Comprehensive School Safety Plan

LEA: Mt. Diablo Unified School District
School: Olympic Continuation High School

CDS: 07-61754-0734764

Principal: Courtney Lyon

Contact Person: Principal

E-mail Address: lyonc@mdusd.org

Phone Number: (925) 687-0363

School Year: 2023-2024

Public Hearing Date(s): February 22, 2024

X The school certifies completion of this safety plan.

School Site Council Approval: February 27, 2024

Board of Education Approval:

Introduction

The Comprehensive School Safety Plan shall be used to provide details regarding each school's strategies, programs and procedures to support a safe school environment. The California Education Code sections **32280-32289** outline the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school. Requirements are:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The information contained in a school's safety plan may be supplemented by information not specified in the California Education Code sections **32280-32289**.

School's Vision Statement EC 32282 (a)(2)(H)

Vision Statement

Olympic is committed to developing students who will realize their full potential, value others as well as themselves, and who have the competence and agency to make decisions that will have a positive impact on their communities.

Our Purpose:

We value non-traditional measures including; job acquisition, reductions of "at-risk" behaviors, self-esteem/agency, and community cultural wealth

We value trauma informed practices that enhance emotional safety with priority access to counseling and mental health services.

We connect school experiences to future expectations and expose students to a wide variety of career and educational opportunities.

We develop students who think critically, problem solve, accept responsibility, and learn how to make appropriate decisions in a supportive and challenging environment.

We believe students learn in different ways and shall be provided with a variety of instructional approaches to support their learning.

Graduate students are prepared to work, serve, succeed, and compete in an ever-changing world.

Meeting agendas, sign in sheets and minutes for all meetings listed on this log are maintained at the school as evidence of compliance.

Complete texts of Board Policies (BP) and Administrative Regulations (AR) are accessed via the District website. www.MDUSD.org.

School Climate

Current Status of School Crime

Each school is required to assess the current status of school crime committed on the school campus and at school-related functions. You may accomplish this by reviewing the following type of information: Local law enforcement crime data; suspension/expulsion data; behavior referrals; counseling referrals; attendance rates; SART/SARB data; CHK Survey data; SPSA data; property damage/vandalism data; or any other data pertinent to your assessment.

Data Source	2020-21	2021-22	2022-23	2023-24
Suspensions (number of incidents)	1	41	49	35
- Violence	1	7	15	16
- Tobacco	0	0	3	0
- Drugs/Alcohol	0	2	5	11
- Weapons	0	0	1	5
Expulsions	0	0	0	3
Attendance, general ed. (%)	76.28%	78.52	74.34%	81.26%
Attendance, special ed. (%)				80.22%
SART (number of referrals)	172	207	219	134
SARB (number of referrals)	31	57	32	36

SARB (number referred to Court)	0	0	0	33
SST (number referrals)	3	16	9	11
Coordinated Care Team (number of referrals)	64	103	113	146
Positive Behavior Team Referrals	0	0	0	0
Vandalism Reports	0	5	4	6

Assessment of the Current Status of School Crime EC 32282(a)(1) Assessment of the Current Status of School Crime EC 32282(a)(1) with Parent, Teacher, and Student Input

Your assessment conclusions should reflect input from staff, students, parents and community members, as appropriate. CONCLUSIONS FROM DATA

Attendance:

Issues on campus are addressed by the administrators, counselors, behavioral health specialists, school psychologist, campus supervisors, and teachers. Attendance and chronic absenteeism continue to be a focus at Olympic. The SART/SARB process remains a vital part of the attendance improvement plan in the district as well as Olympic High School. The administration at Olympic has worked closely with the district, Child Welfare and Attendance liaison, and the Olympic attendance secretary to update, improve, and streamline the SART process on campus. The goal is to help students improve their attendance and prevent them from moving further along in the SARB process.

SART meetings are conducted on a regular basis on the Olympic High School campus. The Vice Principal and CWA liaison also meet individually with students and their parents that can not/do not show for their scheduled SART meeting. If a parent and student miss the meeting, the Vice Principal or CWA liaison will attempt to call the parent and hold a meeting (in person or via zoom) or phone conference to discuss their student's attendance and inform them of the next steps in the SART/SARB process. They will also work to pull the student out of class when they are next in attendance to discuss their overall attendance and how they may be able to improve the attendance.

Various resources are available and can be offered to both student and parent in an effort to improve the students overall attendance. Olympic continues to utilize various strategies in addition to the SART/SARB process to help increase attendance for students including adjusted schedules and an Independent Study Program. Students who struggle to get to school for various reasons such as work can apply for the Olympic Independent Study Program. This program allows students to meet a teacher once a week to get instruction, receive work, turn in completed work, and take any tests or exams needed. Students on Independent Study can return to in school classes at any time throughout the year.

Advisory

Olympic continues to use advisory class as a way to help teachers connect with students, build community, and help students in any way they may need. All students are enrolled in a 4th period advisory class which meets every Wednesday. Lessons given during the advisory course include Grad Status Reviews (these are completed each term), Social Emotional Lessons, Career and College Readiness, Leadership Activities, and Community Building Activities. The administration and staff continue to assess the effectiveness of the advisory class to ensure we are utilizing the time to the best of our ability. We are currently looking at other possible ways advisory can be used to best benefit the students and their goal of earning a high school diploma.

Suspension Data:

The Olympic Administration continues to refine their discipline strategies in order to provide increased alternatives to suspension, embedded procedures for restorative conferencing, and ongoing analysis of discipline data. We continue to work on alternative means of correction rather than suspending students. Campus safety remains a top priority and implementation of practices and procedures that increase awareness and focus on prevention are key. Ongoing and transparent communication between administration, staff, students and surrounding community will continue and remain a key focus area.

Olympic has seen a shift in the discipline this year. We believe this shift has been greatly affected by the new cell phone policy. Olympic High now uses Yondr bags to prevent students from using their cell phones throughout the day. Students are assigned a Yondr bag which they are responsible for bringing to school everyday. Prior to the start of 1st period students must place their cell phone on their Yondr bag and lock the Yondr bag. They are now allowed to unlock the bag until they leave for the remainder of the day. The students keep their Yondr bags in their possession and unlock the bags as they leave campus. So far we have had zero fights on campus. There have been incidents of near fights or threats of fights but the administration and staff have been able to work with students to help ensure these incidents do not escalate to physical fights. We believe we have been able to do this partly because students can no longer pull out their phones to record fights or access their social media to instigate further problems between students which are already escalated. The discipline data appears to support this assumption.

Another positive effect of the Yondr bags is an increase in the number of credits students are earning. So far this year we have seen an increase each term in the average amount of credits earned by students. We believe the Yondr bags have allowed students to better focus on their classwork and cause less of a distraction which in turn leads to an increase in earned credits. The data collected shows the following:

Term 1- Average credits increased from 6.88 to 7.67

Term 2- Average credits increased from 6.39 to 8.43

Term 3- Average credits increased from 6.04 to 8.01

Term 4- Average credits increased from 7.94 to 8.43

Some parents have expressed a concern about their ability to contact their student in an emergency. The administration addresses these concerns with the parent and reminds them that they can always call the school if they need to get in touch with their student. In the case of a school wide emergency (i.e active shooter) parents are reminded that best practice is for students to stay off their phones so they can be more aware of their surroundings but if needed the bags are made of cloth and be cut with a pair of scissors if absolutely necessary. The majority of parents have been very supportive of the program and have offered their praise.

Although there have been a number of challenges posed by the use of the Yondr bags (i.e. and increase in defiance, profanity, classroom behavior, etc) the administration works to develop policies and practices to address these new challenges and strongly believes the Yondr bag program has been a great success.

School Safety Practices

School safety practices and procedures are reviewed annually by the administration. The administration continues to look for resources and trainings to help ensure the safety of students, staff, and campus in general. The administration has recommended the school look into a more comprehensive First Aid and Triage training that can be offered to key staff on campus.

The administration has sent out a survey to gather data on what type of training staff currently have and what additional training can be offered to the staff as a whole.

Parent Involvement

Parent involvement continues to be a challenge (especially for adult students who do not have positive relationships with their parents). Olympic continues to work with district resources, such as Foster Youth Services, the HOPE program, and the YES program to assist students with the various issues they deal with in their daily lives. Olympic serves a large number of homeless, foster youth, English Learners and low-socioeconomic status that often experience trauma at a much higher rate and therefore need additional counseling, college and career guidance, academic guidance, case management and therapy services in order to access school in general.

The administration continues to search for additional trainings and resources that will assist school staff in working with our at risk population.

College and Career Center

The Counseling and Career Center continues to be a vital part of Olympic High School. Olympic currently has 2 academic counselors and 1 Career and College Advisor housed in the College and Career Center Due to the at-risk student population served at Olympic, and the students being the lowest achieving students in the district, having embedded mental health supports and systems is crucial to these students accessing the curriculum and raising overall academic achievement. The Counseling and Career Center provides a safe space for students to meet to talk about career and college, as well as mental health counselors.

This year Olympic was able to add a Wellness Center. The Wellness Center provides support for students needing a mental health break or some additional counseling services. We currently have one full time Social Work Specialist and one Social Work Intern to provide services for students when needed. The Wellness Center is currently housed in Room 45 but a plan has been developed to move the Wellness Center to room 17. This would place it next door to the College and Career Center and enable better opportunities for all counselors and advisors to work collaboratively to help students.

CONCLUSIONS FROM STAKEHOLDER INPUT

Economic problems and childhood trauma continue to add stress in students' homes and school lives. As an alternative education program, Olympic staff provides learning and socialization opportunities that are student centered and promote self-esteem. Discipline on the Olympic campus is an integral part of the educational process. The focus is on teaching students to make responsible choices. Campus expectations are simple and designed to emphasize specific areas of concern. Teachers are encouraged to work with students in the classroom in regards to discipline issues prior to involvement of the administration.

