Philosophy of Discipline and Safe School Planning

A. PHILOSOPHY OF DISCIPLINE

The Mt. Diablo Unified School District believes that the best discipline is self-imposed and that each student should learn to assume responsibility for his/her actions.

Schools have an educational responsibility to promote a positive understanding of discipline. Our goal is to enhance each student's awareness of his/her personal responsibility by providing an orderly and predictable set of guidelines so each student can choose the course of action in his/her best personal interests.

There are three distinct phases of this responsibility:

1. To establish a school environment where the activities of the students and adults are orderly and promote a climate of cooperation.
2. To develop an understanding of the need for discipline throughout society.
3. To develop the student's desire for self-discipline.

B. STUDENT CONDUCT AND DISCIPLINE

In the process of developing rules regarding student conduct and discipline, the personnel of the Mt. Diablo Unified School District shall be guided by the following general policy statements:

1. Rules of conduct and disciplinary procedures shall be consistent with state and federal law and with the rules prescribed by the
1. State Board of Education.
2. District personnel shall implement state and federal law and district policy.
3. Each school shall develop rules and procedures on school discipline in accordance with
4. E.C. 35291.
5. It shall be the responsibility of the staff of each school to inform students and parents of the rules.
6. Rules and regulations dealing with discipline policy shall be distributed to students, teachers and parents at the beginning of each
7. school year or at the time of enrollment for students who enter during the school year.
8. 6. The administration shall be responsible for the maintenance of good discipline at the school site or wherever students may be
9. participating in school-related activities. School district employees shall assume responsibility for the enforcement of the
10. established rules.
11. 7. Corporal punishment shall not be administered to a pupil by employees of the Mt. Diablo Unified School District.

NOTE: Nothing in this policy statement shall be construed to prohibit a teacher, administrator or other district employee from protecting himself/herself or others or school property by means of restraining a student, confiscating a weapon, or turning over a lawbreaker to appropriate law enforcement agencies.

The school district or governing board shall not be responsible or in any way liable for the conduct or safety of any pupil of the public schools at any time when such pupil is not on school property, unless the district or Board has undertaken to provide transportation for such pupil to and from school premises, has undertaken a school-sponsored activity off the premises of such school, has otherwise specifically assumed such responsibility or liability, or has failed to exercise reasonable care under the circumstances.

C. CHARACTERISTICS OF SAFE SCHOOLS

What is a safe school?

"Safe schools are orderly and purposely safe places where students and staff are free to learn and teach without the threat of physical and psychological harm. They are characterized by sensitivity and respect for all individuals, an environment of nonviolence, clear behavioral expectations, disciplinary policies that are consistently and fairly administered, students' affiliation and bonding to the school, support and recognition for positive behavior, and a sense of community on the school campus. Safe schools are also characterized by proactive security procedures, established emergency response plans, timely maintenance, cleanliness, and a nice appearance of the campus and classrooms."

Taken from "Safe Schools: A planning Guide for Action"

D. QUALITY INDICATORS OF SAFE SCHOOLS

Our youth have many divergent needs. Their feelings of safety and security are influenced by wide-ranging factors. Some factors are equally important to all students, while others will be viewed with different levels of importance. The following comprehensive list of quality indicators describe factors considered to be primary in supporting the establishment and maintenance of safe schools. Because of limited resources, it is likely that few schools would meet all criteria. The factors included in this list are intended to be used as a broad measuring stick to assess school safety.

1. Focus on academic achievement

Effective schools convey a positive attitude that all youth can achieve academically. High expectations are established and clearly communicated to students and school community stakeholders. Instruction focuses on district curriculum standards and builds on student readiness profiles, individual learning styles, and interests. The educational approach is developmentally appropriate for students and provides a safe, secure setting free from threat. Students are able to test their skills at real tasks in a safe, noncritical environment. Adequate resources and programs ensure that expectations are met.

2. Positive environment that values youth and their ideas and is responsive to their needs

Research shows that a positive relationship with an adult who is available to provide support when needed is one of the most critical factors in preventing youth violence. Students often look to adults in the school for guidance, support, and direction. Effective schools help youth overcome feelings of isolation and support them in developing connections with others. Effective schools encourage youth to help each other and feel comfortable assisting others in getting help when needed. Academic and behavioral expectations are modeled by adult stakeholders.

3. Comprehensive safe school plan

Safe schools are orderly and purposeful places where students and staff are free to learn and teach without the threat of physical and/or psychological harm. Safety on campus is everyone's business. In accordance with state law and district policy, each school has a Comprehensive Safe School Plan approved by the school's Site Council. It is developed by representatives from all of the school's stakeholding groups, including law enforcement.

The plan includes an assessment of the school's current crime status, strategies and programs related to various aspects of school safety, an action plan to correct areas not meeting expectations (if applicable), school-wide discipline and disaster plans, and other components required by law.

4. Zero tolerance for violence, weapons, and drugs

Those in the school and community support a zero-tolerance approach to violence, weapons, and drugs. All stakeholders have declared that resorting to physical violence or participating in hate-based violence will not be tolerated. Neither will be possession or use of drugs or weapons be permitted under any circumstances.

5. Supervision/security

Every effort is made daily to provide supervision on campuses. Supervision is conducted to observe, and intervene when appropriate, student interactions as well as to maintain security with regard to nonstudents. Teachers and other staff members, participate in supervision before, during, and after school in assigned areas. Administrators monitor the students by supervising before, during, and after school. Special attention is given to those periods of the day when large groups of students are out of class together. Multiple lunch periods are offered as one strategy to reduce the number of students out of class at one time for lunch. Schools utilize either noon or campus supervisors to assist with supervision. Parent volunteers also assist when possible. All staff are aware of contingency plans that will be implemented in the event of an emergency and all have effective means to communicate during a crisis.

6. Parent and student involvement in school activities and decision-making at school

Students who have parents involved in their growth both inside and outside of school are more likely to experience school success and less likely to become involved in antisocial activities. Effective schools routinely provide opportunities for parents to become involved in activities related to the educational program and school governance. These schools make parents feel welcome, address barriers to their participation, and keep them positively engaged with their son/daughter's education.

Similarly, student involvement in school activities and decision-making at school provides an avenue to maintain school programs, standards, procedures, and support services that are relevant, as well as ones that reflect the ideas and needs of youth. Students take more ownership and assume more responsibility when involved as partners.

7. Prevention education

All staff, certificated and classified, systematically foster effective K-12 prevention education to create a culture that promotes a safe and supportive environment for all members of the school community. Quality prevention education is “skills-based” and teaches asset development, conflict management, anger management, tolerance of diversity, good citizenship, decision-making, and refusal skills that result in healthy life choices.

8. Intervention services

When behavioral or emotional signs signal a troubled youth, support services are available to address the youth’s needs. Students have access to caring adults who will listen to their ideas and concerns and who will take proactive steps to provide guidance when needed. Professionally trained individuals are available to provide appropriate support services when needed. Mental health needs of youth are a priority.

9. Staff training

Staff training is ongoing, system-wide and includes both certificated and classified staff. It provides for collaboration and is delivered in a safe and respectful environment that is conducive to learning. The school builds in accountability practices and evaluation of programs to provide a foundation of program planning. All stakeholders in the community have an investment in supporting staff training in order to create and sustain a safe environment for all.

10. Parent education

Parents do their best to provide youth with an opportunity to succeed. They frequently express the need for training to better respond to the changing needs of today’s youth. Educational opportunities for parents are available to address their needs. Barriers to their participation are addressed, including time and location of classes, child care, and bilingual teachers. Schools work closely with the district’s Adult Education Program to provide parenting education.

11. Links to the community/interagency collaboration

Links to the community provide a sense of belonging and responsibility. Opportunities for community service are offered to students. Furthermore, schools that have close ties to families, support services, community polices, and the community at large can benefit from valuable resources. Schools alone cannot meet the diverse needs of youth. All community stakeholders must coordinate efforts and consolidate resources to maximize services to youth.

