

PROPOSITION 30

This initiative measure is submitted to the people in accordance with the provisions of Section 8 of Article II of the California Constitution.

This initiative measure adds a section to the California Constitution; therefore, new provisions proposed to be added are printed in *italic type* to indicate that they are new.

PROPOSED LAW

THE SCHOOLS AND LOCAL PUBLIC SAFETY PROTECTION ACT OF 2012

SECTION 1. Title.

This measure shall be known and may be cited as “The Schools and Local Public Safety Protection Act of 2012.”

SEC. 2. Findings.

(a) Over the past four years alone, California has had to cut more than \$56 billion from education, police and fire protection, healthcare, and other critical state and local services. These funding cuts have forced teacher layoffs, increased school class sizes, increased college fees, reduced police protection, increased fire response times, exacerbated dangerous overcrowding in prisons, and substantially reduced oversight of parolees.

(b) These cuts in critical services have hurt California’s seniors, middle-class working families, children, college students, and small businesses the most. We cannot afford more cuts to education and the other services we need.

(c) After years of cuts and difficult choices, it is necessary to turn the state around. Raising new tax revenue is an investment in our future that will put California back on track for growth and success.

(d) The Schools and Local Public Safety Protection Act of 2012 will make California’s tax system more fair. With working families struggling while the wealthiest among us enjoy record income growth, it is only right to ask the wealthy to pay their fair share.

(e) The Schools and Local Public Safety Protection Act of 2012 raises the income tax on those at the highest end of the income scale — those who can most afford it. It also temporarily restores some sales taxes in effect last year, while keeping the overall sales tax rate lower than it was in early 2011.

(f) The new taxes in this measure are temporary. Under the California Constitution the 1/4-cent sales tax increase expires in four years, and the income tax increases for the wealthiest taxpayers end in seven years.

(g) The new tax revenue is guaranteed in the California Constitution to go directly to local school districts and community colleges. Cities and counties are guaranteed ongoing funding for public safety programs such as local police and child protective services. State money is freed up to help balance the budget and prevent even more devastating cuts to services for seniors, working families, and small businesses. Everyone benefits.

(h) To ensure these funds go where the voters intend, they are put in special accounts that the Legislature cannot touch. None of these new revenues can be spent on state bureaucracy

or administrative costs.

(i) These funds will be subject to an independent audit every year to ensure they are spent only for schools and public safety. Elected officials will be subject to prosecution and criminal penalties if they misuse the funds.

SEC. 3. Purpose and Intent.

(a) The chief purpose of this measure is to protect schools and local public safety by asking the wealthy to pay their fair share of taxes. This measure takes funds away from state control and places them in special accounts that are exclusively dedicated to schools and local public safety in the state Constitution.

(b) This measure builds on a broader state budget plan that has made billions of dollars in permanent cuts to state spending.

(c) The measure guarantees solid, reliable funding for schools, community colleges, and public safety while helping balance the budget and preventing further devastating cuts to services for seniors, middle-class working families, children, and small businesses.

(d) This measure gives constitutional protection to the shift of local public safety programs from state to local control and the shift of state revenues to local government to pay for those programs. It guarantees that schools are not harmed by providing even more funding than schools would have received without the shift.

(e) This measure guarantees that the new revenues it raises will be sent directly to school districts for classroom expenses, not administrative costs. This school funding cannot be suspended or withheld no matter what happens with the state budget.

(f) All revenues from this measure are subject to local audit every year, and audit by the independent Controller to ensure that they will be used only for schools and local public safety.

SEC. 4. Section 36 is added to Article XIII of the California Constitution, to read:

SEC. 36. (a) *For purposes of this section:*

(1) *“Public Safety Services” includes the following:*

(A) *Employing and training public safety officials, including law enforcement personnel, attorneys assigned to criminal proceedings, and court security staff.*

(B) *Managing local jails and providing housing, treatment, and services for, and supervision of, juvenile and adult offenders.*

(C) *Preventing child abuse, neglect, or exploitation; providing services to children and youth who are abused, neglected, or exploited, or who are at risk of abuse, neglect, or exploitation, and the families of those children; providing adoption services; and providing adult protective services.*

(D) *Providing mental health services to children and adults to reduce failure in school, harm to self or others, homelessness, and preventable incarceration or institutionalization.*

(E) *Preventing, treating, and providing recovery services for substance abuse.*

(2) *“2011 Realignment Legislation” means legislation enacted on or before September 30, 2012, to implement the state budget plan, that is entitled 2011 Realignment and provides for the assignment of Public Safety Services responsibilities to*

local agencies, including related reporting responsibilities. The legislation shall provide local agencies with maximum flexibility and control over the design, administration, and delivery of Public Safety Services consistent with federal law and funding requirements, as determined by the Legislature. However, 2011 Realignment Legislation shall include no new programs assigned to local agencies after January 1, 2012, except for the early periodic screening, diagnosis, and treatment (EPSDT) program and mental health managed care.