Vaping and the use of vaping products is a major concern for the administration. School bathroom policies continue to be reviewed and revised in an effort to reduce the amount of vaping that occurs on campus. Further training for the administration and school staff on social media and vaping would be beneficial. The administration looked into the possibility of getting Vape Detectors for the bathrooms but the cost was too high and was they were not a viable option at this time. We will continue to look at other opportunities to address this issue throughout campus.

Student Engagement

To increase student engagement in school and to foster a sense of community, students will participate in a variety of school programs to include music production, service learning, and leadership.

Music Studio

The music studio continues to be a popular program at Olympic High School. The studio is used as an incentive for students to improve attendance and make satisfactory progress towards graduation by requiring students maintain positive attendance (80% or better for two weeks), reduce tardies, complete classwork prior to using the music studio, and maintain positive discipline. Students must sign up on a weekly basis to use the studio and their progress is closely monitored to ensure they are meeting the requirements to continue use of the studio. The music studio is currently open every Friday during 5th and 6th period.

Service Learning

The Service Learning program has been a staple at Olympic High School for many years. It allows students to earn elective credits by working at a local elementary school assisting in the office, cafeteria, and most often in the classroom as a teacher's aide. Students earn elective credit for their time volunteering at the schools and English credit for completing a written journal for the program.

Leadership Class:

The Leadership class has taken an active role on campus. They have organized various school wide events and promoted a sense of community among students and staff alike. This year has been more difficult for the leadership class to organize school events due to the COVID 19 pandemic.. Despite the challenges the leadership class has faced it has organized the following events and activities:

Ice Cream Social (welcome back to school)
Senior breakfast
Holiday Feast
Oly Day
Prom
Lunchtime Games
Advisory Lessons
Blood Drive
Staff Recognition- Appreciation Weeks.
School Spirit Weeks

Describe the guidelines for the roles and responsibilities of mental health professionals, community intervention professionals, counselors, school resource officers and police officers on your campus.

Mental Health Professionals - All programs located on Olympic's campus (Olympic and Alliance Program) have mental health professionals who see Medi-Cal students. Referrals are made to the Counseling Clinic in the district as well. Alliance has an extensive staff of Behavioral Health Specialists. Each student in the program receives 1 hour a week counseling at a minimum and has an assigned BHS worker.

Community Intervention Specialists - Adam Ling, Child Welfare and Attendance Specialist, has an office on campus and is assigned to Olympic High School. He makes home visits upon request and is heavily involved in SART/SARB.

Counselors - Olympic/Alliance have two Academic Counselors. Olympic counselors have established a google classroom for the Counseling and Career Center. Students can request appointments with their counselors via a QR code. Counselors meet with students in person and occasionally online. Counselors follow all recommended precautions and safety guidelines when in person meetings are held.

College and Career Counselor- Olympic High School has one College and Career Counselor. He is located in the Career Center in room 16. He meets with students and counsels them on careers, colleges, vocational school, internships, apprenticeships, financial aid, etc. He is on campus every day.

See Appendix A

Ensuring a Safe and Orderly Environment AR 0450 Component I: The Social Climate, People, and Programs

Identify proposed changes to or the addition of curriculum, strategies and programs that ensure a safe and orderly environment.

Goal #1:

Maintaining a safe and respectful school that encourages student involvement

	Component I The Social Climate People and Programs	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
			Activities

Activities				

School-wide Dress Code BP/AR 5132

MDUSD BP 5132
Dress and Grooming

School Dress Code

Olympic High School students and staff take great pride in our community and the diversity that exists within it. Olympic strives to be a safe and positive learning environment which requires students and staff to dress for success!

Oly believes that students should be given as much choice as possible in how they dress for school. We believe students should be comfortable at school and be allowed to express themselves; however we do believe that students should dress safely and appropriately for an academic setting.

Basic Principle: Certain body parts must always be covered for all students and staff. Clothes must be worn in such a way that private parts and buttocks are covered with solid (not see-thru) material. All items in the categories below must meet that principle.

Students must wear:

Shirt

Bottom: pants/sweatpants/shorts/skirt/leggings/dress

Shoes: activity specific shoe requirements are permitted (sports, PE)

Students may wear:

Hats, including religious headwear

Hoodie sweatshirts

Pajamas

Ripped jeans as long as underwear is not exposed

Tank tops

Clothing with commercial or athletic logos provided they do not violate #4 below

Students cannot wear:

Violent images or languages

Any style or color of clothing, or display hats, belts, bandanas, paraphernalia that suggests any gang affiliation Images or language depicting drugs, alcohol or any other illegal item or activity

Hate speech, profanity, pornography

Images that create a hostile or intimidating environment based on a protected class

Visible underwear, including bralettes (Exception: Visible waistbands or straps/undergarments worn under other clothing are not a violation)

See Appendix A

School Discipline, Rules and Consequences BP 5131; BP 5144

MDUSD BP 5131

Conduct

School, Discipline, Program, Rules and Consequences.

Olympic High School has a support call system in place which allows teachers to handle discipline in the classroom. When a support call is made an administrator responds to the classroom and attempts to return the student to class. If the student cannot be returned to the classroom for any reason the administrator escorts the student to the main office where they decide what the next step will be. This can include counseling, detention, parent conference, teacher conference, or any number of other means of correction. The administrator documents the incident in AERIES and calls the parent/guardian of the student to inform them of the situation. Teachers who call for a support call also document the incident in AERIES and are required to call parent/guardian as well to ensure that any questions or concerns on the parent/guardians part are addressed.

For any major incident on campus (i.e fight, drugs/alcohol, etc.) administrators refer to the district discipline matrix.

Any student suspended for two or more days is required to participate in a re-entry meeting to help ensure a smooth transition back into school and the classroom.

Please see MDUSD Discipline Matrix (draft)

See Appendix A

General Emergency Preparedness

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

Purpose of the Plan

This response plan is designed to assist school staff, students, parents and local agencies organize resources of the school and community to respond to a crisis situation while school is in session.

Regulatory Authority

State laws and regulations require school districts develop emergency plans and train staff in emergency response procedures. These include laws applicable to school staff and students as well as Cal/OSHA regulations specifically addressing the safety of district employees.

The Katz Act [California Education Code, §35295-35297] requires schools plan for earthquakes and other emergencies. It also requires training in earthquake preparedness procedures for both certificated and classified staff.

The Petris Bill [Government Code, §8607] requires school districts be prepared to utilize the Standardized Emergency Management System (SEMS) when responding to emergencies. This requires that principles of SEMS are incorporated in District plans; that the Incident Command System (ICS) are used at school sites; that all school personnel are trained in how the respective systems work and correlate; and that schools have drills and exercises in order to practice using the systems.

This plan is designed and structured to ensure compliance with the mandates of state law as well as with Cal/OSHA's Emergency Action Plan Standard Title 8, California Code of Regulations §3220. This regulation requires each employer facility have an Emergency Action Plan which focuses on specific emergency contingencies, response personnel roles, and evacuation plans of each employer's site where employees work. Schools and school districts are included in this mandate.

School Site Emergency Preparedness and Response Coordination

Each principal shall supervise the planning, operating and testing of their respective school's Emergency Preparedness and Crisis Response Plan. Each principal will also ensure that all school staff and students are familiar with the basic elements of the District's Emergency Operations Plan, which will be utilized at the district office in the event of a major emergency or district-wide disaster. The principal must ensure that the Incident Command System are utilized by all staff personnel in the event of an emergency incident and shall serve as the Incident Commander at all school crises or emergencies.

Campus and Facility Site Preparedness Duties

This school and the District have designated specific persons to assume emergency position responsibilities in the event of a site emergency or District-wide disaster. The following information provides a breakdown of these responsibilities:

All School Staff:

- Become familiar with the school's emergency and evacuation procedures.
- Participate in First Aid and CPR training, as appropriate.

Annually each principal shall:

- Designate Staff Incident Command Structure Assignments.
- Update this site Emergency Preparedness and Crisis Response Plan.
- Ensure personnel are properly trained in their respective assignments.
- Conduct survey of personnel to determine CPR/First Aid/Disaster Preparedness/Medical Training.
- Survey parents to determine who may wish to volunteer during an extended emergency or disaster.
- Ensure needs of students and staff with disabilities are provided for in the event of an emergency.
- Designate primary and alternate locations for command post, evacuation, first aid, student release, and morgue.
- See that parents are informed of the plan and its effect upon students.
- Compile/maintain list of local emergency agencies including telephone numbers and addresses.
- Practice building evacuation plans including testing of warning systems, alarm signals, and communications methods.
- With Maintenance and Operations, complete a site and building hazard survey.
- Ensure all emergency equipment and supplies are in usable condition at all times.

Teachers:

- Teachers are responsible for the supervision of students in their charge.
- Understand emergency response procedures.
- Have planned activities for use during disasters to lessen possible tension.

School Office Managers or Designee:

- Organize and maintain the emergency first aid supplies and distribute back-up supplies.
- Assist principal in developing procedures to protect essential records.
- Ensure battery-operated AM/FM radio is available in working condition; know the call number and frequency of disaster information station.
- Maintain an up-to-date list of students and staff who require life sustaining medication.

School Custodians or designee:

- Assist principal in planning control procedures for different types of building damage.
- Routinely check that battery-operated equipment is in working condition.

CRISIS/EMERGENCY INCIDENT RESPONSE SYSTEM

Crisis Response

The primary goals of crisis response are to:

- Prevent a potentially chaotic situation from escalating into a catastrophic event.
- Help those affected to return, as quickly as possible, to a normal level of functioning.

Decrease the potential long-term effects of the crisis.

Incident Command System (ICS)

The Incident Command System is an emergency response system used to manage an emergency incident at a specific facility or site. The ICS, as designated by the MDUSD, will be used by this school as the formal emergency response structure. This is in contrast to the Standardized Emergency Management System (SEMS) which is used to manage resources at a district-wide level.