12. Alternative educational opportunities

Students present diverse needs. Traditional approaches to education are not always appropriate for some students. Modifications are made with students when needed, and alternative programs are offered to accommodate the academic and social needs of students when appropriate.

13. Availability of healthy activity choices during at-risk hours

Studies have indicated that youth engage in a wide variety of risk taking and illegal activities during after-school hours when they are unsupervised. Schools, cities, and community organizations collaborate to provide youth with healthy choices during at-risk hours. Youth are encouraged to participate in after-school co-curricular and interscholastic activities. An effective truancy prevention program is implemented.

14. Safe, clean, and attractive physical environment

The school setting provides an environment that is safe from physical hazards, clean, and attractive. The environment should reflect student interests and display student work. All students learn that they contribute to the overall appearance of their campus. The appearance of the campus is continuously addressed by custodial staff, students through incentive programs, and other staff.

E. COMPREHENSIVE SCHOOL SITE SAFETY PLAN

Comprehensive School Safety Plans and the specific contents of the Plans are mandated by Education Codes 32280-32288. A “safety plan” means a plan to develop strategies aimed at the prevention of, and education about potential incidents involving crime, violence, and emergency disaster procedures.

The School Site Council, or the Safety Planning Committee authorized by the Site Council, is responsible for the development and ongoing reviews of the Plan. If the school chooses to form a Safety Planning Committee, the Committee must include the following members:

- The school’s Principal or his/her designee

- One teacher representative of the certificated employee organization
- One parent whose child attends the school
- One employee representative of the classified employee organization
- Other appropriate members
- The School Site Council or the Safety Planning Committee shall consult with a representative from law enforcement in the writing and development of the safety plan.

The School Site Safety Plan shall include, but is not limited to:

- An assessment of the current status of crime committed at school or related school activities
- Appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety which include the following:
 - Child Abuse Reporting Procedures
 - Disaster procedures, routine, and emergency
 - Policies pursuant to serious actions, which would lead to suspension and/or expulsion
 - Procedures to notify teachers of dangerous pupils
 - Establishing an earthquake emergency procedures system and a school building disaster plan
 - Sexual Harassment Policy
 - Provision of a school side dress code
 - Procedures for safe ingress and egress of pupils
 - The rules and procedures for school discipline
 - Hate Crime reporting procedures pursuant to Penal Code 628-628.6

A safety plan may also include an action plan for implementing strategies and procedures

Yearly each school site shall adopt its Comprehensive School Site Safety Plan. Before the School Safety Plan is adopted, the site council or the School Safety Planning Committee shall hold a public meeting at the school site in order to allow members of the community the opportunity to express an opinion about the Safety Plan.

The Site Council or the School Safety Planning Committee shall notify, in writing, the following persons or entities, if available, of this public meeting:

- The local mayor
- A representative of the school employee organization
- A representative of each parent organization at the school site, including the parent teacher association and parent teacher clubs
- A representative of each teacher organization at the school site
- A representative of the student body movement
- All persons who have indicated that they want to be invited

The Site Council or the School Safety Planning Committee is encouraged to notify, in writing, the following person or entities, if available of this public meeting:

- A representative of the local churches
- Local civic leaders
- Local business organizations

To assist schools in the development of their plans, a template has been developed and is available from the Student Services Department. A copy of each school's plan must be on file in the MDUSD Student Services Department. (See Administrators' WIKI for template.)

In order to ensure compliance with this article, each school district shall annually notify the California Department of Education by October 15 of any schools that have not complied with Section 32281.

Each school is required to assess the current status of school crime committed on the school campus and at school-related functions. You may accomplish this by reviewing the following type of information: Local law enforcement crime data; suspension/expulsion data; behavior referrals; counseling referrals; attendance rates; SART/SARB data; CHK Survey data; SPSA data; property damage/vandalism data; or any other data pertinent to your assessment. Identify the specific data sources used in your assessment.

Assessment of the Current Status of School Crime EC 32282(a)(1) Assessment of the Current Status of School Crime EC 32282(a)(1) with Parent, Teacher, and Student Input

Your assessment conclusions should reflect input from staff, students, parents and community members, as appropriate. During the past three years and continuing this year, resources have been allocated to improve student success and safety. A psychologist intern and site counselor were hired. The hours of our instructional assistant were doubled and a computer assistant was hired. In order to address staff desire to improve the school climate, staff members attended training for Toolbox, a school-wide Positive Behavior Intervention. Morning and lunch supervision hours have been increased as well. All these improvements were made in an effort to increase student safety and well-being.

Based on review of attendance, discipline, suspension/expulsion, SART/SARB, enrollment and police data, Mountain View Elementary has had a substantial drop in overall campus crime, and an increase in attendance during the past three years. Suspensions for violent incidents have decreased by almost 50% and overall attendance has increased by .35% points. These numbers have improved even with a 15% increase in enrollment.

Provide and Maintain a High Level of School Safety EC 32282(a)(2)

Discipline

The Governing Board desires to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, effective classroom management, and parent involvement can minimize the need for discipline. Staff shall use preventative measures, positive conflict resolution techniques, and positive behavioral support strategies whenever possible.

Prior to completing this section, review the MDUSD Student Behavior Expectations manual and the MDUSD Crisis Intervention manual.

List and describe interventions and support systems that are in place as a deterrent to suspension and expulsion.

Toolbox Interventions (student life skills and positive behavior intervention skills), Site based Counselor (individual and group counseling), School psychologist and psychologist intern (emotional and academic interventions), CARE Team (school based resources and service implementation). Early Literacy Intervention Support is provided during the school day and Buena Vista Tutoring is provided after school for students who are at risk academically. Research shows that students who are at risk academically are more likely to be suspended and/or expelled from school. Intervention supports are a proactive measure to decrease suspensions and expulsions.

Describe the guidelines for the roles and responsibilities of mental health professionals, community intervention professionals, counselors, school resource officers and police officers on your campus.

In addition to following the MDUSD job descriptions for school psychologist and school counselor, Mountain View works with mental health professionals and community resources to provide assistance to students and families as needed. These needs are typically identified through CARE team, SSTs, staff recommendations, SARB, and Positive Behavior Team. Mountain View Elementary is committed to providing support to students and families. Mountain View uses LCFF Targeted Supplemental funds to provide a part-time school psychologist intern. The intern provides individual counseling and support for parents.

Dress and Grooming

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Therefore, students are to dress appropriately on all school campuses and at all school activities in the district. Students have the right to make individual choices from a wide range of clothing and grooming styles, but they must not present a health or safety hazard or a distraction which would interfere with the educational process. Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. Students should project an appearance that is conducive to a safe learning environment. Dress which is disruptive and contrary to school rules regarding drugs/alcohol/violence, and gangs is not permitted. Student clothing, emblem, badge, jewelry, symbol, or other insignia which creates a clear and present danger on school premises or the disruption of the orderly operation of the school is prohibited. Students and parents/guardians shall be informed about the school dress code at the beginning of the year and when revised. A student who violates the dress code shall be subject to appropriate disciplinary action.

School Dress Code

The principal may establish a dress code that prohibits students from wearing apparel that it presents a distraction or threatens to disrupt the school's activities. Inappropriate dress is attire that causes a distraction or a safety concern on a school campus. The outdoor use of sun-protective clothing, including but not limited to hats, is permitted. However, specific clothing and hats determined to be gang-related or otherwise inappropriate under the policy are prohibited. Principals may determine that hats are prohibited in certain locations or areas where sun-protection is not necessary. A dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the staff, students, parents/guardians and educational community.

MDUSD AR 5132

At individual schools that have a dress code prohibiting apparel that interferes with the educational process or threatens to disrupt the school's activities, the principal may develop a dress code identified in the school safety plan that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus.

