Re: Proposal - DSA Project Inspection Services to Support Photovoltaic Systems at
Various District Sites

Proposal based on information provided by District. Proposal based on project to be completed in three increments (approximately 17 sites per increment). Actual construction beginning June 2011 and completing April 2012.

It is proposed to utilize three DSA Certified Project Inspectors during construction. Alisha R. Jensen will serve as Lead Project Inspector. Lead Project Inspector shall be a DSA Certified Class 1 and oversee all sites and scheduling inspections. Lead Project Inspector shall also perform and insure inspections as set forth in CBC Title 24 including but not limited to: Structural Steel, Reinforcing, Concrete, MEP, etc. Proposal anticipates two (2) Class 1 DSA Certified Inspectors inspecting all structural steel, reinforced concrete, etc., and other Class 1 requirements and one (1) Class 3 DSA Certified Inspector, responsible for any Mechanical, Electrical, and Plumbing Inspections, minor reinforcing, minor concrete, and/or other requirements a Class 3 Inspector may fulfill. Lead Project Inspector shall be responsible for special inspections with site specific project Inspector's overseeing actual special inspections that fall under respective certification category at assigned sites. Individual Project Inspectors shall be solely responsible for providing all Semi Monthly Reports to DSA for any aspect of inspections which they are performing. Lead Project Inspector will attend project meetings and assign Project Inspectors to attend weekly construction meetings. Lead Project Inspector shall ensure meet and/or ensure items discussed are disseminated with the inspection team to ensure continuity/consistency between the sites.

Inspection requests shall be submitted to Lead Project Inspector to maintain a record of all inspections performed throughout. A weekly progress report shall be submitted to the District to show work and inspections performed for each site.

The following hourly rates are submitted:

DSA Class 1 Lead Inspector:	\$85.00 per hour
DSA Class 1 Inspector:	\$75.00 per hour
DSA Class 3 Inspector:	\$65.00 per hour

Total amount proposed (NTE): \$390,000.00

Time to be billed monthly (by site) for actual hours worked. No minimums will be utilized under this contract. Resumes and additional qualification documentation is available upon request.

Respectfully submitted,

Alisha R. Jensen
DSA Class 1 # 3961