The organization of the Incident Command System is based on five major management functions or sections, which are also utilized in the SEMS response structure:

- · Command (Management) Team Provides overall direction of response at the school site
- Operations Team- Supports on-scene response at school site
- Planning Team- Collects, evaluates and documents information about the incident
- Logistics Team Provides services, personnel and supplies in support of incident response
- Finance Team Provides financial tracking, procurement and cost accounting of incident response

COMMAND AND ORGANIZATION DURING A CRISIS

Foundations of Crisis Response

The primary foundation for any emergency or crisis response system is to ensure, as much as is humanly possible, the application of the three C's at all times.

These three C's are:

- **Control** Control is the cornerstone of every crisis/emergency response. In emergency response this is initiated and maintained through the effective use of the Incident Command System.
- **Communication** Communication is essential to maintaining effective coordination of all response actions. Ongoing communication is must be maintained between response persons, school staff, and the command team.
- **Coordination** Coordination is essential to ensure that the most effective and appropriate response actions are used throughout a response operation. Proper utilization of the Incident Command System will ensure that all response operations are coordinated from a central point and that no response action is taken at cross purposes to any other.

CHAIN OF COMMAND

An appropriate Incident Command System will be utilized during all school emergencies. This will facilitate the maintenance of effective control and coordination at campus emergencies.

In the event of a crisis, the principal will act as the Incident Commander at all school emergencies and is responsible for initiating and carrying out any emergency actions as required. The principal directs the ICS Team members and other school staff in the implementation of the response actions through the assignment of appropriate duties. If the principal/site administrator is not present, or cannot assume control for any other reason, the Chain of Command is as follows:

Incident Commander (Principal/Site Administrator)	Courtney Lyon/Courtney Lyon, Principal
IC Alternate #1	Rick Correa
IC Alternate #2	Claudia Rodriguez
IC Alternate #3	Coleen Martin

INCIDENT COMMAND SYSTEM (ICS)

During campus emergencies, designated school staff function within the Incident Command System until the arrival of outside response personnel. Upon arrival of outside response agencies, the Incident Commander will turn over command of the incident to

the ranking response person. The school Incident Commander will document the time of the relinquishing of command and will remain at the Incident Command Post as part of a unified command structure.

The school will coordinate activities with the District Office during a major emergency or disaster. As deemed necessary by the principal or other person acting as the Incident Commander, resource requests will be made by the campus Logistics Team Leader directly to the District Office. All requests for initial emergency assistance will be made to the local emergency response agencies.

Note: Not all members of the ICS will be activated at every emergency. Decisions as to the extent of the response and staff activation will be made by the Incident Commander at the initiation of the response. School staff designated as the primary person for each position is shown following each position title.

SECTION CHIEFS

Incident Commander: Courtney Lyon, Principal

Provides overall direction of response at school site; determines level of staffing; communicates with local public safety and District Office

Communicate and coordinate with Section Chiefs

Release teachers according to school's first opportunity release.

Account for the presence of all students and staff as reported by Assembly/Shelter and Care Officer

Direct the evacuation of the building, if necessary, using prescribed procedures for emergency type and safest evacuation location.

Public Information Officer: Courtney Lyon or District Level Designee

Media liaison, official spokesperson for school; coordinates information for parent community

Ensures parents and guardians are notified as soon as possible of seriously injured children transported to hospital or other emergency treatment centers.

Reports to Incident Commander

Disaster Response Officer: Rick Correa, Vice Principal

Ensures activities are conducted in safe manner, assures safety of personnel (staff, students, volunteers and responders)

Reports to Incident Commander

Agency Liaison: Coleen Martin, Administrator

Assists in establishing and coordinating outside agencies that provide services or resources

Serve as the principal's chief communication agent between school site and District Emergency Operations Center.

Keep principal informed regarding District directives, injury reports, damage reports, status of students, etc.

As directed by the Incident Commander, reports the emergency to appropriate emergency response agencies and the Superintendent.

Reports to Incident Commander

DISASTER RESPONSE TEAMS

Operations Team: Supports on-scene response at school site

Operations Team Leader: Rick Correa, Vice Principal

Supports on-scene response at school site; develops Incident Action Plan with Incident Commander

Reports to Disaster Response Officer

Search and Recovery: Rick Correa, Vice Principal

Searches facility for injured and missing students and staff; conducts initial damage assessment; provides light fire suppression

Security/Traffic: Jorge Iniguez Custodian/Patrice Christensen

Coordinates security needs; establishes traffic and crowd control; restores utilities; secures perimeter and isolates Fire and Hazardous Materials

Crisis Intervention: Carrie Buchek- BHS

Provides onsite counseling and intervention; determines need for outside mental health support

First Aid: Lillian Lum- School Nurse

Provides triage and medical care; establishes morgue, if needed.

Assembly/Shelter and Care: Softball Field/ Coleen Martin

Provides accounting and long-term care for all students until reunited with parents/guardians; manages food and sanitation needs. Teachers report roll and status of student condition to Assembly/Shelter and Care

Student Release: Lorena Miranda- Attendance Secretary

Provides for systematic and efficient reunification of student with parents/caretakers; maintains records of student release

Planning Team: Collects, evaluates and documents information about the incident

Planning Team Leader: Claudia Rodriguez- Vice Principal

Reports to Disaster Response Officer

Situation: Amanda Lim- Registrar/Dina Jacobsen, Alliance Secretary

Processes and organizes all incident information, including staff student and facility status, maintains ICS status boards and school site map

Documentation: Amanda Lim- Registrar/Dina Jacobsen, Alliance Secretary

Collects and archives all incident documents

Documentation is to be maintained at the site and a copy forwarded to Risk Management at the Dent Center.

Resources/Staffing: Lorena Miranda- Attendance Sect.

Tracks equipment and personnel assigned to the incident, checks in all resources (incoming equipment, personnel and volunteers).

Demobilization: Courtney Lyon- Principal

Coordinates orderly and safe release of assigned resources and deactivation of incident response at the site

Logistics Team - Provides services, personnel and supplies in support of incident response

Logistics Team Leader: Coleen Martin- Administrstor

Review report from Facilities Officer on conditions of utilities to determine if they should be turned off.

Reports to Disaster Response Officer

Food and Supply: Lori Ellyson, Campus Supervisor

Assesses supply resources at site, including food and water, procures supplies and provides personnel, as requested, including volunteers

Cover and preserve all usable food and water.

Direct the rationing, use and preparation of cafeteria food stock and water supply, whenever the feeding of students, staff and/or the community becomes necessary.

Report the condition of the kitchen, including any damage, to the Facilities Team Leader..

Transportation: Dina Jacobsen- Alliance Sect.

Arranges transportation for staff, students and supplies.

Call Transportation for buses, if necessary.

Facilities: Jorge Iniguez, Head Custodian

Recommended filled by School Custodial Team

Coordinates site repairs and use of school facilities; arranges for debris removal

Check water, gas and electricity and report findings to the Incident Commander.

Turn off utilities and intake valves on water heaters if directed. Utilities should not be turned off unless absolutely necessary (e.g., broken gas or water mains, or downed electrical wires

Help set up emergency sanitation facilities if needed.

Safeguard all usable water within the building.

Communications/IT: Rick Correa, Vice Principal

Maintains all communication equipment, including radios; provides services to support information technology. Monitor radio emergency broadcasts.

Finance Team - Provides financial tracking, procurement and cost accounting of incident response

Finance Team Leader: Courtney Lyon, Principal

Provides for the preservation of essential school records.

Takes student emergency information cards and AM/FM radio as the building is evacuated.

Reports to Disaster Response Officer

Time: Maria Sanchez, Office Manager

Maintains incident time logs for all personnel.

Procurement: Courtney Lyon, Principal

Tracks and maintains complete records of site expenditures and purchases made by Logistics; manages vendor contracts

Cost: Maria Sanchez, Office Manager

Provides cost estimates, analysis and recommendations for cost savings

Compensation/Claims: Maria Sanchez, Office Manager

Processes compensation/injury claims related to incident

Teachers - Supervise students in their charge, remain with the students unless assigned to an activated ICS position, or released by Incident Commander

Evacuate safely; take emergency kit and current class list

Take roll as soon as conditions permit such action. **Report missing students to Assembly/Shelter and Care Officer**; if there is reason to believe that a student might be endangered, report need for rescue.

Check with buddy classes when evacuating. If there are seriously-injured persons who cannot be moved report to Search and Recovery Officer

Provide minor first aid until emergency first aid station is established. Indicate need for major first aid assistance. Document first aid provided.

Help to restore order/assist other teachers and students. Talk with students about incident/disaster to help reduce anxiety.

Release students according to the site student release plans as directed by Student Release Officer. When all students are released, physically report to Command Post. Remain on site until released by Incident Commander.

EMERGENCY RESPONSE COMMUNICATIONS

During an emergency:

- Manage your environment to reduce confusion.
- Communicate with students to reduce anxiety and confusion.
- Call 911 if the emergency is in your area (e.g. your classroom) and inform office of the call.
- When evacuating your area communicate all clear by Link to Cliff Notes Evacuation #3 and lock the door. Keep room unlocked if a victim is still inside the room.
- During evacuation do not call the office unless you witnessed the emergency incident or suspects.
- Students should be allowed to text that they are safe but should not talk on the phone.
- Communication may be achieved by the use of intercom, walkie-talkies, telephones, messengers, bullhorns.
- School site direct dial telephones lines will continue to operate. This is usually the line that serves the fax machine. Each site should have one direct-dial telephone unit that can be plugged into this line.
- District school buses have a radio that can call the district. If on campus, the bus radio can be used to communicate with the district.

LOCATIONS

Command Post: The Command Post will be located such that the full emergency assembly area is in view, while maintaining adequate separation from students, evacuation assembly areas, the medical treatment area and student release areas. School personnel designated to contact outside emergency response agencies will notify the responding agency of the location of the Command Post at the school.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the
Alternate Location	school principal for an appointment.

