Chris

As previously stated in emails, the two heaters are in bad shape and need to be replaced, currently heater #1 is operating, however it is not in good shape. Heater 2 is considered junked due to the extent of the damage internally.  
Here is our bid for replacement of the two heaters.

Prices are per each heater.

**1 Heater : \$26,565.00**

**Shipping : \$ 1,256.00**

**Tax \$2,590.08**

**Additional Materials and services that are necessary for installation : \$ 1,595.23**

**Factory Startup commissioning, certification of warranty and code \$ 1,152.00**

**Labor for Installation \$ 2,400.00**

**Total for 1 heater \$ 35,558.31**

Not to exceed

Total per heater  $\$35,558.31 \times 2 = \$71,116.62$
