours, all students are considered under the care and supervision of school staff. In all circumstances, and especially in the event of emergency incidents or circumstances, the safety of the students and the school staff is of paramount importance. All actions taken shall bear in mind the safety and well-being of both students and school employees.

Thus, in the event of a major emergency incident or disaster during school hours, school will not be dismissed without the expressed and clear authorization of the District Superintendent or a designee, and children will remain under the supervision of school authorities. Students will only be released from school and District responsibility in strict accordance with the procedures outlined in the District's Early Release Policy as described below. Parents/guardians or designated emergency contacts who come to the school to pick up students must properly identify themselves in order for their children to be released.

#### RELEASE OF STUDENTS FROM SCHOOL

MDUSD and this school want to reunite parents with their children at the earliest time possible after an emergency situation or major disaster event. However, if it is not possible for parents to pick up their children or make arrangements for others to do so, students will be held at the school or other area until such time as they can be safely released. Each year the school will notify all parents of the procedure for reuniting parents with children in the event of an emergency at school. Parents are encouraged to print out and complete the **ABC's – Three Steps to Protect Your Child during Emergencies in the School Day (Appendix B)**

In the event students are held at a school, they may be released only to the student's own parent(s) or a person authorized beforehand by the parent. As a part of annual registration, sites collect emergency contact information in AERIES. From AERIES, **Emergency Cards** shall be printed and used for this purpose. It is recommended sites print copies for teachers to have on hand in their emergency packs along with roll information. Office shall also print out the **Emergency Student List** or **Emergency Cards** and maintain that in the office emergency evacuation kits.

Parents or others must check with this school's **Student Release** team at the emergency **Student Release Location** prior to pick up of their children. Teachers will release students according to the procedure outlined under the **Emergency Student Release Procedures** described below.

## EMERGENCY RELEASE PLAN PROCEDURES

Teachers will utilize the following procedures to properly release students from their care to a parent, legal guardian or person authorized in writing to pick up the student:

1. At time of emergency, students remain with their current classes. Teacher takes roll on an Accountability Form and await direction from **Incident Commander** via **Student Release** team.
2. **Incident Command** will communicate with district office for dismissal directive. Students will report to (first period or other) classes, upon **Student Release** team directive.
3. This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
4. Students will be released only to authorized adults listed on the **Emergency Card** or **Emergency Student List**. Adults picking up students must sign **Student Release Log** and indicate destination. Unless otherwise directed by **Incident Commander** via **Student Release officer**, a runner takes message to teacher with name of student being released and name of adult picking up student. Teacher double-checks sign-out sheet, stamps/marks student and releases.
5. Students may go home with people listed on **Emergency Card** or **Emergency Student List** if parent can't be reached.
6. Periodically, as students are released, remaining students will be consolidated.
7. Teacher takes attendance after each consolidation, informs **Assembly/Shelter and Care** team as well as the **Student Release** team, and keeps all documentation.

## EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

### TRAINING

The key to effective and coordinated emergency response efforts is the proper training of school response personnel as to their duties in an emergency or disaster. Proper training is mandated under the SEMS requirements for District staff and students and by Cal/OSHA for employees of the District.

### ALL DISTRICT RESPONSE STAFF AND STUDENTS

All non-response District staff, as well as all students, will receive training in the following areas:

- Brief overview of the District Emergency Operations Center (EOC) plan and its coordination with School Crisis Response plans.
- Brief overview of the School Crisis Response Plans and its coordination with the District EOC plan.
- Responder positions within each plan and the duty to follow instructions of the response team personnel.
- Use of drills and exercises to provide hands-on instruction to staff and students.

### SCHOOL CRISIS RESPONSE TEAM PERSONNEL

All school staff will receive training and detailed information on the **Incident Command System** and its use at a school crisis or disaster response. This will include but is not limited to:

- Initiation and functioning of the ICS Command Post.
- ICS response positions, their responsibilities, and the use of position checklists.
- Development of site Incident Action Plans and the utilization of, and coordination with, EOC actions at the District level.
- Importance of documentation of site ICS activities and damage assessment information.
- Demobilization procedures for down-sizing and closing the ICS Command Post.