Evacuation Area: Whenever an evacuation is called ensure that the area is not a potential danger to the evacuees and/or is not in the path of the event. This includes danger from natural disasters, chemical/hazardous materials, explosive devices and potential violence threats. Notify the Incident Commander immediately if evacuation is deemed unsafe.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the
Alternate Location	school principal for an appointment.
Off-Site Location	
Alternate Off-Site	

First Aid/Emergency Medical Response Center: In the event of a major disaster the First Aid area will act as both triage and treatment units. Two assumptions must be made regarding medical services:

- During a major event, local emergency medical service services may not be available and transportation of the injured may be delayed.
- District employees and visitors will be dependent on first aid rendered by trained district employees.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the
Alternate Location	school principal for an appointment.

Morgue: In the event of a major incident or disaster resulting in fatalities, the local emergency response agencies may need to set up a morgue at the school. Area should be separate from student evacuation locations.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the
Alternate Location	school principal for an appointment.

Student Release: Students will be released only to authorized adults listed on Emergency Release Cards. Adults picking up students must sign the Student Release Log. Identification must be checked

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the
Alternate Location	school principal for an appointment.
Off-Site Location	
Alternate Off-Site	

SCHOOL STAFF EMERGENCY RESPONSIBILITIES

General Staff Responsibilities

All staff members are directly responsible for the protection of students, members of the public and school assets. School administrators and teachers must ensure that appropriate steps are taken during emergencies. General responsibilities for ALL school staff in case of emergency include, but are not necessarily limited to, the following:

- Ensure that students are properly notified of the emergency.
- Take appropriate action with students as conditions require.
- Initiate first aid, rescue, equipment shutdown or damage control as needed.
- Account for all students.
- Notify the Assembly/Shelter and Care Officer of missing persons, or of any employees or students who require medical assistance.
- Contact parents or guardians as appropriate.

District Staff as Disaster Workers

The California Government Code [§3100 et. seq.], declares that all public government employees are disaster workers subject to such disaster service activities as may be assigned to them by their superiors or by law. In accordance with these legal responsibilities of public employees, all district personnel are subject to be called upon and must be prepared if at home or elsewhere, to report for duty in the event of an extreme emergency. Arrangements for care of one's family should be prearranged in order to permit discharge of this emergency responsibility. This law applies to District employees in the following cases:

- When a local emergency has been proclaimed
- When a state emergency has been proclaimed by the governor
- When a federal disaster declaration has been made by the president

All staff members should have a personal plan for themselves and their families that can be implemented during an emergency. Staff members should be prepared to remain on site for as long as 72 hours or longer following an emergency, possibly without contacting their home and families. Staff members with special home considerations should discuss these with the principal prior to any emergency.

Release of Teachers/Staff from Duties as Disaster Workers

Government Code §3100 declares that public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term public employee includes all persons employed by the state or any county, city, state agency or public district, excluding aliens legally employed.

This means all school staff are considered disaster workers during a major emergency. School personnel assigned to school level Incident Command System positions and responsibilities will assume their posts as assigned by the site Incident Commander. Others will remain at a central staging location to await assignment as needed. No staff person will be released from their normal or emergency response duties without the expressed permission of the principal or designee as directed by the superintendent or a designee. School principals will not allow such releases of their staff without first obtaining authorization from the superintendent or a designee.

Priority Release of Employees:

Staff members with special home conditions, such as infant children or invalid relatives, are invited to submit a written petition for "first opportunity" release after the crisis stages of an emergency. The administrator in charge will exercise this release at the earliest opportunity as follows:

- Those with dependents
- Those with no dependents
- Administrators

Potential Emergency Types and Responses Part One

School Administrators, teachers, and other staff will, at some time, be forced to deal with different types of potential or actual crises or emergency situations. The following sections describe the most probable situations, with specific response action directions included for each emergency type. The response actions are determined in coordination with the MDUSD Emergency Response Plan, the Incident Command System, and other district policies and guidelines.

ACTIVE SHOOTER SITUATIONS: RESPONDING TO AN ACTIVE SHOOTER SITUATION

School Comprehensive School Safety Plans should include courses of action that will describe how students and staff can most effectively respond to an active shooter situation to minimize the loss of life, and teach and train on these practices, as deemed appropriate by the school.

Law enforcement officers may not be present when a shooting begins. The first law enforcement officers on the scene may arrive after the shooting has ended. Making sure the staff knows how to respond and instruct their students can help prevent and reduce the loss of life.

No single response fits all active shooter situations; however, making sure each individual knows his or her options for response and can react decisively will save valuable time. Depicting scenarios and considering response options in advance will assist individuals and groups in quickly selecting their best course of action.

Understandably, this is a sensitive topic. There is no single answer for what to do, but a survival mindset can increase the odds of surviving. As appropriate for your community, it may be valuable to schedule a time for an open conversation regarding this topic. Though some parents or personnel may find the conversation uncomfortable, they may also find it reassuring to know that, as a whole, their school is thinking about how best to deal with this situation.

During an active shooter situation, the natural human reaction, even if you are highly trained, is to be startled, feel fear and anxiety, and even experience initial disbelief and denial. You can expect to hear noise from alarms, gunfire and explosions, and people shouting and screaming. Training provides the means to regain your composure, recall at least some of what you have learned, and commit to action. There are three basic options: run, hide, or fight. You can run away from the shooter, seek a secure place where you can hide and/or deny the shooter access, or incapacitate the shooter to survive and protect others from harm.

As the situation develops, it is possible that students and staff will need to use more than one option. During an active shooter situation, staff will rarely have all of the information they need to make a fully informed decision about which option is best. While they should follow the plan and any instructions given during an incident, often they will have to rely on their own judgment to decide which option will best protect lives.

RESPOND IMMEDIATELY

It is not uncommon for people confronted with a threat to first deny the possible danger rather than respond. An investigation by the National Institute of Standards and Technology (2005) into the collapse of the World Trade Center towers on September 11, 2001, found that people close to the floors impacted waited longer to start evacuating than those on unaffected floors.21 Similarly, during the Virginia Tech shooting, individuals on campus responded to the shooting with varying degrees of urgency.22 These studies highlight this delayed response or denial. For example, some people report hearing firecrackers when in fact they heard gunfire.

Train staff to overcome denial and to respond immediately, including fulfilling their responsibilities for individuals in their charge. For example, train staff to recognize the sounds of danger, act, and forcefully communicate the danger and necessary action (e.g., "Gun! Get out!") to those in their charge. In addition, those closest to the public address or other communications system, or otherwise able to alert others, should communicate the danger and necessary action. Repetition in training and preparedness shortens the time it takes to orient, observe, and act.

Upon recognizing the danger, as soon as it is safe to do so, staff or others must alert responders by contacting 911 with as clear and accurate information as possible.

As part of its preparedness mission, Ready Houston produces "Run, Hide, Fight" videos, handouts, and trainings to promote preparedness among residents of the Houston region. These materials are not specific to a school setting but may still be helpful. These videos are not recommended for viewing by minors. All of these items are available free of charge, and many are available at http://www.readyhoustontx.gov/videos.html

Occupants of both towers delayed initiating their evacuation after World Trade Center 1 was hit. In World Trade Center 1, the median time to initiate evacuation was 3 minutes for occupants from the ground floor to floor 76, and 5 minutes for occupants near the impact region (floors 77 to 91). See National Institute of Standards and Technology, 2005. Federal Building and Fire Safety Investigation of the World Trade Center Disaster Occupant Behavior, Egress, and Emergency Communications. Available at http://www.mingerfoundation.org/downloads/mobility/nist world trade center.pdf

Report of the Virginia Tech Review Team, available at http://www.washingtonpost.com/wpsrv/metro/documents/vatechreport.pdf and http://www.washingtonpost.com/wpsrv/metro/documents/vatechreport.pdf.

23J. Pete Blair with M. Hunter Martaindale, United States Active Shooter Events from 2000 to 2010: Training and Equipment Implications. San Marcos, Texas: Texas State University, 2013. Available at http://alerrt.org/files/research/ActiveShooterEvents.pdf

RUN

If it is safe to do so for yourself and those in your care, the first course of action that should be taken is to run out of the building and far away until you are in a safe location.

Students and staff should be trained to

- Leave personal belongings behind;
- Visualize possible escape routes, including physically accessible routes for students and staff with disabilities as well as
 persons with access and functional needs;
- Avoid escalators and elevators;
- Take others with them, but not to stay behind because others will not go;
- Call 911 when safe to do so; and
- Let a responsible adult know where they are.

HIDE

If running is not a safe option, hide in as safe a place as possible.

Students and staff should be trained to hide in a location where the walls might be thicker and have fewer windows. In addition:

- Lock the doors;
- Barricade the doors with heavy furniture;
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Silence all electronic devices;
- Remain silent;
- Hide along the wall closest to the exit but out of the view from the hallway (allowing for an ambush of the shooter and for possible escape if the shooter enters the room);
- Use strategies to silently communicate with first responders if possible, for example, in rooms with exterior windows make signs to silently signal law enforcement officers and emergency responders to indicate the status of the room's occupants; and
- Remain in place until given an all clear by identifiable law enforcement officers.

FIGHT

If neither running nor hiding is a safe option, as a last resort when confronted by the shooter, adults in immediate danger should consider trying to disrupt or incapacitate the shooter by using aggressive force and items in their environment, such as fire extinguishers, and chairs. In a study of 41 active shooter events that ended before law enforcement officers arrived, the potential victims stopped the attacker themselves in 16 instances. In 13 of those cases they physically subdued the attacker.23 While talking to staff about confronting a shooter may be daunting and upsetting for some, they should know that they may be able to successfully take action to save lives. To be clear, confronting an active shooter should never be a requirement in any school employee's job description; how each staff member chooses to respond if directly confronted by an active shooter is up to him or her. Further, the possibility of an active shooter situation is not justification for the presence of firearms on campus in the hands of any personnel other than law enforcement officers.