Because student dress is constantly changing, clothing and grooming styles that present a health or safety hazard or a distraction which would interfere with the educational process/school activities shall be reviewed at least annually and updated whenever related information is received.

Mountain View Discipline

CONDUCT AND DISCIPLINE POLICIES

Code of Student Conduct

In accordance with the California Education Code, the Mt. Diablo School Board has adopted a code of Student conduct prescribing the rules and regulation for the control, discipline, suspension, and expulsion of students. These rules and regulations are intended to promote an atmosphere within the school which is conducive to learning as well as insure the protection of the rights of students. Inherent to a democratic society is the fact that rights entail responsibilities. Self-respect and respect for others are major goals of the Code. Students have the right to avail themselves of a free public education; however, students have a responsibility not to interfere with the education of other students.

Discipline Policy

Teachers, parents and students work as a team at Mountain View Elementary. The academic growth of the child and progress of the school depend on the attitude of support, the communication and cooperation between home and school. Other means of correction are always tried before referrals are issued. Parent contact, student meetings, loss of privileges, and detentions are just some of the prevention strategies used.

Mountain View Elementary School has established rules to create a safe learning environment and protect the rights and safety of all. Discipline is fair and consistent. Students receive an orientation to the school rules yearly. Each teacher posts their individual classroom rules.

School Rules

1. Be Safe
2. Be Respectful
3. Be Responsible
4. Be Kind

Referrals

Referrals for unacceptable behavior will be sent home for parents to see, discuss and sign for return. Students cited with several referrals will be sent to the principal for a conference and home contact. Some behaviors are cause for an immediate suspension. There are not limited to, but do include, fighting, physical aggression toward a staff member, knowingly seriously damaging school property. The principal holds the right to decide consequences related to discipline matters.

A discipline referral is issued when severe and/or repeated misbehavior occurs. Parents are asked to accept this notification as a sign that home intervention is necessary.

When a student is sent to the office the following will occur.

1. The student explains behavior to the principal. A referral is sent home and filed at school. Appropriate consequences will be assigned.
2. If behavior continues, the parents, teacher, student and principal will meet to discuss difficulties. Appropriate consequences will be assigned.
3. In accordance with the Board Policy and the California Education Code, more serious misbehavior or continued misbehavior can result in periods of suspension.

Some grounds for suspension and expulsion are as follows:

1. Caused or attempted to cause, or threatened to cause physical injury to another person.
2. Possessed, sold, furnished any firearm, knife, explosive or other dangerous object.
3. Possessed, used, sold, furnished, or been under the influence of any controlled substance, alcoholic beverage/intoxicant.
4. Offered or arranged or negotiated to sell any controlled substance, alcoholic beverage, or and intoxicant, and then either sold, delivered, or otherwise furnished another liquid, substance, or material and represented as a controlled substance, alcoholic beverage, or intoxicant.
5. Committed or attempted to commit robbery or extortion.
6. Caused or attempted to cause damage to school property or private property.
7. Stole or attempted to steal school property or private property.
8. Possessed or used tobacco, or any products containing tobacco or nicotine products.
9. Committed an obscene act or engaged in habitual profanity/vulgarity.
10. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Section 11014.5 of the Health and Safety Code.
11. Disrupted school activities or otherwise willfully defied the valid authority or supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties.
12. Knowingly received stolen school property or private property.
13. Possess an imitation firearm.

In addition, a student in grades 4 and 5 may be suspended from school or recommended for expulsion if the pupil has:

1. Committed sexual harassment.
2. Committed or attempted to commit a sexual assault (Penal Code 261, 266C, 286, 288, 288a, 289).
3. Has caused, attempted to cause, threatened to cause, or participated in an act of hate, or violence.
4. Has intentionally engaged in harassment, threats, or intimidation, directed against a pupil or group of pupils.

For persistent or more severe cases, a School Review Board maybe convened with a possible recommendation to the Mt. Diablo Unified School District Board for expulsion.

General Emergency Preparedness

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

I. INTRODUCTION

A. Purpose of the Plan

School communities face a significant challenge with the issue of being ready to respond to new types of emergency situations and trauma. Preparation to deal with emergencies now includes chemical spills, bomb threats, school shootings, hostage situations, sniper attacks and an array of other potential terrorist activities in addition to the requirement of planning for natural disasters such as fires and earthquakes. The purpose of this Emergency Preparedness and Crisis Response Plan is to provide a functional, procedural framework for school staff and school emergency responders to follow when responding to emergencies in and around the school campus. It is intended to ensure as much as humanly possible the safety, security and medical treatment of school students, staff, and visitors in an actual or threatened emergency or full-fledged disaster. The primary objectives of this plan are to:

- Save lives and minimize injuries
- Provide fast, effective responses to emergency situations
- Ensure efficient and safe evacuation of the school buildings should it be necessary

This response plan is designed to assist school staff, students, parents and local agencies organize resources of the school and community to respond to a crisis situation while school is in session. It is also intended to:

- Develop an awareness of the diverse emergency situations that can occur on or near a school campus
- Provide staff members with a description of their duties in emergency situations
- Provide strategies that will help students, staff, parents and community agencies to respond in an appropriate and safe manner to emergency conditions
- Support school staff in providing a school environment that provides a maximum level of safety and security for all students, parents, and staff.

B. Regulatory Authority

State laws and regulations require that school districts develop emergency plans and train staff in emergency response procedures. These include laws applicable to school staff and students as well as Cal/OSHA regulations specifically addressing the safety of district employees.

The Katz Act [California Education Code, §35295-35297] requires that schools plan for earthquakes and other emergencies. It also requires that training in earthquake preparedness procedures should be for both certificated and classified staff.

The Petris Bill [Government Code, §8607] requires that school districts be prepared to utilize the Standardized Emergency Management System (SEMS) when responding to emergencies. This requires that principles of SEMS be incorporated in the District plans; that the Incident Command System (ICS) be used at school sites to respond to emergency incidents; that all school personnel be trained in how the respective systems work and correlate; and that schools have drills and exercises in order to practice using the systems.

This plan is designed and structured to ensure compliance with the mandates of these laws as well as with Cal/OSHA's Emergency Action Plan Standard Title 8, California Code of Regulations §3220. This regulation requires that each employer facility have an

Emergency Action Plan which focuses on the specific emergency contingencies, response personnel roles, and evacuation plans of each employer's site where employees work. Schools and school districts are included in this mandate.

C. School Site Emergency Preparedness and Response Coordination

Each principal shall supervise the planning, operating and testing of their respective school's Emergency Preparedness and Crisis Response Plan. Each principal will also ensure that all school staff and students are familiar with the basic elements of the District's Emergency Operations Plan, which will be utilized at the district office in the event of a major emergency or district-wide disaster.

A designee shall be named to serve in the event of a site emergency or a disaster that occurs when the principal is absent or otherwise unable to serve. The principal must ensure that the procedures of the Incident Command System are utilized by all staff personnel in the event of an emergency incident and shall serve as the Incident Commander at all school crises or emergencies. The principal is also to designate a staff person to control site access at all emergencies and supervise outsiders who arrive at the school site.

Each principal shall annually prepare a priority list of staff to be named as First Aid Assistants and in other emergency roles in event of emergency.

Each principal shall, at the beginning of each school year, conduct a survey of certificated and classified personnel to determine first aid training status, disaster preparedness training and medical and emergency experience or training (both paid and volunteer). Principals will ensure that all designated emergency personnel are properly trained in their respective response assignment. Survey and training records shall be kept current as changes in personnel occur. Copies of records shall be on file in the principal's office and a copy given to the Director of Risk Management. A similar survey and training assurances will be conducted among district office personnel.

Principals shall annually survey parents to determine any who may wish to volunteer for response assistance during an extended emergency or disaster response operation.