## DRILLS AND EXERCISES

Because emergencies occur without warning, life-protecting actions must be taken immediately at the first indication of emergency conditions. There may be no time to think through all of the options for what must be done. Emergency drills will be conducted periodically to help familiarize everyone with basic procedures and to help students and staff learn how to react immediately and appropriately.

Exercises and drills will be conducted at the school site level. The essential components of school site emergency drills are classroom training and discussions, demonstrations and exercises designed to help staff and students learn and practice where to seek shelter and how to protect themselves based on the kind of emergency they are facing.

## EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

### RECOMMENDED EMERGENCY SUPPLIES

The school shall maintain a quantity of emergency supplies that will be utilized by trained personnel in the event of a school crisis or a district-wide disaster. Some materials should be stored in a central location on campus as a means of providing ready access to assist any area in the school.

Each classroom should also have its own supply of first aid and other equipment to facilitate each teacher in helping the students they are responsible for.

### CENTRAL SCHOOL EMERGENCY SUPPLIES

Central School Emergency Supplies are recommended to include at least the following items:

- Two first aid kits (see below)
- Two tool kits (see below)
- Radio (battery-operated) wrapped in plastic bag
- Batteries (left in original packages; replaced in years ending with 0, 3, or 7)
- 5 gallon buckets to be used as water carrier
- Water packets (2-per student)
- Toilet paper
- Hard hats- assembled and ready to use
- Blankets (4 wool, 5 space blankets)
- Large plastic tarps
- Sheets for medical use (slings) or to signal for specific help. (Sheets will be spread out on the lawn as needed. (Colored or labeled depicting triage type- Red/ Yellow/Green)

### TEACHER EMERGENCY KITS

Teacher Emergency Kits are located in each classroom. It is recommended they contain at least the following:

- Class lists (updated by the teacher as necessary) with a place for parent signatures when releasing students and to assist in the taking of roll.
- Student Accountability Forms
- List of Special Needs students and Medication(s) Information
- Disaster Emergency Cards (one for each student)
- Simple first aid supplies
- Orange/ ID arm band and name card with teacher's name to be worn by the teacher
- Copy of the Campus Response Plan and the District Disaster Plan (Cliff Notes/Summary of plan)
- Water - 2 packets per student
- Flashlight

- Work gloves
- 40 Plastic garbage bags to be used as rain gear
- Clip board
- Pens/pencils/permanent markers (at least one permanent marker to use for triaging student emergency needs)
- Pad of paper

Each employee should have a personal survival kit available at all times containing prescription medicines, extra eye glasses, change of clothes, toiletries, comfortable shoes, jacket and other necessary items.

#### FIRST AID KITS

School First Aid Kits are recommended to contain at least the following items:

- First aid manual
- Disposable gloves
- Face masks
- 3 triangular bandages
- 6 stretch gauze bandages
- 2 instant ice packs
- 1 after-burn treatment spray
- 2 packages long bandages
- 30 boxes sterile pads for small wounds (120 pads)
- 2 bottles liquid soap
- 6 bottles aspirin
- Hydrogen peroxide
- Paper towels
- Felt pens to identify injured children sent elsewhere for treatment. Write name on child's arm; non-water soluble
- Sheets
- Needle nose pliers for removal of glass
- 6 sanitary napkins (for severe bleeding)
- A zip lock bag containing:
  - 1 tube medicated ointment
  - 5 smelling salts (ammonia inhalant)
  - 2 rolls tape
  - Tweezers
  - Scissors

#### TOOL KIT(S)

The school Tool Kit(s) is recommended to contain at least the following items:

- Work gloves
- Goggles
- Flashlight (batteries in package)
- Lantern (batteries in box)
- Duct tape
- Masking tape
- Utility knives
- Hammer
- Blade screwdrivers (small, medium, large)
- Crowbar (a longer crowbar is stored in custodian's office)
- Waterproof matches
- Rope
- Nails
- Sheets (to signal for help)
- Spray paint (used to identify "Condition of Search" X)

- Radio
- Large shovel located in custodian's office

#### LIST OF STAFF WITH SPECIAL SKILLS

Each Central School Emergency Kit and each Teacher Emergency Kit will also contain a list of school staff members with specialized emergency skills. These include, but are not limited to:

- Medical or first aid experience
- Search and rescue experience
- Fire-fighting, chemical spill containment experience
- Communications equipment experience (indicate type)
- Emergency vehicle (indicate type)
- Multilingual Speakers

## Site Emergency Preparedness Plan

## **Campus Disturbances and Disruptions BP/AR 5131.4; BP/AR 3515.2**

MDUSD AR 5131.4

Campus Disturbances

Campus Disturbance Plan.