BOMB THREAT/SUSPICIOUS PACKAGE

\neg	40	TIID	$\Gamma \wedge T$
K()	IVI K	THR	FAI
\sim			_,

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

SUSPICIOUS PACKAGE

Anyone discovering a suspicious package, box or strange device will do the following:

- Not touch or remove strange objects.
- Notify the principal.
- Principal will notify the police department, the fire department and the superintendent.
- Principal will evacuate the buildings.

Whenever a bomb threat is received or a suspicious package is found, a police officer will evaluate the threat or object before instituting a search of the buildings or sounding the signal for staff and students to return to the buildings.

The superintendent is to be kept informed of all actions.

EARTHQUAKE

Although the probability of an earthquake occurring is lower than most other emergency types, the potential for injuries and damage from one is high. It is essential that students and staff remain aware of the following basic actions:

If an earthquake or other situation warrants, drop to the floor, take protective position under desks or furniture with backs to windows and hands covering head and face. Stay in position until directed to evacuate or take other protective action.

If outside, move away from buildings and trees and take protective position. When situation permits, proceed to the designated assembly point. Standby: Alert students in your area to stand by for further information. Make whatever assessment of the situation is possible. Render emergency first aid as required.

If inside, stay inside during ground shaking. In classrooms or offices, move away from windows, shelves and heavy objects or furniture that may fall. Take cover under a safe table, desk or counter. At the teacher's command, students should take the DROP position.

If a "shelter" (table, desk, etc.) is not available, move to an inside wall or corner, turn away from windows, kneel alongside wall, and bend head close to knees, with elbows firmly behind neck protecting face.

If notebooks or jackets are handy, hold these overhead for added protection from flying glass and ceilings debris. Remain in sheltered position for at least 60 seconds or until directed to move by an adult.

If in halls, on stairways, or other areas where no cover is available, students must follow the directions of the nearest teacher or school employee.

If in the library, immediately move away from windows and bookshelves and take appropriate cover. In the science lab or shops, all burners should be extinguished (if possible) before taking cover. Stay clear of hazardous chemicals that may spill.

The duration of ground shaking depends on a number of factors, including the severity of the earthquake. Advise students to anticipate shorter or longer episodes of ground shaking during actual earthquakes and their aftershocks.

EARTHQUAKE HAZARDS COMMONLY FOUND IN SCHOOL BUILDINGS:

- Glass that shatters or flies around
- Objects stored above head-level on shelves, walls, and ceilings (such as unused projectors, books, science equipment, boxes)
- Objects that block movement to safe places (books on floors, tipped desks and bookcases)
- Cabinets without latches
- Objects stored on wheels
- Open shelving without a lip or restraining wire
- Free standing cabinets
- Blocked exits
- Objects in hallways that block movement (glass, tables, locker contents)

SETTLING DOWN AFTER THE FIRST SHOCK:

After the first shock, teachers will evacuate the classrooms, being alert to the possibility of aftershocks.

When leaving the classroom, teachers should make every effort to take with them the roll book and emergency supplies.

Announce that no student is to return to the room unless directed to do so.

Teachers will take classes to pre-arranged places on the campus.

Teachers and students will remain in designated areas until re-entry to the building has been approved or they are directed to move elsewhere.

School will remain open indefinitely until every student has been released to parents or to an authorized person.

Do not light any fires after the earthquake because of possible gas leaks.

If possible, notify utility companies of any break or suspected breaks in service.

The **Incident Commander** should procure the advice of the Director of Maintenance and Operations regarding the safety of the buildings.

The Incident Commander should keep the superintendent informed of conditions at the school.

Whenever possible disaster supplies should be kept in a locked shed away from the school buildings and accessible once all personnel and students are safely accounted for and secured in the evacuation area.

STUDENT RELEASE

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

THE GREAT SHAKEOUT EARTHQUAKE DRILLS

All Mt. Diablo USD schools are encouraged to participate in the annual Great ShakeOut Earthquake Drills. See https://www.shakeout.org/index.html for more information.

FIRE

In the event a fire is detected within a school building, the school fire alarm will be sounded. This will automatically implement the action to LEAVE THE BUILDING.

Upon receiving the order to evacuate, staff will assume their designated positions in the hallways of the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Staff are also responsible to ensure that all disabled persons in the building are assisted as necessary.

- 1. Take emergency backpack, and attendance information.
- 2. Teachers evacuate with current class. If evacuation occurs outside of a class period: Evacuate with 4th period class
- 3. Upon exit hang green door hanger on outside of door to indicate room is all clear and lock door. Keep unlocked if victim is inside
- 4. Check with buddy teacher. Assist/evacuate both classes if needed.
- 5. If on prep or don't have a class: Proceed to evacuation site
- 6. Check common areas while evacuating.
- 7. Evacuate to primary location via assigned route, adjust as needed.
- 8. At evacuation location, line up, and take attendance.
- Hold up GREEN card if all students are accounted for. RED card if missing students or assistance required. If not used, describe alternate practice:
 - Raise Hand
- 10. Stay with class unless you are released to assume other duties.
- 11. Release from drill will be announced via walkie talkie and over PA system
- 12. Communicate with your students and maintain control.

The fire department will be notified. The police and superintendent should also be notified.

Access roads to the school campus should be kept open by **Security/Traffic** team personnel.

Students and staff will not return to the buildings until the fire department declares the area safe and the **Incident Commander** has announced the ALL CLEAR.

Clothing on fire: STOP. DROP. ROLL. Use other pieces of clothing to help smother the flames. Immediately call 911. Render first aid.

INTRUDER ALERT/ANTI-VIOLENCE RESPONSE

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

ACTIVE ALERT: LOCK DOWN

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

STAFF ROLES DURING ACTIVE LOCK DOWN

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

- 16. The principal will announce, Admin/Office Manager
- 17. Follow the instructions above for an Active Alert. Release from Drill is: Announced on walkie talkie and over PA system

Intruder drills are practiced each year. Staff training is provided. Ample warning and preparation are made so that students and families are aware of the drills. Law enforcement should be invited to participate in these drills

Potential Emergency Types and Responses Part Two

CHEMICAL SPILLS WITHIN THE SCHOOL

In the event of a chemical spill or incident at school, the site administrator will determine what emergency action to take depending upon the circumstances. Teachers in the area shall do the following:

- Restrict the area of the incident and evacuate the area as deemed necessary.
- Rescue injured or trapped persons and remove from area, if trained to do so.
- Provide first aid as needed.
- If possible, determine the name(s) of the chemical(s) and provide that to the emergency respondents.
- Allow no one in the immediate area of the spill except emergency personnel.
- The office will alert classes to, "Shelter-in-Place."
- Notify the Superintendent's office.

CHEMICAL ACCIDENT NEAR THE SCHOOL

Warning of a chemical accident is usually received from fire and/or police departments or from emergency services officials when such accident occurs sufficiently near a school to be a threat to the safety of students and staff. An overturned tanker, a broken fuel line, and an accident in a commercial establishment that uses chemicals are all potential hazards. Whether the accident occurs at the school or off the school grounds, the site administrator shall determine if there is need to EVACUATE or to SHELTER-IN-PLACE. This decision will be made in coordination with offsite emergency respondents. If it is necessary to evacuate the area, move crosswind, never directly with or against the wind which may be carrying fumes. Get upwind as quickly as possible.

CRISIS INVOLVING INDIVIDUAL STUDENTS AND/OR STAFF

The sudden death, serious injury to a student or staff member either through natural causes, accidents or as the result of an act of violence, such as school shooting, missing students (known or suspected abduction), physical assault, sexual assault, non-natural or non-accidental causes or other unexpected events are, without question, a crisis. Responding to these kinds of crisis situations in a timely and effective manner is as critical as dealing with an earthquake or a fire.

- 1. Contact Student Services to request the District Crisis Intervention Team immediately following a serious injury, accident or death of a student of staff member.
- 2. Work with your school psychologist to determine identification of short- and long-term interventions for students or staff traumatized by the event.
- 3. Work with the Superintendent's office to formulate a public statement.
- 4. Discuss the crisis in a factual manner in follow up meetings and/or communications.
- 5. Be sensitive to latent behavior problems that are trauma-related.

A general message will be prepared and whenever possible parents will be contacted first in order to be the first adults to provide the information and support their children. All staff will be debriefed and supported. Activities to best meet the needs of the community will be provided aimed at providing counseling, a way for all to process (writing, drawing, and sharing). Activities such as games, music and reading may be planned over a short period of time to reduce anxiety and work demands. Follow and close monitoring for students and staff to insure latent reactions and responses.

DISCARDED WEAPON OR DRUG LAB/PARAPHERNALIA

DISCARDED WEAPON: GUN OR RELATED ITEM

A staff person may discover a discarded gun or related item or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- The office will immediately notify the local authorities.
- Staff will not take any active response role in these situations.
- Keep the area clear of students and faculty until local authorities have arrived.
- As appropriate, conduct a Shelter in Place.

DISCARDED WEAPON: KNIFE OR RELATED ITEM

A staff person may discover a discarded knife or related item or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- Trained staff as designated by principal or designee will recover the item and notify the authorities as appropriate.

DISCARDED DRUG LAB OR DRUG USE PARAPHERNALIA

A staff person may discover a discarded drub lab or drug use paraphernalia or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- The office will immediately notify the local authorities.
- Staff will not take any active response role in these situations.
- Keep the area clear of students and faculty until local authorities have arrived.
- As appropriate, conduct a Shelter in Place.

EXPLOSION

The DROP command is to be given immediately in the event of an explosion at the school or within a school building.

If the explosion occurs within the building or threatens the building, the teacher will then implement the school evacuation plan. Assemble at the designated assembly area.

Sound the fire alarm and proceed as above for a fire.

Notify the superintendent's office.