All employees trained in first aid and CPR will be identified and included on lists maintained by site/program administrators. All District personnel designated as primary duty (e.g., school nurses) or collateral duty medical emergency responders will receive appropriate instruction in blood borne pathogen protection and post-exposure follow-up procedures.

Principals shall conduct a survey to locate neighboring resources such as hospitals, medical clinics, dental offices, fire stations, police stations, churches, parks and other open areas, and potential vendors for additional emergency supplies. A map clearly showing these facilities in relation to the school will be maintained in each school's principal's office.

Principals shall, annually, prepare a list of students and staff at their school who have medical conditions which require medication in case of a long stay at the school (e.g. diabetes, epilepsy, asthma).

Principals shall, annually, assure that the needs of students with disabilities are considered and provided for in the event of an emergency, evacuation or long stay at school.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

II. CRISIS/EMERGENCY INCIDENT RESPONSE SYSTEM

A. Crisis Response

A crisis is any event of limited duration that is seriously disruptive, unpredicted and overwhelming for those who experience it. A crisis may be volatile in nature and, at times, may threaten the survival of the individual or groups involved. The sudden change in a familiar setting due to a crisis is unwanted, frightening and often results in individuals feeling vulnerable and helpless. Ultimately, with successful intervention, stability can be restored and the individuals involved can view the school as safe and secure. The preparedness and ability of a School Crisis Response Team is to direct and maintain an appropriate course of action during a crisis is critical in achieving this outcome. The primary goals of crisis response are to:

- Prevent a potentially chaotic situation from escalating into a catastrophic event.

- Help those affected to return, as quickly as possible, to a normal level of functioning.
- Decrease the potential long-term effects of the crisis.

Examples of events that create a crisis include, but are not limited to:

- An accident involving a student or staff member
- Death of a classmate or staff member
- Suicide or homicide
- Natural disasters
- Terrorist activities
- Substance overdose
- Severe act of violence (school shooting or hostage situation on campus)
- Fire or chemical spill
- Any other event that is an emotionally-significant event that creates an unstable or critical school setting.

B. Incident Command System (ICS)

The Incident Command System is an emergency response system used to manage an emergency incident at a specific facility or site. The ICS, as designated by the MDUSD, will be used by this school as the formal emergency response structure for all emergencies, regardless of size.

The Incident Command System is a field level emergency response system to a specific incident or type of incident. This is in contrast to the Standardized Emergency Management System (SEMS) which is used to manage resources at a district-wide level. The Incident Command System can be used for both small and large incidents. The ICS has considerable flexibility and can expand or contract to meet different needs of the incident.

The organization of Incident Command System is based on five major management functions or sections, which are also utilized in the SEMS response structure:

- Command (Management) - responsible for overall policy and coordination
- Operations - responsible for actually performing the actions that make up the emergency response
- Planning/Intelligence - responsible for collecting, evaluating and disseminating information; maintaining documentation and evaluating incoming information to determine the potential situation in the not-too-distant future
- Logistics - responsible for providing facilities, services, personnel, equipment, materials
- Finance - responsible for financial activities such as establishing contracts with vendors, keeping pay records, and accounting for expenditures

These five management functions are the foundation upon which the Incident Command System organization develops. They apply to handling a routine emergency, organizing for a major incident or managing a major response to a disaster. On small incidents, these major activities may all be managed by one person, the Incident Commander. Large incidents usually require that these activities be set up as separate sections within the organization. Each of these sections may be further divided into branches, units and groups, as needed.

Command staff consists of the Incident Commander, Deputy Incident Commander (if needed), Public Information Officer, Safety Officer, and Liaison Officer. General staff includes the section chiefs from each section. Actual incident response actions will be carried out by a Crisis Response Team as described in Part III, E of this plan. The Command Staff will determine the most appropriate response actions for each emergency by the coordinated development of an Incident Action Plan.

C. Incident Action Plan

The Incident Action Plan is the plan developed by the Incident Commander and the Command Staff which contains the objectives reflecting the overall incident response strategy. It also is used to lay out specific actions and any needed supporting information for the next operational period.

It is important that all incidents have some form of an Incident Action Plan. The plan is developed around a specified duration of time called an operational period and will state the objectives to be achieved and describe the strategy, tactics, resources and

support required to achieve the objectives within the time frame. Generally, the length of the operational period is determined by the length of time needed to achieve the objectives.

The plan may be oral or written. Small incidents with only a few assigned resources may have a very simple plan which may not be written. Small incidents do not require elaborate Incident Action Plans. Incident Action Plans will vary in content and form depending upon the kind and size of the incident.

There is no single format which will fit all situations. Several Incident Command System forms are appropriate for use in Incident Action Plans. Incident Action Plans have four main elements that should be included:

- Statement of Objectives - Statement of what is expected to be achieved. Objectives must be measurable.
- Organization - Describes what elements of the Incident Command System organization will be in place for the next operational period.
- Tactics and Assignments - Describes tactics and control operations, including what resources will be assigned. Resource assignments are often done by division or group.
- Supporting Material - Examples include a map of the incident, a communications plan, medical plan, a traffic plan, weather data, special precautions and a safety message.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

III. COMMAND and ORGANIZATION DURING A CRISIS

A. Foundations of Crisis Response

The primary foundation for any emergency or crisis response system is to ensure, as much as is humanly possible, the application of the three C's at all times. These three C's are:

Control – Control is the cornerstone of every crisis/emergency response. It means, first and foremost, the control of oneself and the initial responder(s); followed immediately by the control of non-responders in the area; and control of the area itself. It also means the control of persons, through conflict resolution or more direct means, involved in a developing hostile situation. In emergency response this is initiated and maintained through the effective use of the Incident Command System.

Communication -- Communication is essential to maintaining the control over a crisis incident or site and to the effective coordination of all response actions. Initial responder(s) must be able to communicate with school management, i.e. response command personnel, without leaving the incident/crisis site. An ongoing crisis/emergency response can only ensure coordination if ongoing communication is maintained among all response persons and between response persons and the command staff at the Incident Command Post.

Coordination -- Coordination is essential to ensure that the most effective and appropriate response actions are used throughout a response operation. It will be maintained after control is achieved and proper communication is established. Proper utilization of the Incident Command System will ensure that all response operations are coordinated from a central point and that no response action is taken at cross purposes to any other.

B. Chain of Command

An appropriate chain of command, organized and operated according to the Incident Command System, will be maintained at all school emergencies. This will facilitate the maintenance of effective control and coordination at campus emergencies.

In the event of a crisis, the principal will act as the Crisis Response Team Incident Commander at all school emergencies and is responsible for initiating and carrying out any emergency actions as required. The principal directs the Crisis Response Team members and other school staff in the implementation of the response actions of this crisis plan through the assignment of appropriate duties.

C. Earthquake

Although the probability of an earthquake occurring is lower than most other emergency types, the potential for injuries and damage from one is high. It is essential that students and staff remain aware of the following basic actions:

If an earthquake or other situation warrants, drop to the floor, take protective position under desks or furniture with backs to windows and hands covering head and face. Stay in position until directed to evacuate or take other protective action.

If outside, move away from buildings and trees and take protective position. When situation permits, proceed to the designated assembly point. Standby: Alert students in your area to stand by for further information. Make whatever assessment of the situation is possible. Render emergency first aid as required.

If inside, stay inside during ground shaking. In classrooms or offices, move away from windows, shelves and heavy objects or furniture that may fall. Take cover under a safe table, desk or counter. At the teacher's command, students should take the DROP position.

If a "shelter" (table, desk, etc.) is not available, move to an inside wall or corner, turn away from windows, kneel alongside wall, and bend head close to knees, with elbows firmly behind neck protecting face.

If notebooks or jackets are handy, hold these over head for added protection from flying glass and ceilings debris. Remain in sheltered position for at least 60 seconds or until directed to move by an adult.