El Dorado Middle School follows Mt. Diablo Unified School District's Emergency Preparedness and Crisis Response Plan in dealing with campus disturbances and emergency such as chemical spills, bomb threats, school shootings, hostage situations, sniper attacks and an array of other potential terrorist activities in addition to the requirement of planning for natural disasters such as fires and earthquakes.

To minimize disruptions when school is in session, the office staff takes messages from phone calls for teachers or sends calls to their voice mail. All-calls over the school-wide intercom are limited to campus emergencies and necessary announcements during instructional times.

To ensure the safety of students and staff and avoid potential disruptions, all visitors shall register immediately in the main office of EL Dorado Middle School upon entering any school building or grounds when school is in session. Visitors include any person entering school premises except current students of the school, or staff members of the Mt. Diablo Unified School District.

All visitors and individuals are asked to maintain a safe and secure school environment by behaving in an orderly manner while on school grounds. In accordance with applicable law (E.C. 44811 & P.C. 627.7) , the principal or designee may request that any individual who is causing a disruption, including exhibiting volatile, hostile, aggressive, or offensive behavior, immediately leave school grounds.

See Appendix A

## **Access to School Campus by Visitors BP/AR 1250**

MDUSD BP 1250

Visitors/Outsiders

Visitor Registration Procedure:

### **VISITORS ON CAMPUS**

All visitors are required to sign in and obtain a visitor's pass in the main office of El Dorado Middle School. Parents are always welcome on campus as visitors and must sign in at the office and obtain a visitor's pass. School-age visitors are refused permission to visit. As a courtesy to our teachers, any planned classroom visitations must be arranged with the teachers and school administration 24 hours in advance or arranged directly with the individual classroom teacher. A visitor's contract that explicitly details EDMS visitor policies and procedures must be signed and on file.

### **PARENT VOLUNTEERS**

All parents must be fingerprinted to volunteer. Parent volunteers are appreciated and may be asked to assist in classrooms, the library, and on field trips.

See Appendix A

## **Procedures for Safe Ingress and Egress of Pupils, Parents, and Staff AR 0450**

Describe the procedures for safe passage when students and adults are entering and leaving school grounds. Identify your site's access points. Describe the utilization of campus supervisors, security personnel, and security equipment.  
Procedures for Safe Ingress and Egress of Pupils

### **DROP OFF AND PICK UP BY PRIVATE CAR:**

- School campus opens at 7:45 a.m. for breakfast for students.
- Students enter and exit through our front gate only.
- The bus loop in front of the school is for the school bus only.
- Private vehicles may use the Westwood Loop.
- Students are directed to walk on the sidewalk, not through the parking lots.
- The parking lot is for staff parking only (no official visitor parking).
- Parents may drop students off along West Street, avoiding the marked red zones.
- Many parents arrange to meet their students on the side streets adjacent to the school.

### **DROP OFF AND PICK UP BY SCHOOL BUS:**

- Only school buses drop students in front of the school by the bus loop.
- Students are dropped off along West Street by the crosswalk.
- Administrator/staff member supervises the front of the school during student drop off and pick up by school bus.

### **STUDENTS WALKING OR BIKING:**

- Students use the West Street sidewalk to go to and from the school. They are to walk through the front gate, not through the Staff Parking Lot or down the alley between Westwood Elementary School and EDMS.
- Students are asked to walk on the sidewalk and use the marked crosswalks in front of the school and along Mendocino Street. Students are reminded that "Jay Walking" is illegal, which can warrant a ticket.
- Students must not ride anything on campus.
- Bikes must be stored in the bike rack.
- Skateboards, rollerblades, and scooters must be stored in the bike rack or in a classroom.
- The school is not responsible for lost, stolen or broken items. Students are asked not to bring very valuable or important items.

