Board Policy

Intradistrict Open Enrollment

BP 5116.1

Students

The Governing Board desires to provide options that meet the diverse needs, potential, and interests of district students.

To that end, the Board shall annually review enrollment options for students. (Education Code 48980(k))

The Board shall annually determine the enrollment capacity of each district school. (Education Code 35160.5(b)(2)(B))

The Governing Board desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also balancing enrollment in order to maximize the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

(cf. 5117 - Interdistrict Attendance)

The ~~district~~-District shall not provide transportation outside the school's attendance area for Intradistrict Transfer students.

The ~~district~~-District shall employ a random, unbiased process for considering enrollment applications where the number of applications is in excess of the spaces remaining to reach school capacity. The Assistant Superintendents shall identify the schools which may have space availability for additional students. A list of these schools and intradistrict transfer forms will be available at all schools, at the district office and on the district website. This process shall prohibit an evaluation of whether any student should be enrolled based on his or her academic or athletic performance. (Education Code 35160.5 (b)(2)(B))

The following principles are exceptions to the random, unbiased selection process:

1. No student who currently resides in the attendance area of a school shall be displaced by students transferring from outside the attendance area. (Education Code 35160.5 (b)(2)(C))
2. The ~~district~~-District retains the authority to maintain appropriate racial and ethnic balance among district schools. (Education Code 35160.5 (b)(2)(A))

3. The ~~district~~ District may employ entrance criteria for specialized schools or programs if the criteria are uniformly applied to all applicants. (Education Code 35160.5 (b)(2)(B))

4. The ~~district~~ District retains the right to assign a student to a school or program if the student requires a legally mandated program or accommodation that is available at the school such as a special education or bilingual program.

5. The ~~district~~ District retains the right to assign a student to a school for disciplinary reasons or for the protection of the health and safety of that student or other students. (Education Code 35160.5 (b)(3)(A))

6. A student with an approved Intradistrict Transfer shall remain enrolled in a school unless the student is displaced by a student who resides in the school attendance area.

7. Students who are found to be living outside of a school's boundaries will be subject to the following procedures:

a. Once a school administrator is aware that a student enrolled in their school resides outside of their school's boundaries, that administrator, or designee, will refer the matter to the Student Services Office by submitting the Student Change of Address Notice form, along with the student's attendance, and behavior records, current grades, and credits.

b. The Student Services Office will follow-up to verify residence and inform parents/guardians of the district's Intradistrict Transfer Request process, as well as provide parents/guardians with the necessary forms. If the Intradistrict Transfer Request is denied, the Student Services Office will inform parents/guardians of their appeal rights and procedures. The student will remain in the district school where he/she is enrolled until the Intradistrict Transfer Request appeal process has been completed.

c. The Student Services Office will notify the school administrator, where the student is enrolled, of the status of the Intradistrict Transfer Request when the process has been completed. The Student Services Office will notify parents/guardians, the school of enrollment, and the school of residence regarding the approval or denial of the Intradistrict Transfer Request.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of residence within the district. (Education Code 35160.5)

(cf. 5111.1 - District Residency)

(cf. 5111.12 - Residency Based on Parent/Guardian Employment)

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for intradistrict open enrollment shall be submitted between October 15 to January 15 of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school's capacity in a non-arbitrary manner using student enrollment and available space. (Education Code 35160.5)

[Students shall be enrolled in schools using the following priority system:](#)

[1. Siblings](#)

[2. Employees](#)

3. Students residing in a neighborhood where attendance has been established by agreement (such as Monte Gardens, Sequoia Elementary, and Sequoia Middle), and Crystyl Ranch attendance at Northgate High).

4. Cohorts moving from one level to another

5. Academic Programs

6. Choice

All of these are based on space availability and only resident status is guaranteed.

Siblings: Intradistrict Transfer Requests from siblings of students currently enrolled in school of request. Siblings must share a year at the same school.

Employees: Employees are currently defined in board policy as follows: Students whose parent/guardian is assigned to that school as his/her primary place of employment. Priority criteria will only apply for the duration of the parent/guardian's employment at that site. Employees to be eligible hereunder must have a regular assignment of 10 hours per week or more.

Cohort: A cohort is defined as a group of students moving from one level to another. For example, Riverview to Mt. Diablo High, Valley View to College Park, El Dorado to Concord High, and Foothill to Northgate. It also includes the various feeder patterns traveling from elementary school to middle schools.

Academic Programs: Academic Program Pathways are currently in development, but include a continuation of a specialized program such as International Baccalaureate or Dual Immersion.

Space available will be determined by current enrollment and will be reviewed annually. A district wide facility plan will assist in determining the capped number. The goal is to enter into a cohort (resident, cohort only, program) in Elementary school and to stay K-12.

Metrics: The following metrics will be used to analyze and determine effectiveness. ~~of this pilot.~~ Stability of Enrollment at each campus, Number of Transfer requests, Students staying in cohort, Number of denials of transfers, location of denials, and other metrics that are deemed significant.

The goal of the district is to "right size" schools and to aim for a more uniform enrollment. The goal also is to keep students together in order to support their educational program.

Magnets: Current magnets may or may not have a complete K-12 feeder pattern.

Length of Pilot: This will be a multi-year pilot with annual information/metrics brought forward to the Board, as needed or directed by the Board.

Except for priorities listed above, the Director, Student Services District shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school's capacity. (Education Code 35160.5)

Enrollment decisions shall not be based on a student's academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students. (Education Code 35160.5)

(cf. 6172 - Gifted and Talented Student Program)

Transportation

Except as required by 20 USC 6316 for transfers out of Title I PI schools, † The district District shall not be obligated to provide transportation for students who attend school outside their attendance area.
