- an amount equal to 5 percent to pay for transportation costs;
- an amount equal to 5 percent to provide supplemental education services;
- an amount equal to the remaining 10 percent for transportation or supplemental services or both as the agency determines.

- b) Maintain records that demonstrate the LEA has met the criteria in paragraph a, and has spent the remainder of its 20 percent obligation on other allowable activities, specifying the amount of that remainder.

If the LEA did not meet the criteria in paragraph a, the LEA must spend an amount equal to the remainder of the 20 percent obligation in the subsequent year in addition to its 20 percent obligation for that year on choice-related transportation costs, supplemental educational services, or parent outreach and assistance.

If all public schools served by the LEA to which a student may transfer are identified for program improvement, the LEA shall, to the extent practicable, establish a cooperative agreement with other local educational agencies in the area for transfer.

- c) Notify the SEA that the LEA -- (1) has met the criteria in paragraph a; and (2) intends to spend the remainder of its 20 percent obligation on other allowable activities, specifying the amount of that remainder.

In any case identified in years 1-5 above, and until the school exits PI status, if all public schools served by the LEA to which a student may transfer are identified as program improvement, the LEA shall to the extent practicable, establish a cooperative agreement with other local educational agencies in the area for transfer.