See Appendix A

## **Students with Disabilities**

If you have not described them elsewhere in your safety plan, include adaptations for students with disabilities in accordance with the federal Americans with Disabilities Act of 1990 (42 U.S.C. SEC §. 12101 et seq.) for disaster procedures, routine and emergency.

Our school plan for a student with disabilities in accordance with the federal Americans with Disabilities Act of 1990. Students with disabilities are carefully monitored and assisted during disaster procedures and drills. Staff members are trained in assisting students with disabilities who are assigned to specific groups for assistance. Our campus is equipped with ramps in all entry and exit places with multi-levels. Students with high-level needs have one-on-one aides trained to assist them as needed.

## Opioid Prevention and Life-Saving Response Procedures

School Administrators, and staff volunteers, are trained annually to recognize symptoms of an overdose and administer Naloxone. All schools are provided with free Naloxone in the event of a suspected overdose.

Rescue steps include:

- Step 1: Checking for signs of overdose
  - o Loss of consciousness
  - o Fingernails or lips blue/ purplish black
  - o Can't rouse - unable to speak
  - o Face pale or clammy
  - o Limp body
  - o Vomiting
  - o Breathing/heartbeat slow or stopped
  - o Choking sounds or snore-like gurgling
- Step 2: Call 911
- Step 3: Administer Naloxone and rescue breathing
- Step 4: Monitor and administer Naloxone again, if necessary

Naloxone lasts for 30 to 90 minutes and may wear off before the effects of opioids wear off, resulting in another overdose. If possible, stay with the person for several hours to ensure they don't overdose again. If the person cannot walk and talk well after waking up, it is very important that they are taken to the hospital for additional medical support.

## Appendix A: Active Shooter Event Quick Reference Guide

### When law enforcement arrives:

- Remain calm and follow instructions
- Drop items in your hands (e.g., bags, jackets)
- Raise hands and spread fingers
- Keep hands visible at all times
- Avoid quick movements toward officers, such as holding on to them for safety
- Avoid pointing, screaming or yelling
- Do not ask questions when evacuating

### Information to provide to 911 operations:

- Location of the active shooter
- Number of shooters
- Physical description of shooters
- Number and type of weapons shooter has
- Number of potential victims at location

### For questions or additional assistance contact:

Your local law enforcement authorities or FBI Field office:  
1850 Gateway Blvd #1010, Concord, CA 94520 (925) 671-7330

Department of Homeland Security  
3801 Nebraska Ave, NW  
Washington, DC 20528

An “active shooter” is an individual who is engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearms(s) and there is no pattern or method to their selection of victims.

- Victims are selected at random
- Event is unpredictable and evolves quickly
- Knowing what to do can save lives

## ACTIVE SHOOTER EVENTS

When an Active Shooter is in your vicinity, you must be prepared both mentally and physically to deal with the situation.

### You have three options:

- Have an escape route and plan in mind
- Leave your belongings behind
- Evacuate regardless of whether others agree to follow
- Help others escape, if possible
- Do not attempt to move the wounded
- Prevent others from entering an area where the active shooter may be
- Keep your hands visible
- Call 911 when you are safe
  
- Hide in an area out of the shooter's view
- Lock door or block entry to your hiding place
- Silence your cell phone (including vibrate mode) and remain quiet

- Fight as a last resort and only when your life is in imminent danger
- Attempt to incapacitate the shooter
- Act with as much physical aggression as possible
- Improvise weapons or throw items at the active shooter
- Commit to your actions . . . your life depends on it

The first officers to arrive on scene will not stop to help the injured. Expect rescue teams to follow initial officers. These rescue teams will treat and remove injured.

Once you have reached a safe location, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave the area until law enforcement authorities have instructed you to do so.

## THREE STEPS TO PROTECT YOUR CHILD DURING EMERGENCIES IN THE SCHOOL DAY

**ASK** how you would be reunited with your child in an emergency or evacuation

**BRING** extra medications, special food, or supplies your child would need if you were separated overnight

**COMPLETE** a backpack card and tuck one in your child's backpack and your wallet

**ASK how you would be reunited with your child in an emergency or evacuation**

**How would you find your child if an emergency happened during the school day?**

If students had to evacuate, where should parents/guardians go for pick up?