FALLEN AIRCRAFT

Warning of a failing or fallen aircraft is usually by sight, sound or fire. If an aircraft falls near the school, the following actions will be taken:

- The site administrator will determine which emergency actions should be implemented. When necessary, teachers will take immediate action to ensure the safety of students if the site administrator is unable to direct emergency action.
- Students and staff must be kept at a safe distance from the aircraft, as it may explode. Move crosswind or stay up wind to
 avoid fumes.
- Call 911

Notify the Superintendent's office.

NATURAL GAS LEAK OR RUPTURED GAS LINE

The site administrator will evaluate the situation and determine the need for a building evacuation.

Offsite emergency respondents will be called if a leak is suspected.

In general, an evacuation of the building(s) will be conducted whenever there is a strong smell of natural gas within the school. Evacuations under other circumstances will be decided upon based on discussions with offsite emergency respondents. The site administrator will then initiate whatever emergency action is required.

Notify the superintendent's office.

RABID OR VICIOUS ANIMAL

If a rabid or vicious animal is at or in the vicinity of the school, the Animal Control Center should be notified immediately. Teachers shall be notified Shelter In Place. Students outside of the building will be quietly and cautiously sent into the nearest building and secured in a room behind closed doors.

Notify the Superintendent's Office.

SEVERE WINDSTORM

Warning of an impending windstorm is usually received via radio, television or civil defense officials. The United States Weather Bureau can usually forecast severe windstorms. If high winds develop during school hours without sufficient warning, the following emergency actions should be taken:

- Implement action to TAKE COVER. Students and staff should assemble inside shelters or buildings.
- Close windows and window coverings. Seek shelter away from windows.
- Remain near an inside, ground level wall if the building is more than one level.
- Evacuate classrooms that bear the full force of the wind.
- Avoid auditoriums, gymnasiums and other enclosures that have long roof spans.
- Keep tuned to a local radio station for the latest advisory information.
- Take roll and complete a Student Accountability Form.
- Notify site administrator of any break or suspected break in utility lines or buildings which might present an additional hazard.
- If possible, contact and report conditions to the superintendent.
- Don't permit any staff to leave the building until the winds have subsided and it is safe to do so.

UTILITIES LOSS OR FAILURE

LOSS OF ELECTRICAL POWER:

Consult PG&E website for grid of outages: www.pge.com Contact PG&E to report a Power Outage 1 800-743-5002

WATER EMERGENCY:

Contra Costa Water District Emergency Number 925-688-8374 Golden State Water Company Emergency 800-999-4033, 877-933-9533 (TTY- hearing impaired)

PHONE ISSUES:

Contact Technology Information Services (TIS) at extensions 4094 or 4105 to report phone issues.

ADDITIONAL INFORMATION:

Contact Maintenance, Operations & Facilities at extension 3884 if any utility will be off for an extended period of time.

Notify the superintendent of the situation.

If necessary, make appropriate arrangements with Maintenance and Operations for temporary communications, water delivery and portable rest rooms.

In the event of an extended outage, consult with the cafeteria manager. The cafeteria manager will consult with Food and Nutritional Services x4124.

If an extended outage is likely, provide a School Messenger update to keep parents/guardians informed.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

EVACUATION PROCEDURES

EVACUATION ALARM SYSTEM

A crisis or emergency may warrant an evacuation of the school building(s). Once notified of an emergency situation, the **Incident Commander**, will carry out the initial response actions delineated in the **Emergency Preparedness and Crisis Response Plan**. In consultation with members of the **Incident Command Team**, the principal will determine whether an evacuation is warranted or is the safest action given the character of the emergency.

Incident Command Team members will immediately assume their designated response duties as activated by the **Incident Commander**. The **Disaster Response Officer** will ensure, during the evacuation itself, that all evacuation assistance personnel are operative and performing their respective duties as assigned.

When a decision is made to evacuate, the **Assembly /Shelter and Care Team** leader will immediately report to the assembly area and inspect the area for hazards. The **Assembly /Shelter and Care Team** leader will notify the **Disaster Response Officer** immediately if the area is safe. If not, the **Assembly /Shelter and Care Team** will advise that the evacuation be done to the alternate assembly location.

This evacuation may be a partial evacuation of only portions of the building in a localized emergency [e.g., a small chemical spill] or it may be a general evacuation of all building. When an evacuation is ordered, students and staff will be notified according to the site's **Preparedness and Crisis Response Cliff Notes.**

If deemed appropriate and safe, the school's fire alarm will sound in the event of a general building evacuation. If neither mechanical system is operable, the Incident Commander will utilize office, custodial or student personnel to notify classrooms of the need to evacuate.

COORDINATING THE EVACUATION

Upon receiving the order to evacuate, staff will assume their designated positions in the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Staff are also responsible to ensure that all disabled persons in the building are assisted as necessary.

- 1. Take emergency backpack, and attendance information.
- 2. Teachers evacuate with current class. If evacuation occurs outside of a class period: Evacuate with 4th period class
- 3. Upon exit hang green door hanger on outside of door to indicate room is all clear and lock door. Keep unlocked if victim is inside.
- 4. Check with buddy teacher. Assist/evacuate both classes if needed. 5. If on prep or don't have a class: Proceed to evacuation site
- 6. Check common areas while evacuating.
- 7. Evacuate to primary location via assigned route, adjust as needed.
- 8. At evacuation location, line up, and take attendance.
- 9. Hold up GREEN card if all students are accounted for. RED card if missing students or assistance required. If not used, describe alternate practice:
 - Raise Hand
- 10. Stay with class unless you are released to assume other duties.
- 11. Release from drill will be announced via walkie talkie and over PA system
- 12. Communicate with your students and maintain control.

EVACUATION ASSEMBLY AREAS

When ordered to evacuate, students and staff will follow the evacuation route prescribed for their respective areas and exit the building in an orderly and controlled manner. Any volunteers or visitors to the classroom should be advised to go with the classroom to the assembly area.

ALL students and staff must report to the assembly area and remain there until the **Incident Command Team**, via the **Assembly /Shelter and Care Team**, notifies them it is clear to return to the building. Under no circumstances are students to leave the area unless released by the teacher in strict accordance with the school's **Student Release Procedures** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**. This will not be done unless it is authorized by the **Incident Command Team**.

Teachers MUST take a head count of all persons under their care to ensure that all students, volunteers and visitors are present. This will be reported to the **Assembly /Shelter and Care Team** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**. If someone is deemed missing, the teacher is to immediately report this fact to the **Assembly /Shelter and Care Team** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**.

ACCESS CONTROL PERSONNEL

Whenever an evacuation is called, the designated **Security/Traffic** response team (designated prior to an emergency) will automatically assume duties as traffic controllers to prevent unauthorized public vehicles or persons access to the school campus and building(s). They will function according to the duties delineation shown in the *Emergency Preparedness and Crisis Response Plan*.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

STUDENT EARLY DISMISSAL AND EMERGENCY SCHOOL CLOSURE

During school hours, all students are considered under the care and supervision of school staff. In all circumstances, and especially in the event of emergency incidents or circumstances, the safety of the students and the school staff is of paramount importance. All actions taken shall bear in mind the safety and well-being of both students and school employees.

Thus, in the event of a major emergency incident or disaster during school hours, school will not be dismissed without the expressed and clear authorization of the District Superintendent or a designee, and children will remain under the supervision of school authorities. Students will only be released from school and District responsibility in strict accordance with the procedures outlined in the District's Early Release Policy as described below. Parents/guardians or designated emergency contacts who come to the school to pick up students must properly identify themselves in order for their children to be released.

RELEASE OF STUDENTS FROM SCHOOL

MDUSD and this school want to reunite parents with their children at the earliest time possible after an emergency situation or major disaster event. However, if it is not possible for parents to pick up their children or make arrangements for others to do so, students will be held at the school or other area until such time as they can be safely released. Each year the school will notify all parents of the procedure for reuniting parents with children in the event of an emergency at school. Parents are encouraged to print out and complete the ABC's – Three Steps to Protect Your Child during Emergencies in the School Day (Appendix B)

In the event students are held at a school, they may be released only to the student's own parent(s) or a person authorized beforehand by the parent. As a part of annual registration, sites collect emergency contact information in AERIES. From AERIES, **Emergency Cards** shall be printed and used for this purpose. It is recommended sites print copies for teachers to have on hand in their emergency packs along with roll information. Office shall also print out the **Emergency Student List** or **Emergency Cards** and maintain that in the office emergency evacuation kits.

Parents or others must check with this school's **Student Release** team at the emergency **Student Release Location** prior to pick up of their children. Teachers will release students according to the procedure outlined under the **Emergency Student Release Procedures** described below.

EMERGENCY RELEASE PLAN PROCEDURES

Teachers will utilize the following procedures to properly release students from their care to a parent, legal guardian or person authorized in writing to pick up the student:

- 1. At time of emergency, students remain with their current classes. Teacher takes roll on an Accountability Form and await direction from **Incident Commander** via **Student Release** team.
- 2. **Incident Command** will communicate with district office for dismissal directive. Students will report to (first period or other) classes, upon **Student Release** team directive.
- 3. This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
- 4. Students will be released only to authorized adults listed on the Emergency Card or Emergency Student List. Adults picking up students must sign Student Release Log and indicate destination. Unless otherwise directed by Incident Commander via Student Release officer, a runner takes message to teacher with name of student being released and name of adult picking up student. Teacher double-checks sign-out sheet, stamps/marks student and releases.
- 5. Students may go home with people listed on Emergency Card or Emergency Student List if parent can't be reached.
- 6. Periodically, as students are released, remaining students will be consolidated.
- 7. Teacher takes attendance after each consolidation, informs **Assembly/Shelter and Care** team as well as the **Student Release** team, and keeps all documentation.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

TRAINING

The key to effective and coordinated emergency response efforts is the proper training of school response personnel as to their duties in an emergency or disaster. Proper training is mandated under the SEMS requirements for District staff and students and by Cal/OSHA for employees of the District.