(b) (1) Except as provided in subdivision (d), commencing in the 2011–12 fiscal year and continuing thereafter, the following amounts shall be deposited into the Local Revenue Fund 2011, as established by Section 30025 of the Government Code, as follows:

(A) All revenues, less refunds, derived from the taxes described in Sections 6051.15 and 6201.15 of the Revenue and Taxation Code, as those sections read on July 1, 2011.

(B) All revenues, less refunds, derived from the vehicle license fees described in Section 11005 of the Revenue and Taxation Code, as that section read on July 1, 2011.

(2) On and after July 1, 2011, the revenues deposited pursuant to paragraph (1) shall not be considered General Fund revenues or proceeds of taxes for purposes of Section 8 of Article XVI of the California Constitution.

(c) (1) Funds deposited in the Local Revenue Fund 2011 are continuously appropriated exclusively to fund the provision of Public Safety Services by local agencies. Pending full implementation of the 2011 Realignment Legislation, funds may also be used to reimburse the State for program costs incurred in providing Public Safety Services on behalf of local agencies. The methodology for allocating funds shall be as specified in the 2011 Realignment Legislation.

(2) The county treasurer, city and county treasurer, or other appropriate official shall create a County Local Revenue Fund 2011 within the treasury of each county or city and county. The money in each County Local Revenue Fund 2011 shall be exclusively used to fund the provision of Public Safety Services by local agencies as specified by the 2011 Realignment Legislation.

(3) Notwithstanding Section 6 of Article XIII B, or any other constitutional provision, a mandate of a new program or higher level of service on a local agency imposed by the 2011 Realignment Legislation, or by any regulation adopted or any executive order or administrative directive issued to implement that legislation, shall not constitute a mandate requiring the State to provide a subvention of funds within the meaning of that section. Any requirement that a local agency comply with Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code, with respect to performing its Public Safety Services responsibilities, or any other matter, shall not be a reimbursable mandate under Section 6 of Article XIII B.

(4) (A) Legislation enacted after September 30, 2012, that has an overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation shall apply to local agencies only to the extent that the State provides annual funding for the cost increase. Local agencies shall not be obligated to provide

programs or levels of service required by legislation, described in this subparagraph, above the level for which funding has been provided.

(B) Regulations, executive orders, or administrative directives, implemented after October 9, 2011, that are not necessary to implement the 2011 Realignment Legislation, and that have an overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, shall apply to local agencies only to the extent that the State provides annual funding for the cost increase. Local agencies shall not be obligated to provide programs or levels of service pursuant to new regulations, executive orders, or administrative directives, described in this subparagraph, above the level for which funding has been provided.

(C) Any new program or higher level of service provided by local agencies, as described in subparagraphs (A) and (B), above the level for which funding has been provided, shall not require a subvention of funds by the State nor otherwise be subject to Section 6 of Article XIII B. This paragraph shall not apply to legislation currently exempt from subvention under paragraph (2) of subdivision (a) of Section 6 of Article XIII B as that paragraph read on January 2, 2011.

(D) The State shall not submit to the federal government any plans or waivers, or amendments to those plans or waivers, that have an overall effect of increasing the cost borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, except to the extent that the plans, waivers, or amendments are required by federal law, or the State provides annual funding for the cost increase.

(E) The State shall not be required to provide a subvention of funds pursuant to this paragraph for a mandate that is imposed by the State at the request of a local agency or to comply with federal law. State funds required by this paragraph shall be from a source other than those described in subdivisions (b) and (d), ad valorem property taxes, or the Social Services Subaccount of the Sales Tax Account of the Local Revenue Fund.