How would the school notify you in the event of emergency?

**BRING extra medications, special food, or supplies your child would need if you were separated overnight**

**An emergency might require a sudden sleepover. Tell school administrators about any extra supplies your child may need to safely make it through a night away from home.**

What essential supplies would your child need if separated from you overnight? (Medications? Inhaler? Milk? Diapers? Battery pack for special equipment?)

Does the school have an emergency stockpile of these items? **Yes**X **No**

If your child has special medications, can extras be kept at the school? **Yes** **No**

What is the school policy for how and when medicine can be administered to your child?

## COMPLETE a backpack card and tuck one in your child's backpack and your wallet

**Emergencies are chaotic! Make sure your child or their school knows how to reach you, and who should be called if your phone isn't working.**

Complete an emergency contact card to make sure you and your child know how to get in touch quickly.

The Honorable Mayor Laura Hoffmeister  
Concord City Hall  
1950 Parkside Drive  
Concord, CA 94519

February 1, 2023

Dear Mayor Hoffmeister:

Each year California public schools are required to prepare and/or update a Comprehensive School Site Safety Plan per California Education Code Section 32286. The Comprehensive School Safety Plan shall include, but is not limited to, the following:

- Assessment of school crimes committed on school campuses and school related activities;
- Identification of appropriate strategies and programs that will ensure a high level of school safety;
- Child Abuse reporting procedures;
- Disaster procedures;
- Policies that lead to student suspension and/or expulsion;
- Procedures to notify teachers of dangerous students;
- Discrimination and Harassment policies;
- Provisions of a school-wide dress code that prohibits pupils from wearing gang related apparel;
- Procedures for safe ingress and egress of pupils;
- Assurance of a safe and orderly school environment conducive to learning;
- Rules and procedures regarding school discipline; and
- Hate crime reporting procedures.

Before the Comprehensive School Safety Plan is adopted, the School Site Council or the School Safety Planning Committee shall hold a public meeting at the school site in order to allow members of the community the opportunity to express an opinion about the school's safety plan. The School Site Council or the School Safety Planning Committee shall notify, in writing the following persons or entities, if available, of this public meeting:

- The local mayor
- A representative of the school employee organization(s);
- A representative of each parent organization at the school site, including the parent/teacher association and parent/teacher clubs;
- A representative of the student body government; and
- All persons who have indicated that they want to be invited.

**Attached please find a schedule of all MDUSD school site Safety Plan public hearings, with the meetings sorted by city and date of meeting.** You are encouraged to attend these meetings. The meetings are an excellent opportunity for you to become familiar with the schools' safety plans and to provide input.

Please contact the school's Safety Plan contact if you are planning to attend a meeting or if you have questions regarding this matter.

Dear MDEA, MDSPA, CST, CSEA, and Teamsters representatives:

Each year California public schools are required to prepare and/or update a Comprehensive School Site Safety Plan per California Education Code Section 32286. The Comprehensive School Safety Plan shall include, but is not limited to, the following:

- Assessment of school crimes committed on school campuses and school related activities;
- Identification of appropriate strategies and programs that will ensure a high level of school safety;
- Child Abuse reporting procedures;
- Disaster procedures;
- Policies that lead to student suspension and/or expulsion;
- Procedures to notify teachers of dangerous students;
- Discrimination and Harassment policies;
- Provisions of a school-wide dress code that prohibits pupils from wearing gang related apparel;
- Procedures for safe ingress and egress of pupils;
- Assurance of a safe and orderly school environment conducive to learning;
- Rules and procedures regarding school discipline; and
- Hate crime reporting procedures.

Before the Comprehensive School Safety Plan is adopted, the School Site Council or the School Safety Planning Committee shall hold a public meeting at the school site in order to allow members of the community the opportunity to express an opinion about the school's safety plan. The School Site Council or the School Safety Planning Committee shall notify, in writing the following persons or entities, if available, of this public meeting:

- The local mayor
- A representative of the school employee organization(s);
- A representative of each parent organization at the school site, including the parent/teacher association and parent/teacher clubs;
- A representative of the student body government; and
- All persons who have indicated that they want to be invited.