If in halls, on stairways, or other areas where no cover is available, students must follow the directions of the nearest teacher or school employee.

If in the library, immediately move away from windows and bookshelves and take appropriate cover.

In the science lab or shops, all burners should be extinguished (if possible) before taking cover. Stay clear of hazardous chemicals that may spill.

The duration of ground shaking depends on a number of factors, including the severity of the earthquake. Advise students to anticipate shorter or longer episodes of ground shaking during actual earthquakes and their aftershocks.

Earthquake hazards commonly found in school buildings:

- Glass that shatters or flies around
- Objects stored above head-level on shelves, walls, and ceilings (such as unused projectors, books, science equipment, boxes)
- Objects that block movement to safe places (books on floors, tipped desks and bookcases)
- Cabinets without latches
- Objects stored on wheels
- Open shelving without a lip or restraining wire
- Free standing cabinets
- Blocked exits
- Objects in hallways that block movement (glass, tables, locker contents)

Settling down after the first shock:

- After the first shock, teachers will evacuate the classrooms, being alert to the possibility of aftershocks.
- When leaving the classroom, teachers should make every effort to take with them the roll book and emergency supplies.
- Announce that no student is to return to the room unless directed to do so.
- Teachers will take classes to pre-arranged places on the campus.
- Teachers and students will remain in designated areas until re-entry to the building has been approved or they are directed to move elsewhere.
- School will remain open indefinitely until every student has been released to parents or to an authorized person.
- Do not light any fires after the earthquake because of possible gas leaks.
- If possible, notify utility companies of any break or suspected breaks in service.
- The principal should procure the advice of the Director of Maintenance and Operations regarding the safety of the buildings.
- The principal should keep the superintendent informed of conditions at the school.

Disaster supplies are kept in a locked shed away from the school buildings and accessible once all personnel and students are safely accounted for and secured in the evacuation area. Reunification of families with students will begin at the evacuation area. Emergency contacts are listed on the Emergency Information Cards. ID is required and responsible contact will sign out the student and provide phone information.

D. Fire

In the event a fire is detected within a school building, the school fire alarm will be sounded. This will automatically implement the action to LEAVE THE BUILDING.

The teacher leaves the room last, checking closets and storerooms for stragglers, closing door when out. Teachers will take with them their class list.

Staff and students will assemble at the assembly point designated.

The teacher will take roll and complete the Student Accountability Form.

Teachers are to remain with their classes until given further directions.

The fire department will be notified. The police and superintendent should also be notified.

Access roads to the school campus should be kept open by custodians or other designated staff.

Students and staff will not return to the buildings until the fire department declares the area safe and the principal has announced the ALL CLEAR via bullhorn or through runners.

Clothing on fire: STOP. DROP. ROLL. Use other pieces of clothing to help smother the flames. Immediately call 911. Render first aid.

Several evacuation routes are noted, however most fire drills are practiced in a uniform way.

E. Bomb Threat/Suspicious Package

Bomb Threat

An employee receiving a bomb threat by telephone or other means will utilize the Bomb/Phone Threat Information Checklist form, if possible. The employee, in using the form, will attempt to obtain the following information:

- Try to ascertain as much information from the caller or source as possible. Verbatim responses to the following questions are especially desired:
 - o When is the bomb to explode?
 - o Where is the bomb right now?
 - o What kind of bomb is it?
 - o What does it look like?
 - o Why was the bomb placed here?
 - o Note on checklist a description of the caller's voice (sex, age, tone, accent, etc.) and whether it was familiar or not.
 - o Note any background noises (train, machinery, airplanes, ocean, traffic, etc.).
- Notify the principal or designee.
- Principal will notify the police department, the fire department, and the superintendent.
- Upon notification of a threat, the principal will decide whether to clear the building for the safety of staff and students. If the emergency action to leave building is ordered, students will move under the full control of their teacher to the designated assembly point. Proceed as during "FIRE" above.

Suspicious Package

Anyone discovering a suspicious package, box or strange device will do the following:

- Not touch or remove strange objects.
- Notify the principal.
- Principal will notify the police department, the fire department and the superintendent.
- Principal will evacuate the buildings.

Whenever a bomb threat is received or a suspicious package is found, a police officer will evaluate the threat or object before instituting a search of the buildings or sounding the signal for staff and students to return to the buildings.

Only trained volunteer staff members may assist the police in a search of the buildings.

The superintendent is to be kept informed of all actions.

In the event that the students and staff must evacuate the campus, the school will be routed to Heather Farm Park or to the Shadelands Business Park. Both are located off the walk trail across from the school. An alternate route has been established by using the back playground gate and walking the students to one of High Schools located on Winton Drive off of Treat Blvd. If possible a sign will be posted on the front doors of the school and or a phone school messenger will be initiated to alert all parents by email and phone of our location. Emergency Release Information will accompany the evacuation and teachers will bring the classroom emergency backpacks that contain emergency medications for specific students.

F. Severe Windstorm

Warning of an impending windstorm is usually received via radio, television or civil defense officials. The United States Weather Bureau can usually forecast severe windstorms. If high winds develop during school hours without sufficient warning, the following emergency actions should be taken:

- Implement action to TAKE COVER. Students and staff should assemble inside shelters or buildings.
- Close windows and window coverings. Seek shelter away from windows.
- Remain near an inside, ground level wall if the building is more than one level.
- Evacuate classrooms that bear the full force of the wind.
- Avoid auditoriums, gymnasiums and other enclosures that have long roof spans.
- Keep tuned to a local radio station for the latest advisory information.
- Take roll and complete Student Accountability Form.
- Notify site administrator of any break or suspected break in utility lines or buildings which might present an additional hazard.
- If possible, contact and report conditions to the superintendent.
- Don't permit any staff to leave the building until the winds have subsided and it is safe to do so.

School Messenger will be instituted to provide immediate updates to parents and guardians.

G. Chemical Spills within the School

In the event of a chemical spill or incident at school, the site administrator will determine what emergency action to take depending upon the circumstances. Teachers in the area shall do the following:

- Restrict the area of the incident and evacuate the area as deemed necessary.
- Rescue injured or trapped persons and remove from area, if trained to do so.
- Provide first aid as needed.
- If possible, determine the name(s) of the chemical(s) and provide that to the emergency respondents.
- Allow no one in the immediate area of the spill except emergency personnel.

The office will alert classes to, "Shelter-in-Place."

Close windows, curtains or blinds, and doors.

Seal cracks under doors and around windows.

Turn off heating or air conditioning.

Office will call for student accounting.

Stay inside and keep students clam and working.

Do not allow anyone to leave the classroom. Use emergency food and toilet facilities stored in the room, if necessary.

Wait for further instructions or an all clear.

Electricity will be left on. Intercoms, radios, and TV's may be used for accessing information during the event.

Notify the Superintendent's office.

School Messenger will be instituted to inform parents.

H. Chemical Accident near the School

Warning of a chemical accident is usually received from the fire and/or police departments or from emergency services officials when such accident occurs sufficiently near the school to be a threat to the safety of students and staff at the school. An overturned tanker, a broken fuel line, and an accident in a commercial establishment that uses chemicals are all potential hazards. Whether the accident occurs at the school or off the school grounds, the site administrator shall:

Determine if there is need to implement action to LEAVE THE BUILDING or to SHELTER-IN-PLACE. This decision will be made in coordination with offsite emergency respondents.

Determine whether the students and staff should leave the school grounds and EVACUATE. If it is necessary to evacuate the area, move crosswind, never directly with or against the wind which may be carrying fumes.

Get upwind as quickly as possible.

To "Shelter-in-Place."

Close windows, curtains or blinds, and doors.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

VII. EVACUATION PROCEDURES

A. Evacuation Alarm System

A crisis or emergency may warrant an evacuation of the school building(s). Once notified of an emergency situation, the principal [or designee], acting as Incident Commander, will carry out the initial response actions delineated in Part III, E of this plan. In consultation with members of the Crisis Response Team, the principal will determine whether an evacuation is warranted or is the safest action given the character of the emergency.

