- Being kind, being helpful, and working hard
- Communication/The “I” Message and Effective Apology
- Bullying in middle school
- Resolving conflict

Printed materials – distributed posters outlining material covered to each 6th grade core classroom. Kindness and Helpfulness project – each 6th grade student identified another PHMS 6th grader who could use their kindness or help. Criteria may include (but not limited to):

- Students who they saw being picked on or bullied on an ongoing basis
- Individuals who had few (if any) friends or were isolated or alone often
- Individuals who were dealing with something difficult in or outside of school

Students assigned the project came up with ways they could be kind or supportive to the chosen individuals and we discussed, in the classroom, how the project had gone and what they felt their impact of helpfulness had been.

Kindness recognition lunches – Held a series of 6th grade kindness nominations where the teachers or the students from each 6th grade class picked a student who they felt was kind or helpful in an outstanding way. Those students were honored at a lunch and with their names on an on-campus poster.

Small group support – Worked with students in small groups who had most frequently been:

- Bullied or teased
- Bullying or teasing others
- Involved in a conflict or misunderstanding
- Disrupting class time
- Having trouble academically (with focus or classroom dynamics)
- Dealing with social or emotional issues either at or outside of school

These small group meetings helped students who were struggling to use real life situations to practice some of the tools and skills that we had worked on in the classroom as well as establishing goals, practicing thoughtful problem solving and turning negative situations around.

Teaching, Implementing and Reinforcing School Climate Expectations

--Ideas that involve both Staff and All Students

1. 5-10 minute video that can be shown in the classroom. Video will feature short edited cuts of students and staff discussing what PHMS school climate means to them (what are their expectations for how we should conduct ourselves on campus? What is important to them about school climate and why?) These short video interviews would be shot in hallways, classrooms, lunchroom, etc. using an iPhone and edited together in an iMovie.

2. Make school climate expectations more visible – integrate Climate Committee expectations (whether that's "Be Kind, Be Helpful, Work Hard", or something else) into as many parts of Pleasant Hill Middle School as possible, including (but not limited to) printed materials, office passes, signs, etc.
 - Bright, visually pleasing posters
 - Visual prompts for school climate expectations. What do the words in our school climate expectations mean? How do they know when they are being kind or not? How do you work hard when something is truly difficult?

3. Ongoing classroom dialog – Class meetings/discussions/projects based around school climate.
 - School climate artwork that can be displayed on campus that is student generated
 - Thought experiment/writing assignment that has to do with aspects of school climate goals
 - Upper grade students spending time with 6th grade classes doing climate related projects, games or team building exercises
 - A school-wide competition designed to generate artwork for posters

4. More opportunities for students to interact with staff with a non-academic focus – possibly during lunch or after school, or even during normally scheduled classes.
 - Classroom swap: teachers swap classes or go out and do some kind of fun project with a group of student they wouldn't ordinarily come in contact with during the school year.

5. School year climate group – a group of students, staff, and possibly even parents or community members that meets during the school year to generate and implement school-climate related goals and plans.

BLANKET ADDITIONAL INSURED BY CONTRACT

This endorsement modifies insurance provided under the following:

BUSINESS LIABILITY COVERAGE FORM

Except as otherwise stated in this endorsement, the terms and conditions of the Policy apply.

A. The following is added to Section C. WHO IS AN INSURED:

Additional Insureds When Required By Written Contract, Written Agreement Or Permit

The person(s) or organization(s) identified in Paragraphs a. through f. below are additional insureds when you have agreed, in a written contract or written agreement, or when required by a written permit issued by a state or governmental agency or subdivision or political subdivision that such person or organization be added as an additional insured on your Coverage Part, provided the injury or damage occurs subsequent to the execution of the contract or agreement, or the issuance of the permit.

A person or organization is an additional insured under this provision only for that period of time required by the contract, agreement or permit.

However, no such person or organization is an additional insured under this provision if such person or organization is included as an additional insured by any other endorsement issued by us and made a part of this Coverage Part.

The insurance afforded to such additional insured will not be broader than that which you are required by the contract, agreement, or permit to provide for such additional insured.

The insurance afforded to such additional insured only applies to the extent permitted by law.

The limits of insurance that apply to additional insureds are described in Section D. **LIABILITY AND MEDICAL EXPENSES LIMITS OF INSURANCE**. How this insurance applies when other insurance is available to an additional insured is described in the Other Insurance Condition in Section E. **LIABILITY AND MEDICAL EXPENSES GENERAL CONDITIONS**.

a. Vendors

Any person(s) or organization(s) (referred to below as vendor), but only with respect to "bodily injury" or "property damage" arising out of "your products" which are distributed or sold in the regular course of the vendor's business and only if this Coverage Part provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard".

(1) The insurance afforded to the vendor is subject to the following additional exclusions:

This insurance does not apply to:

- (a) "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;
- (b) Any express warranty unauthorized by you;
- (c) Any physical or chemical change in the product made intentionally by the vendor;
- (d) Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;
- (e) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;
- (f) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;
- (g) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or

(h) "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:

(i) The exceptions contained in Paragraphs (d) or (f); or

(ii) Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.

(2) This insurance does not apply to any insured person or organization from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.

b. Lessors Of Equipment

(1) Any person or organization from whom you lease equipment; but only with respect to their liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your maintenance, operation or use of equipment leased to you by such person or organization.

(2) With respect to the insurance afforded to these additional insureds, this insurance does not apply to any "occurrence" which takes place after you cease to lease that equipment.

c. Lessors Of Land Or Premises

(1) Any person or organization from whom you lease land or premises, but only with respect to liability arising out of the ownership, maintenance or use of that part of the land or premises leased to you.

(2) With respect to the insurance afforded to these additional insureds, this insurance does not apply to:

(a) Any "occurrence" which takes place after you cease to lease that land or be a tenant in that premises; or

(b) Structural alterations, new construction or demolition operations performed by or on behalf of such person or organization.

d. Architects, Engineers Or Surveyors

(1) Any architect, engineer, or surveyor, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

(a) In connection with your premises;

(b) In the performance of your ongoing operations performed by you or on your behalf; or

(c) In connection with "your work" and included within the "products-completed operations hazard", but only if:

(i) The written contract, written agreement or permit requires you to provide such coverage to such additional insured; and

(ii) This Coverage Part provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard".

(2) With respect to the insurance afforded to these additional insureds, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or the failure to render any professional services, including:

(i) The preparing, approving, or failure to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders, designs or drawings and specifications; or

(ii) Supervisory, surveying, inspection, architectural or engineering activities.

This exclusion applies even if the claims allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by an insured, if the "bodily injury", "property damage", or "personal and advertising injury" arises out of the rendering of or the failure to render any professional service.

 - (a) "Bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the federal government, state or municipality; or
 - (b) "Bodily injury" or "property damage" included within the "products-completed operations hazard".

f. Any Other Party

- (1) Any other person or organization who is not in one of the categories or classes listed above in Paragraphs a. through e. above, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:
 - (a) In the performance of your ongoing operations performed by you or on your behalf;
 - (b) In connection with your premises owned by or rented to you; or
 - (c) In connection with "your work" and included within the "products-completed operations hazard", but only if:
 - (i) The written contract, written agreement or permit requires you to provide such coverage to such additional insured; and
 - (ii) This Coverage Part provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard".
- (2) With respect to the insurance afforded to these additional insureds, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

 - (a) The preparing, approving, or failure to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders, designs or drawings and specifications; or
 - (b) Supervisory, surveying, inspection, architectural or engineering activities.
