FEE COMPENSATION

The following is LPA's suggested compensation for the Mt. Diablo USD's proposed Facilities Master Plan (FMP). This fee is flexible and open to negotiation once a specific scope of work and community engagement process has been definitively defined during the Plan the Plan process (kick-off strategy) with district leadership. At this time, we developed the fee based upon a schedule to complete the plan in May 2019, the scope-of-work outlined in the District's RFP and the quantity of sites at 29 elementary, nine middle, five high, four continuation high, 17 alternative programs, three charter and two adult education school centers.

Based on a phone conversation on May 29th LPA has revised our proposal to a phased implementation approach. Phase One represents tasks that would be completed prior to November 2018, with Phase Two scope being initiated after Board approval. Should the District not be able to proceed, Phase Two efforts could be dramatically reduced to focus on planning revenue that Mt. Diablo USD will secure from existing funding sources.