(5) (A) For programs described in subparagraphs (C) to (E), inclusive, of paragraph (1) of subdivision (a) and included in the 2011 Realignment Legislation, if there are subsequent changes in federal statutes or regulations that alter the conditions under which federal matching funds as described in the 2011 Realignment Legislation are obtained, and have the overall effect of increasing the costs incurred by a local agency, the State shall annually provide at least 50 percent of the nonfederal share of those costs as determined by the State.

(B) When the State is a party to any complaint brought in a federal judicial or administrative proceeding that involves one or more of the programs described in subparagraphs (C) to (E), inclusive, of paragraph (1) of subdivision (a) and included in the 2011 Realignment Legislation, and there is a settlement or judicial or administrative order that imposes a cost in the form of a monetary penalty or has the overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, the State shall annually provide at least 50 percent of the nonfederal share of those costs as determined by the State. Payment by the

State is not required if the State determines that the settlement or order relates to one or more local agencies failing to perform a ministerial duty, failing to perform a legal obligation in good faith, or acting in a negligent or reckless manner.

(C) The state funds provided in this paragraph shall be from funding sources other than those described in subdivisions (b) and (d), ad valorem property taxes, or the Social Services Subaccount of the Sales Tax Account of the Local Revenue Fund.

(6) If the State or a local agency fails to perform a duty or obligation under this section or under the 2011 Realignment Legislation, an appropriate party may seek judicial relief. These proceedings shall have priority over all other civil matters.

(7) The funds deposited into a County Local Revenue Fund 2011 shall be spent in a manner designed to maintain the State's eligibility for federal matching funds, and to ensure compliance by the State with applicable federal standards governing the State's provision of Public Safety Services.

(8) The funds deposited into a County Local Revenue Fund 2011 shall not be used by local agencies to supplant other funding for Public Safety Services.

(d) If the taxes described in subdivision (b) are reduced or cease to be operative, the State shall annually provide moneys to the Local Revenue Fund 2011 in an amount equal to or greater than the aggregate amount that otherwise would have been provided by the taxes described in subdivision (b). The method for determining that amount shall be described in the 2011 Realignment Legislation, and the State shall be obligated to provide that amount for so long as the local agencies are required to perform the Public Safety Services responsibilities assigned by the 2011 Realignment Legislation. If the State fails to annually appropriate that amount, the Controller shall transfer that amount from the General Fund in pro rata monthly shares to the Local Revenue Fund 2011. Thereafter, the Controller shall disburse these amounts to local agencies in the manner directed by the 2011 Realignment Legislation. The state obligations under this subdivision shall have a lower priority claim to General Fund money than the first priority for money to be set apart under Section 8 of Article XVI and the second priority to pay voter-approved debts and liabilities described in Section 1 of Article XVI.

(e) (1) To ensure that public education is not harmed in the process of providing critical protection to local Public Safety Services, the Education Protection Account is hereby created in the General Fund to receive and disburse the revenues derived from the incremental increases in taxes imposed by this section, as specified in subdivision (f).

(2) (A) Before June 30, 2013, and before June 30 of each year from 2014 to 2018, inclusive, the Director of Finance shall estimate the total amount of additional revenues, less refunds, that will be derived from the incremental increases in tax rates made in subdivision (f) that will be available for transfer into the Education Protection Account during the next fiscal year. The Director of Finance shall make the same estimate by January 10, 2013, for additional revenues, less refunds, that will be received by the end of the 2012–13 fiscal year.

(B) During the last 10 days of the quarter of each of the first

three quarters of each fiscal year from 2013–14 to 2018–19, inclusive, the Controller shall transfer into the Education Protection Account one-fourth of the total amount estimated pursuant to subparagraph (A) for that fiscal year, except as this amount may be adjusted pursuant to subparagraph (D).

(C) In each of the fiscal years from 2012–13 to 2020–21, inclusive, the Director of Finance shall calculate an adjustment to the Education Protection Account, as specified by subparagraph (D), by adding together the following amounts, as applicable:

(i) In the last quarter of each fiscal year from 2012–13 to 2018–19, inclusive, the Director of Finance shall recalculate the estimate made for the fiscal year pursuant to subparagraph (A), and shall subtract from this updated estimate the amounts previously transferred to the Education Protection Account for that fiscal year.

(ii) In June 2015 and in every June from 2016 to 2021, inclusive, the Director of Finance shall make a final determination of the amount of additional revenues, less refunds, derived from the incremental increases in tax rates made in subdivision (f) for the fiscal year ending two years prior. The amount of the updated estimate calculated in clause (i) for the fiscal year ending two years prior shall be subtracted from the amount of this final determination.