Crisis Response Team members will immediately assume their designated response duties as activated by the Incident Commander. The Evacuation Branch Supervisor will ensure, during the evacuation itself, that all evacuation assistance personnel are operative and performing their respective duties as assigned. The Evacuation Branch Supervisor will then station themselves at the main entrance/exit to the building.

When a decision is made to evacuate, the Evacuation Assembly Area Coordinator will immediately report to the assembly area and inspect the area for hazards, as described in Part III, E of this plan. The Coordinator will notify the Incident Commander immediately if the area is safe. If not, the Coordinator will advise that the evacuation be done to the alternate assembly location.

This evacuation may be a partial evacuation of only portions of the building in a very localized emergency [e.g., a small chemical spill] or it may be a general evacuation of all building. When an evacuation is ordered, students and staff will be notified via the following system: Intercom System.

If deemed appropriate and safe, the school's fire alarm will sound in the event of a general building evacuation. If neither mechanical system is operable, the Incident Commander will utilize office, custodial or student personnel to notify classrooms of the need to evacuate.

B. Coordinating the Evacuation

Upon receiving the order to evacuate, Wing Leaders will assume their designated positions in the hallways of the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Leaders are also responsible to ensure that all disabled persons in the building are assisted as necessary.

Wing Leaders will report to the Evacuation Branch Supervisor via radio or in person once they have verified that all persons on their respective wing have indeed left the building.

Once all Wing Leaders have reported to the Evacuation Branch Supervisor the supervisor will exit the building and ensure it has been secured. The Evacuation Branch Supervisor will then report to the Command Post.

C. Evacuation Assembly Areas

When ordered to evacuate, students and staff will follow the evacuation route prescribed for their respective areas and exit the building in an orderly and controlled manner. Any volunteers or visitors to the classroom should be advised to go with the classroom to the assembly area.

ALL students and staff must report to the assembly area and remain there until the Command Post, via the Assembly Area Coordinator, notifies them it is clear to return to the building. Under no circumstances are students to leave the area unless released by the teacher in strict accordance with the school's Student Release Procedures. This will not be done unless it is authorized by the Command Post.

Teachers MUST take a head count of all persons under their care to ensure that all students, volunteers and visitors are present. This will be reported to the Assembly Area Coordinator. If someone is deemed missing, the teacher is to immediately report this fact to the Assembly Area Coordinator even before the count is completed.

D. Access Control Personnel

Whenever an evacuation is called, the designated Access Control Personnel (designated prior to an emergency) will automatically assume duties as traffic controllers to prevent unauthorized public vehicles or persons access to the school campus and building(s). They will function according to the duties delineation shown in Part III, E of this Plan.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

VIII. STUDENT EARLY DISMISSAL/SCHOOL CLOSURE

During school hours, all students are considered under the care and supervision of school staff. In all circumstances, and especially in the event of emergency incidents or circumstances, the safety of the students and the school staff is of paramount importance. All actions taken shall bear in mind the safety and well-being of both students and school employees.

Thus, in the event of a major emergency incident or disaster during school hours, school will not be dismissed without the expressed and clear authorization of the District Superintendent or a designee, and children will remain under the supervision of school authorities. Students will only be released from school and District responsibility in strict accordance with the policies and procedures of the District's Early Release Policy as described below. Parents/guardians or designated emergency contacts who come to the school to pick up students must properly identify themselves in order for their children to be released.

A. Release of Students From School Site(s)

It is the policy of the MDUSD and this school to reunite parents with their children at the earliest time possible after an emergency situation or major disaster event. However, if it is not possible for parents to pick up their children or make arrangements for others to do so, students will be held at the school or other area until such time as they can be safely released. Each year the school will notify all parents of the procedure for reuniting parents with children in the event of an emergency at school.

In the event students are held at a school, they may be released only to the student's own parent(s) or a person authorized beforehand in writing by the parent. Disaster Emergency Cards shall be completed by parents and used for this purpose. These cards shall be made available at the beginning of the school year and returned to the school.

Completed cards will be organized alphabetically and kept on file in the office. Duplicate cards will be maintained by the homeroom teacher and kept in the Teacher Emergency Kit.

Following an emergency when parents are unable to come to school, staff should be prepared for parents to fax copies of a signed authorization to release their son/daughter to a friend who can come to the school. Parent signatures must be on the faxed authorizations and must be matched to the signature on the Disaster Emergency Cards prior to the student's release.

Disaster emergency cards shall be made available to parents at the beginning of the school year and kept on file throughout the year. They shall be organized by homeroom classes. When release of students is imminent, students shall be reorganized into homeroom classes.

Parents or others must check with this school's Liaison Officer at the emergency Command Post prior to entering the school to pick up their children. Teachers will release students according to the procedure outlined under the Emergency Student Release Procedures described below.

B. Emergency Release Plan Procedures

Teachers will utilize the following procedures to properly release students from their care to a parent, legal guardian or person authorized in writing to pick up the student:

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

- Meeting parents who are picking up students
- Acting as runners
- Sending runners to class for pickup
- Assisting students without a disaster card
- Checking for hand stamps/marks at school gate (red – authorized to leave)
- Assisting with phone calls home and talking to parents for permission to release students
- Directing parents to appropriate entrance and exit gates

4. Teachers will wait for directive from runner to take entire class to assigned phone to call for permission to leave. Teachers must talk to parent if student is walking home or is going home with someone not on disaster card.

5. Teachers will make phone notes on Student Accountability Form.

6. Adults picking up students will identify self at gate (pick up area); runner takes message to classroom teacher with name of student being released and name of adult picking up student. Teacher double-checks sign-out sheet, stamps/marks student in red and releases.

7. Students may go home with people listed on disaster card if parent can't be reached. As students clear out, remaining students will be consolidated in rooms with phones.

8. Teacher takes attendance after each consolidation and keep all documentation

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

IX. TRAINING

A. Requirements

The key to effective and coordinated emergency response efforts is the proper training of school response personnel to a level, and in areas, appropriate to their respective duties in an emergency or disaster. Moreover, proper training is mandated under the SEMS requirements for District staff and students and by Cal/OSHA for employees of the District. To this end, this school and the District are dedicated to providing appropriate instruction to all emergency response staff.

All District Response Staff and Students

All non-response District staff, as well as all students, will receive training in the following areas:

- Brief overview of the District EOC plan and its coordination with School Crisis Response plans.
- Brief overview of the School Crisis Response Plans and its coordination with the District EOC plan.
- Responder positions within each plan and the duty to follow instructions of the response team personnel.
- Use of drills and exercises to provide hands-on instruction to staff and students.

School Crisis Response Team Personnel

School site emergency Crisis Response Team personnel will receive training in the following areas:

- Importance of documentation of site ICS activities and damage assessment information.
- Demobilization procedures for down-sizing and closing the ICS Command Post.

B. Drills and Exercises

Because emergencies occur without warning, life-protecting actions must be taken immediately at the first indication of emergency conditions. There may be no time to think through all of the options for what must be done. Emergency drills will be conducted periodically to help familiarize everyone with basic procedures and to help students and staff learn how to react immediately and appropriately.

Exercises and drills will be conducted at the school site level. The essential components of school site emergency drills are classroom training and discussions, demonstrations and exercises designed to help staff and students learn and practice where to seek shelter and how to protect themselves based on the kind of emergency they are facing.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

Visitors must sign out before leaving campus. On

occasion, visitor passes will be handled by the classroom teacher. For safety and supervision purposes, no visitors are allowed on the playground unless it is a prearranged activity with permission. Siblings are not allowed during classroom time throughout the school day.