ALL DISTRICT RESPONSE STAFF AND STUDENTS

All non-response District staff, as well as all students, will receive training in the following areas:

- Brief overview of the District Emergency Operations Center (EOC) plan and its coordination with School Crisis Response
 plans.
- Brief overview of the School Crisis Response Plans and its coordination with the District EOC plan.
- Responder positions within each plan and the duty to follow instructions of the response team personnel.
- Use of drills and exercises to provide hands-on instruction to staff and students.

SCHOOL CRISIS RESPONSE TEAM PERSONNEL

All school staff will receive training and detailed information on the **Incident Command System** and its use at a school crisis or disaster response. This will include but is not limited to:

- Initiation and functioning of the ICS Command Post.
- ICS response positions, their responsibilities, and the use of position checklists.
- Development of site Incident Action Plans and the utilization of, and coordination with, EOC actions at the District level.
- Importance of documentation of site ICS activities and damage assessment information.
- Demobilization procedures for down-sizing and closing the ICS Command Post.

DRILLS AND EXERCISES

Because emergencies occur without warning, life-protecting actions must be taken immediately at the first indication of emergency conditions. There may be no time to think through all of the options for what must be done. Emergency drills will be conducted periodically to help familiarize everyone with basic procedures and to help students and staff learn how to react immediately and appropriately.

Exercises and drills will be conducted at the school site level. The essential components of school site emergency drills are classroom training and discussions, demonstrations and exercises designed to help staff and students learn and practice where to seek shelter and how to protect themselves based on the kind of emergency they are facing.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

RECOMMENDED EMERGENCY SUPPLIES

The school shall maintain a quantity of emergency supplies that will be utilized by trained personnel in the event of a school crisis or a district-wide disaster. Some materials should be stored in a central location on campus as a means of providing ready access to assist any area in the school.

Each classroom should also have its own supply of first aid and other equipment to facilitate each teacher in helping the students they are responsible for.

CENTRAL SCHOOL EMERGENCY SUPPLIES

Central School Emergency Supplies are recommended to include at least the following items:

- Two first aid kits (see below)
- Two tool kits (see below)
- Radio (battery-operated) wrapped in plastic bag
- Batteries (left in original packages; replaced in years ending with 0, 3, or 7)
- 5 gallon buckets to be used as water carrier
- Water packets (2-per student)
- Toilet paper
- Hard hats- assembled and ready to use
- Blankets (4 wool, 5 space blankets)
- Large plastic tarps
- Sheets for medical use (slings) or to signal for specific help. (Sheets will be spread out on the lawn as needed. (Colored or labeled depicting triage type- Red/ Yellow/Green)

TEACHER EMERGENCY KITS

Teacher Emergency Kits are located in each classroom. It is recommended they contain at least the following:

- Class lists (updated by the teacher as necessary) with a place for parent signatures when releasing students and to assist in the taking of roll.
- Student Accountability Forms
- List of Special Needs students and Medication(s) Information
- Disaster Emergency Cards (one for each student)
- Simple first aid supplies
- Orange/ ID arm band and name card with teacher's name to be worn by the teacher
- Copy of the Campus Response Plan and the District Disaster Plan (Cliff Notes/Summary of plan)
- Water 2 packets per student
- Flashlight

- · Work gloves
- 40 Plastic garbage bags to be used as rain gear
- Clip board
- Pens/pencils/permanent markers (at least one permanent marker to use for triaging student emergency needs)
- Pad of paper

Each employee should have a personal survival kit available at all times containing prescription medicines, extra eye glasses, change of clothes, toiletries, comfortable shoes, jacket and other necessary items.

FIRST AID KITS

School First Aid Kits are recommended to contain at least the following items:

- · First aid manual
- Disposable gloves
- Face masks
- 3 triangular bandages
- 6 stretch gauze bandages
- 2 instant ice packs
- 1 after-burn treatment spray
- 2 packages long bandages
- 30 boxes sterile pads for small wounds (120 pads)
- 2 bottles liquid soap
- 6 bottles aspirin
- Hydrogen peroxide
- Paper towels
- · Felt pens to identify injured children sent elsewhere for treatment. Write name on child's arm; non-water soluble
- Sheets
- Needle nose pliers for removal of glass
- 6 sanitary napkins (for severe bleeding)
- A zip lock bag containing:
- 1 tube medicated ointment
- 5 smelling salts (ammonia inhalant)
- 2 rolls tape
- Tweezers
- Scissors

TOOL KIT(S)

The school Tool Kit(s) is recommended to contain at least the following items:

- Work gloves
- Goggles
- Flashlight (batteries in package)
- Lantern (batteries in box)
- Duct tape
- Masking tape
- Utility knives
- Hammer
- Blade screwdrivers (small, medium, large)
- Crowbar (a longer crowbar is stored in custodian's office)
- Waterproof matches
- Rope
- Nails
- Sheets (to signal for help)
- Spray paint (used to identify "Condition of Search" X)

- Radio
- Large shovel located in custodian's office

LIST OF STAFF WITH SPECIAL SKILLS

Each Central School Emergency Kit and each Teacher Emergency Kit will also contain a list of school staff members with specialized emergency skills. These include, but are not limited to:

- Medical or first aid experience
- Search and rescue experience
- Fire-fighting, chemical spill containment experience
- Communications equipment experience (indicate type)
- Emergency vehicle (indicate type)
- Multilingual Speakers

Site Emergency Preparedness Plan

Safety Plan Timeline and Checklist

The timeline and checklist will assist in addressing mandates and determining that the Incident Command System portion of your comprehensive safety plan is in place and functional.

Campus Disturbances and Disruptions BP/AR 5131.4; BP/AR 3515.2

MDUSD AR 5131.4 Campus Disturbances

Campus Disturbance Plan.
Please see Incident Command Chart for specific duties of school staff.
Strategies for Ending a campus disturbance:
Ask student to leave campus.
Ask parents to come and pick up student
Find a preferred staff member to de-escalate student
Contact Concord Police

See Appendix A

Access to School Campus by Visitors BP/AR 1250

MDUSD BP 1250 Visitors/Outsiders

Visitor Registration Procedure:

Prior to entering campus, all visitors should make sure they are not exhibiting any signs or symptoms of COVID and wear a mask when appropriate

Visitors are directed to the Main Gate to sign in.

Each visitor must sign in with their name, reason for visit, and time they arrived

If the visitor is a district employee the visitor must sign in with their employee ID number, name, reason for visit, and time they arrived

Once signed in each visitor is given a sticker to easily show they have signed in with the main office.

All visitors are asked to return to the main office prior to leaving to sign out and write the time they leave

Visitations by former students are not allowed during class hours without an appointment

See Appendix A

Procedures for Safe Ingress and Egress of Pupils, Parents, and Staff AR 0450

Describe the procedures for safe passage when students and adults are entering and leaving school grounds. Identify your site's access points. Describe the utilization of campus supervisors, security personnel, and security equipment. Typically Students and staff can access one of the 5 gates that are open in the morning before and after school. These are the Main gate, Crossroads Gate, Alliance Gate, Parking Lot gate and the Car Gate.

Once the tardy bell rings for first period all gates are locked except the main gate on Salvio Street and all visitors are required to enter through the main gate to ensure they check in at the main office and receive a visitors pass if it is appropriate.

All other gates are to remained closed until the end of the school day.

Campus Supervisors and Administration monitor the gates at other designated times such as lunch.

All staff and visitors must enter the campus through the main entrance on Salvio Street to ensure they sign in with the main office and receive a visitors pass if necessary and appropriate.

All gates (except the main entrance on Salvio Street) are only locked from the outside. Students and staff can exit the campus through any gate at anytime during the day or in case of an emergency.

Cameras are fixed upon each gate into the school.

There are metal gates that close off the parking lot after hours.

See Appendix A

Students with Disabilities

If you have not described them elsewhere in your safety plan, include adaptations for students with disabilities in accordance with the federal Americans with Disabilities Act of 1990 (42 U.S.C. SEC §. 12101 et seq.) for disaster procedures, routine and emergency.

Assistance by Teacher or Instructional Assistant to evacuate.

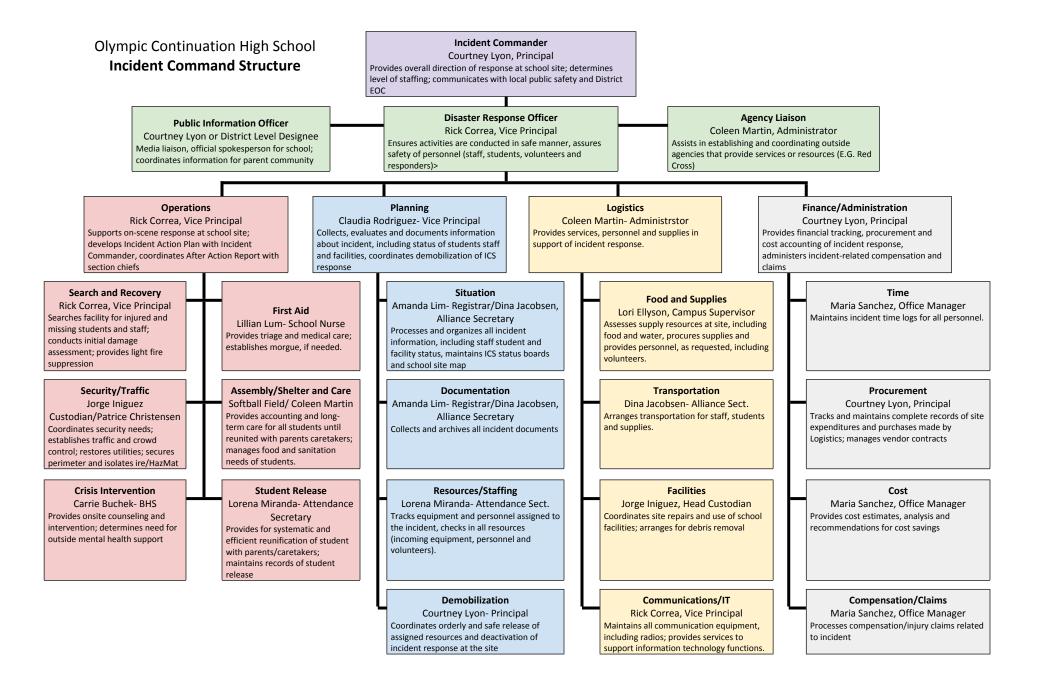

At Crossroads, mothers pick up their own babies from daycare room and evacuate with them.