(D) If the sum determined pursuant to subparagraph (C) is positive, the Controller shall transfer an amount equal to that sum into the Education Protection Account within 10 days preceding the end of the fiscal year. If that amount is negative, the Controller shall suspend or reduce subsequent quarterly transfers, if any, to the Education Protection Account until the total reduction equals the negative amount herein described. For purposes of any calculation made pursuant to clause (i) of subparagraph (C), the amount of a quarterly transfer shall not be modified to reflect any suspension or reduction made pursuant to this subparagraph.

(3) All moneys in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools, and community college districts as set forth in this paragraph.

(A) Eleven percent of the moneys appropriated pursuant to this paragraph shall be allocated quarterly by the Board of Governors of the California Community Colleges to community college districts to provide general purpose funding to community college districts in proportion to the amounts determined pursuant to Section 84750.5 of the Education Code, as that code section read upon voter approval of this section. The allocations calculated pursuant to this subparagraph shall be offset by the amounts specified in subdivisions (a), (c), and (d) of Section 84751 of the Education Code, as that section read upon voter approval of this section, that are in excess of the amounts calculated pursuant to Section 84750.5 of the Education Code, as that section read upon voter approval of this section, provided that no community college district shall receive less than one hundred dollars (\$100) per full time equivalent student.

(B) Eighty-nine percent of the moneys appropriated pursuant to this paragraph shall be allocated quarterly by the Superintendent of Public Instruction to provide general purpose

funding to school districts, county offices of education, and state general-purpose funding to charter schools in proportion to the revenue limits calculated pursuant to Sections 2558 and 42238 of the Education Code and the amounts calculated pursuant to Section 47633 of the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read upon voter approval of this section. The amounts so calculated shall be offset by the amounts specified in subdivision (c) of Section 2558 of, paragraphs (1) through (7) of subdivision (h) of Section 42238 of, and Section 47635 of, the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read upon voter approval of this section, that are in excess of the amounts calculated pursuant to Sections 2558, 42238, and 47633 of the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read upon voter approval of this section, provided that no school district, county office of education, or charter school shall receive less than two hundred dollars (\$200) per unit of average daily attendance.

(4) This subdivision is self-executing and requires no legislative action to take effect. Distribution of the moneys in the Education Protection Account by the Board of Governors of the California Community Colleges and the Superintendent of Public Instruction shall not be delayed or otherwise affected by failure of the Legislature and Governor to enact an annual budget bill pursuant to Section 12 of Article IV, by invocation of paragraph (h) of Section 8 of Article XVI, or by any other action or failure to act by the Legislature or Governor.

(5) Notwithstanding any other provision of law, the moneys deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government.

(6) A community college district, county office of education, school district, or charter school shall have sole authority to determine how the moneys received from the Education Protection Account are spent in the school or schools within its jurisdiction, provided, however, that the appropriate governing board or body shall make these spending determinations in open session of a public meeting of the governing board or body and shall not use any of the funds from the Education Protection Account for salaries or benefits of administrators or any other administrative costs. Each community college district, county office of education, school district, and charter school shall annually publish on its Internet Web site an accounting of how much money was received from the Education Protection Account and how that money was spent.

(7) The annual independent financial and compliance audit required of community college districts, county offices of education, school districts, and charter schools shall, in addition to all other requirements of law, ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by this section. Expenses incurred by those entities to comply with the additional audit requirement of this section may be paid with funding from the Education Protection Account, and shall not be considered administrative costs for purposes of this section.

(8) Revenues, less refunds, derived pursuant to subdivision (f) for deposit in the Education Protection Account pursuant to this section shall be deemed “General Fund revenues,” “General Fund proceeds of taxes,” and “moneys to be applied by the State for the support of school districts and community college districts” for purposes of Section 8 of Article XVI.

(f) (1) (A) In addition to the taxes imposed by Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code, for the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers at the rate of 1/4 percent of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in this State on and after January 1, 2013, and before January 1, 2017.

(B) In addition to the taxes imposed by Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code, an excise tax is hereby imposed on the storage, use, or other consumption in this State of tangible personal property purchased from any retailer on and after January 1, 2013, and before January 1, 2017, for storage, use, or other consumption in this state at the rate of 1/4 percent of the sales price of the property.