Procedures for Safe Ingress and Egress of Pupils, Parents, and Staff AR 0450

BP 1112 Community Relations

Media Relations

The Governing Board respects the public's right to information and recognizes that the media significantly influence the community's understanding of school programs. In order to develop and maintain positive media relations, the Board and the Superintendent desire to reasonably accommodate media requests for information and to provide accurate, reliable and timely information.

Media representatives are welcome at all Board meetings and shall receive meeting agendas upon request in accordance with Board policy.

(cf. 9322 - Agenda/Meeting Materials)

Media representatives, like all other visitors, shall register immediately upon entering any school building or grounds when school is in session.

(cf. 1250 - Visitors/Outsiders)

(cf. 3515.2 - Disruptions)

Staff may provide the media with student information, including, but not limited to, the name of a student, school of attendance, grade level, honors, and activities, unless the student's parent/guardian has submitted a written request that such information not be disclosed. The district shall not release information that is private or confidential as required by law, Board policy or administrative regulation. No other access to student records or personally identifiable student information may be provided without written parent/guardian permission.

(cf. 1340 - Access to District Records)

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)

(cf. 5125 - Student Records)

(cf. 5125.1 - Release of Directory Information)

(cf. 9010 - Public Statements)

(cf. 9321.1 - Closed Session Actions and Reports)

Interviewing and Photographing Students

The district shall not impose restraints on students' right to speak freely with media representatives at those times which do not disrupt a student's educational program. However, interviews of students may not create substantial disorder or impinge on the rights of others. Therefore, in order to minimize possible disruption, media representatives who wish to interview students at school are strongly encouraged to make prior arrangements with the principal. At their discretion, parents/guardians may instruct their children not to communicate with media representatives.

(cf. 5145.2 - Freedom of Speech/Expression)

In order to protect the privacy and safety of students, a media representative who wishes to photograph students on school grounds should first make arrangements with the principal or designee.

When interviewing or photographing a special education student, he/she shall not be identified as a special education student without prior, written parent/guardian permission.

Crisis Communications Plan

During a disturbance or crisis situation, the first priority of school staff is to assure the safety of students and staff. However, the Board recognizes the need to provide timely and accurate information to parents/guardians and the community during a crisis. The Board also recognizes that the media have an important role to play in relaying this information to the public. In order to help ensure that the media and district work together effectively, the Superintendent or designee shall develop a crisis communications plan to identify communication strategies to be taken in the event of a crisis.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 3516 - Emergency and Disaster Preparedness Plan)

The crisis communications plan may include but not be limited to identification of a media center location, development of both internal and external notification systems, and strategies for press conference logistics.

The Governing Board recognizes that it is responsible to furnish a place of employment which ensures a safe working environment for all employees. Disruptive and violent behavior by any person will not be tolerated. The Superintendent will assure that training is provided to employees regarding workplace violence awareness, prevention and reporting procedures.

Whenever any employee of a school district or of the office of a county superintendent of schools is attacked, assaulted, or physically threatened by an student, it shall be the duty of the employee, and the duty of any person under whose direction or supervision the employee is employed in the public school system who has knowledge of the incident, to promptly report the incident to the appropriate law enforcement authorities of the county or city in which the incident occurred. Failure to make the report shall be an infraction punishable by a fine of not more than \$1,000. (Education Code 44014)

Compliance with school district Board procedures relating to the reporting of, or facilitation of reporting of, the incidents specified above shall not exempt a person under a duty to make the report prescribed above from making the report. (Education Code 44014)

A member of the Board of a school district, a county superintendent of schools, or an employee of any school district or the office of any county superintendent of schools, shall not directly or indirectly inhibit or impede the making of the report prescribed above by a person under a duty to make the report. An act to inhibit or impede the making of a report shall be an infraction, and shall be punishable by a fine of not less than \$500 and not more than \$1,000. (Education Code 44014)

Notification to Certificated Staff of Student Who Has Been Found by a Court to Have Committed any Felony and Other Misdemeanors (Welfare and Institutions Code 827)

The Welfare and Institution Code states written notice shall be provided by the court, within seven days, to the Superintendent of the school district of attendance that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, assault or battery, larceny, vandalism, or graffiti. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. Whenever the court notifies the district, the notice shall be expeditiously transmitted by the district Superintendent or designee to the

principal at the school of attendance. The information shall be given to any teacher, counselor or administrator who has supervisory or disciplinary responsibility over the student who the Superintendent or his designee believes needs this information to work with the student in an appropriate fashion to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability.

The teacher, counselor or administrator shall be notified in writing on a district form. Any information received from the court shall be kept in a separate confidential file at the office of student services and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed.

Any information received by a teacher, counselor or administrator shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents/guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff. Any intentional violation of confidentiality is a misdemeanor punishable by a fine not to exceed \$500.

If a minor is removed from public school as a result of the court's finding for offenses described above, the Superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the Superintendent of the last district of attendance, who shall transmit the notice received from the court of the Superintendent of the new district of attendance.

Except as provided in paragraph (2) of subdivision (b) of Welfare and Institutions Code 827, no liability shall attach to any person who transmits or fails to transmit any notice or information required under Welfare and Institutions Code 827.

Any information received from the court shall be kept in a separate confidential file at the office of student services and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. Any information received by a teacher, counselor or administrator shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents/guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff. Any intentional violation of confidentiality is a misdemeanor punishable by a fine not to exceed \$500.

If a minor is removed from public school as a result of the court's finding for offenses described above, the Superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the Superintendent of the last district of attendance, who shall transmit the notice received from the court of the Superintendent of the new district of attendance.

Except as provided in paragraph (2) of subdivision (b) of Welfare and Institutions Code 827, no liability shall attach to any person who transmits or fails to transmit any notice or information required under Welfare and Institutions Code 827.

BP 5131.2 Students

Bullying

The Governing Board recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

The school district has in place policies, procedures, and practices that are designed to reduce and eliminate discrimination, intimidation, harassment, and bullying as well as processes and procedures to address incidents of discrimination, intimidation, harassment, and bullying when they occur.

These policies and procedures must be disseminated annually to staff, students, and parents/guardians. These policies shall be publicized to students, parents, employees, agents of the governing board, and the general public.

The district will not tolerate discrimination, intimidation, harassment, bullying or any behavior that infringes on the safety or well-being of students, staff, or any other persons within the district's jurisdiction whether directed at an individual or group. This includes but is not limited to discrimination, intimidation, harassment, and bullying based on actual or perceived characteristics and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. (Education Code 234.1)

The Board recognizes that some acts of discrimination, intimidation, harassment, and bullying may be isolated and/or unintentional incidents requiring that the school respond appropriately to the individuals committing the acts. Other acts may indicate a larger pattern of discrimination, intimidation, harassment, or bullying that require a response either at the classroom, school site, or district levels or by law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of discrimination, intimidation, harassment, or bullying may range from behavioral intervention and education up to and including suspension or expulsion. This policy applies to all acts related to school activity or attendance occurring within a school under the jurisdiction of the superintendent of the school district.

In addition to the grounds specified in Education Code sections 48900, sections 48900.2, 48900.3, and 48900.4 provide additional authority to discipline a pupil for conduct that amounts to bullying. (Education Code 48900, 48900.2, 48900.3 and 48900.4)

(cf. 5131 - Conduct)

(cf. 5136 - Gangs)

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 5145.7 - Sexual Harassment)

(cf. 5145.9 - Hate-Motivated Behavior)

Penal Code 653.2 makes it a crime for a person to distribute personal identity information electronically with the intent to cause harassment by a third party and to threaten a person's safety or that of his/her family (e.g., placing a person's picture or address online so that he/she receives harassing messages). Penal Code 288.2 makes it a crime to send a message to a minor if the message contains matter that is sexual in nature with the intent of seducing the minor (i.e., sexting).