All walkways and entrances are handicap accessible

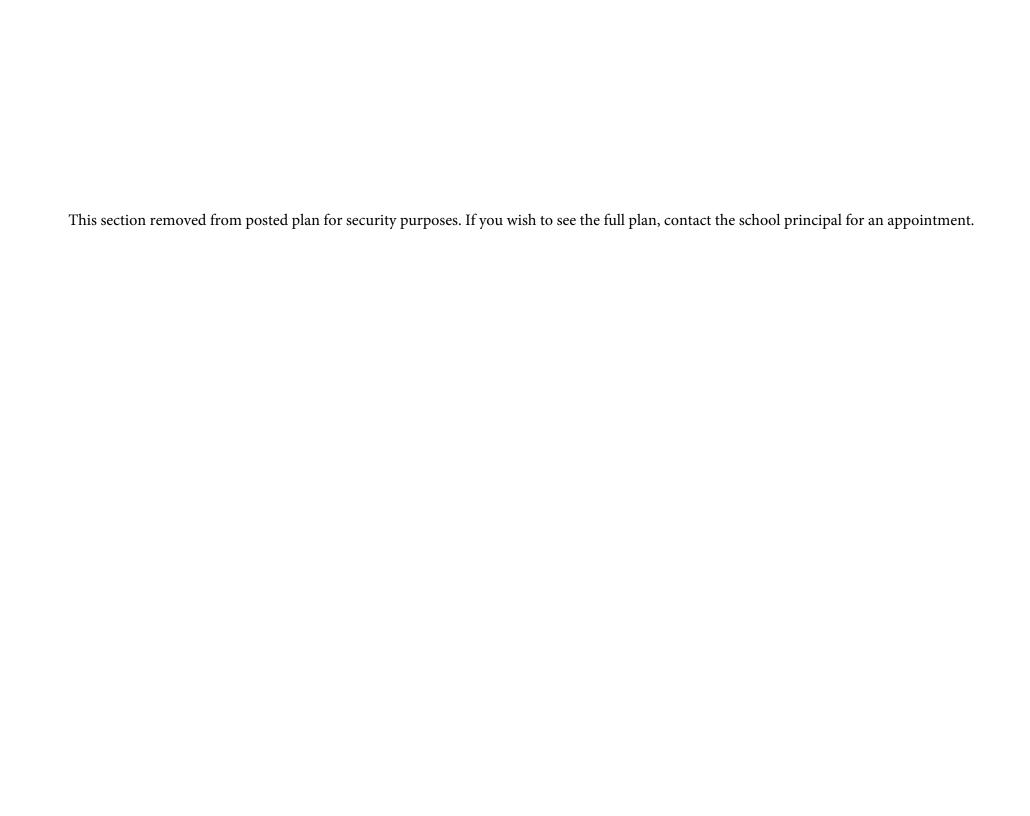

There are handicap spaces in the parking lot

There are bars in bathrooms for support

There is a ramp to allow access to the long hall of classrooms

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment	•

Opioid Prevention and Life-Saving Response Procedures

School Administrators, and staff volunteers, are trained annually to recognize symptoms of an overdose and administer Naloxone. All schools are provided with free Naloxone in the event of a suspected overdose.

Rescue steps include:

- Step 1: Checking for signs of overdose
 - o Loss of consciousness
 - o Fingernails or lips blue/ purplish black
 - o Can't rouse unable to speak
 - o Face pale or clammy
 - o Limp body
 - o Vomiting
 - o Breathing/heartbeat slow or stopped
 - o Choking sounds or snore-like gurgling
- Step 2: Call 911
- Step 3: Administer Naloxone and rescue breathing
- Step 4: Monitor and administer Naloxone again, if necessary

Naloxone lasts for 30 to 90 minutes and may wear off before the effects of opioids wear off, resulting in another overdose. If possible, stay with the person for several hours to ensure they don't overdose again. If the person cannot walk and talk well after waking up, it is very important that they are taken to the hospital for additional medical support.

Appendix A: Active Shooter Event Quick Reference Guide

When law enforcement arrives:

- Remain calm and follow instructions
- Drop items in your hands (e.g., bags, jackets)
- Raise hands and spread fingers
- Keep hands visible at all times
- Avoid quick movements toward officers, such as holding on to them for safety
- · Avoid pointing, screaming or yelling
- Do not ask questions when evacuating

Information to provide to 911 operations:

- Location of the active shooter
- Number of shooters
- Physical description of shooters
- Number and type of weapons shooter has
- Number of potential victims at location

For questions or additional assistance contact:

Your local law enforcement authorities or FBI Field office:

Department of Homeland Security 3801 Nebraska Ave, NW Washington, DC 20528

ACTIVE SHOOTER EVENT

QUICK REFERENCE GUIDE

An "active shooter" is an individual who is engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearms(s) and there is no pattern or method to their selection of victims.

- Victims are selected at random
- Event is unpredictable and evolves quickly
- Knowing what to do can save lives

ACTIVE SHOOTER EVENTS

When an Active Shooter is in your vicinity, you must be prepared both mentally and physically to deal with the situation.

You have three options:

- Have an escape route and plan in mind
- Leave your belongings behind
- Evacuate regardless of whether others agree to follow
- Help others escape, if possible
- Do not attempt to move the wounded
- Prevent others from entering an area where the active shooter may be
- Keep your hands visible
- Call 911 when you are safe
- Hide in an area out of the shooter's view
- Lock door or block entry to your hiding place
- Silence your cell phone (including vibrate mode) and remain quiet

- Fight as a last resort and only when your life is in imminent danger
- Attempt to incapacitate the shooter
- Act with as much physical aggression as possible
- Improvise weapons or throw items at the active shooter
- Commit to your actions . . .your life depends on it

The first officers to arrive on scene will not stop to help the injured. Expect rescue teams to follow initial officers. These rescue teams will treat and remove injured.

Once you have reached a safe location, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave the area until law enforcement authorities have instructed you to do so.

ASK how you would be reunited with your child in an emergency or evacuation

How would you find your child if an emergency happened during the school day?

If students had to evacuate, where should parents/guardians go for pick up? Primary Location is the school parking lot and the secondary location is the public library parking lot on Salvio Street and Parkside.

How would the school notify you in the event of emergency? Parent Square all call

BRING extra medications, special food, or supplies your child would need if you were separated overnight

An emergency might require a sudden sleepover. Tell school administrators about any extra supplies your child may need to safely make it through a night away from home.

What essential supplies would your child need if separated from you overnight? (Medications? Inhaler? Milk? Diapers? Battery pack for special equipment?)

Does the school have an emergency stockpile of these items? Yes No

If your child has special medications, can extras be kept at the school? Yes No

What is the school policy for how and when medicine can be administered to your child? Parent/Guardian should complete the district medicine distribution form and turn into Student Services.

COMPLETE a backpack card and tuck one in your child's backpack and your wallet

Emergencies are chaotic! Make sure your child or their school knows how to reach you, and who should be called if your phone isn't working.

Complete an emergency contact card to make sure you and your child know how to get in touch quickly.

MT. DIABLO UNIFIED SCHOOL DISTRICT JAMES W. DENT EDUCATION CENTER

1936 Carlotta Drive Concord, California 94519-1358 (925) 682-8000, ext. 4220

The Honorable Mayor Edi Birsan Concord City Hall 1950 Parkside Drive Concord, CA 94519

February 1, 2024

Dear Mayor Birsan:

Each year California public schools are required to prepare and/or update a Comprehensive School Site Safety Plan per California Education Code Section 32286. The Comprehensive School Safety Plan shall include, but is not limited to, the following:

- · Assessment of school crimes committed on school campuses and school related activities;
- · Identification of appropriate strategies and programs that will ensure a high level of school safety;
- Child Abuse reporting procedures;
- Disaster procedures;
- · Policies that lead to student suspension and/or expulsion;
- · Procedures to notify teachers of dangerous students;
- · Discrimination and Harassment policies;
- · Provisions of a school-wide dress code that prohibits pupils from wearing gang related apparel;
- · Procedures for safe ingress and egress of pupils;
- · Assurance of a safe and orderly school environment conducive to learning;
- · Rules and procedures regarding school discipline; and
- · Hate crime reporting procedures.

Before the Comprehensive School Safety Plan is adopted, the School Site Council or the School Safety Planning Committee shall hold a public meeting at the school site in order to allow members of the community the opportunity to express an opinion about the school's safety plan. The School Site Council or the School Safety Planning Committee shall notify, in writing the following persons or entities, if available, of this public meeting:

- · The local mayor
- · A representative of the school employee organization(s);
- A representative of each parent organization at the school site, including the parent/teacher association and parent/teacher clubs;
- · A representative of the student body government; and
- · All persons who have indicated that they want to be invited.

Attached please find a schedule of <u>all MDUSD</u> school site Safety Plan public hearings, with the meetings sorted by city and date of meeting. You may also access the schedule online at https://bit.ly/MDUSDPublicHearings2324. You are encouraged to attend these meetings. The meetings are an excellent opportunity for you to become familiar with the schools' safety plans and to provide input.

Please contact the school's Safety Plan contact if you are planning to attend a meeting or if you have questions regarding this matter.