Cyberbullying shall not be tolerated and includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

(cf. 5145.2 - Freedom of Speech/Expression)

Strategies for bullying prevention and intervention shall be developed with involvement of key stakeholders in accordance with law, Board policy, and administrative regulation governing the development of comprehensive safety plans and shall be incorporated into such plans.

(cf. 0420 - School Plans/Site Councils)

(cf. 0450 - Comprehensive Safety Plan)

(cf. 1220 - Citizen Advisory Committees)

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

(cf. 6020 - Parent Involvement)

Bullying Prevention

To the extent possible, district and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

(cf. 5137 - Positive School Climate)

(cf. 6164.2 - Guidance/Counseling Services)

The district may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

(cf. 6163.4 - Student Use of Technology)

(cf. 6142.8 - Comprehensive Health Education)

(cf. 6142.94 - History-Social Science Instruction)

School staff may receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, cafeterias.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

As appropriate, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators. He/she also may involve school counselors, mental health counselors, and/or law enforcement.

Complaints and Investigation

The principal or principal's designee at each school shall be responsible for receiving complaints alleging violations of this policy. All staff is expected to provide appropriate supervision to enforce standards of conduct. The Board requires that staff follow district and school procedures for reporting alleged acts of bullying.

All other members of the school community, including students, parents/guardians, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy. While submission of the report form is not required, the reporting party is encouraged to use the report form available from the principal of each school or at the district office. Oral reports shall also be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on an anonymous report. Prompt and reasonable investigation of alleged acts of discrimination, intimidation, harassment, or bullying is expected.

Students are expected to report all incidents of discrimination, intimidation, harassment, bullying, teasing, or other verbal or physical abuse. Any student who feels she/he is a victim of such behavior should immediately contact a teacher, counselor, administrator, or staff person. If the student who was bullied believes the situation has not been remedied, she/he may file a complaint in accordance with district procedures.

Students may submit to a teacher or administrator a verbal or written complaint of conduct they consider to be bullying. Complaints of bullying shall be investigated and resolved in accordance with site-level grievance procedures specified in AR 5145.7 - Sexual Harassment.

When a student is reported to be engaging in bullying off campus, the Superintendent or designee shall investigate and document the activity and shall identify specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may file a complaint with the Internet site or service to have the material removed.

Discipline

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with district policies and regulations.

Retaliation against a student because the student has filed a complaint or assisted or participated in a discrimination, intimidation, harassment, or bullying investigation or proceeding is also prohibited. Students who knowingly file false discrimination, intimidation, harassment, or bullying complaints or give false statements in an investigation shall be subject to discipline by measures up to and including suspension and expulsion, as shall any student who is found to have retaliated against another in violation of this policy.

(cf. 5138 - Conflict Resolution/Peer Mediation)

BP 5132 Students

Dress And Grooming

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Therefore, students are to dress appropriately on all school campuses and at all school activities in the district. Students have the right to make individual choices from a wide range of clothing and grooming styles, but they must not present a health or safety hazard or a distraction which would interfere with the educational process. Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. Students should project an appearance that is conducive to a safe learning environment. Dress which is disruptive and contrary to school rules regarding drugs/alcohol/violence, and gangs is not permitted. Student clothing, emblem, badge, jewelry, symbol, or other insignia which creates a clear and present danger on school premises or the disruption of the orderly operation of the school is prohibited. Students and parents/guardians shall be informed about the school dress code at the beginning of the year and when revised. A student who violates the dress code shall be subject to appropriate disciplinary action.

(cf. 4119.22 - Dress and Grooming)

(cf. 5136 - Gangs)

(cf. 5144 - Discipline)

(cf. 5145.2 - Freedom of Speech/Expression)

School Dress Code

The principal may establish a dress code that prohibits students from wearing apparel that it presents a distraction or threatens to disrupt the school's activities. Inappropriate dress is attire that causes a distraction or a safety concern on a school campus. The outdoor use of sun-protective clothing, including but not limited to hats, is permitted. However, specific clothing and hats determined to be gang-related or otherwise inappropriate under the policy are prohibited. Principals may determine that hats are prohibited in certain locations or areas where sun-protection is not necessary. A dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the staff, students, parents/guardians and educational community.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 4119.22 - Dress and Grooming)

(cf. 5136 - Gangs)

(cf. 5145.2 - Freedom of Speech/Expression)

Uniforms

The Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board recognizes that in order to promote student safety and discourage theft, peer rivalry and/or gang activity, the principal may wish to establish a dress code requiring students to wear uniforms. The principal may recommend to the Board that a voluntary school uniform dress code would be beneficial. Such a dress code shall be included as part of the school safety plan. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students and maintain a positive school climate.

If a school's plan to require uniforms is adopted, the Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policies. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide. (Education Code 35183) The school shall establish guidelines identified in the school dress code and school safety plans provisions whereby parents/guardians may choose not to have their children comply with an adopted school uniform policy which is contrary to their beliefs or exceptions deemed appropriate by the principal. The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms.

Dress And Grooming

In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with law, Governing Board policy and administrative regulations. These school dress codes shall be regularly reviewed.

(cf. 0420 - School Plans/Site Councils)

Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5) The principal may determine that hats are prohibited in certain locations or areas where sun-protection is not necessary.

Shoes must be worn at all times. Clothing, jewelry and personal items (backpacks, fanny packs, gym bags, water bottles etc.) shall be free of writing, pictures or any other insignia which are crude, obscene, vulgar, profane or sexually suggestive, which bear drug, alcohol or tobacco company advertising, promotions and likenesses, or which advocate racial, ethnic or religious prejudice. Dress which is disruptive and contrary to school rules regarding drugs/alcohol/violence, and gang affiliated or related clothing is not permitted. Clothes shall be sufficient to conceal undergarments for males and females at all times. Student clothing such as but not limited to see-through or fish-net fabrics, halter tops, off-the-shoulder or low-cut tops, exposed mid-drifts and skirts or shorts shorter than mid-thigh may be prohibited. Dress that presents a health or safety hazard or a distraction which would interfere with the education process is prohibited.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066) The principal may establish dress, grooming, and hygiene guidelines for times when students are engaged in extracurricular, physical education or other special school activities.

(cf. 5121 - Grades/Evaluation of Student Achievement)

At individual schools that have a dress code prohibiting apparel that interferes with the educational process or threatens to disrupt the school's activities, the principal may develop a dress code identified in the school safety plan that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus (Education Code 35294.1)

Because student dress is constantly changing, clothing and grooming styles that present a health or safety hazard or a distraction which would interfere with the educational process/school activities shall be reviewed at least annually and updated whenever related information is received.

Uniforms

Prior to the Board approving a voluntary uniform dress code, the school shall actively solicit parental involvement. Seventy-five percent of the responding parents/guardians must be in favor of adopting a voluntary dress code before Board approval.

At least six months before a school uniform policy is implemented, the principal or designee shall notify parents/guardians of this policy. In schools where a schoolwide uniform is required and Board approved, the principal, staff and parents/guardians of the individual school shall jointly select the specific uniform to be worn. (Education Code 35183)

Parents/guardians shall also be informed of their right to have their child exempted. The school shall establish guidelines identified in the school dress code and school safety plan provisions whereby parents/guardians may choose not to have their children comply with an adopted school uniform policy which is contrary to their beliefs or exceptions deemed appropriate by the principal.

The principal or designee shall also repeat this notification at the end of the school year so that parents/guardians are reminded before school clothes are likely to be purchased.

The principal or designee shall establish criteria for determining student eligibility for financial assistance when purchasing uniforms.

The principal or designee shall establish a method for recycling or exchanging uniforms as students grow out of them. Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

The Superintendent or designee shall establish regulations for use by district employees in identifying and reporting such incidents.

(cf. 5141.41 - Child Abuse Prevention)

(cf. 5142 - Safety)

The Superintendent or designee shall provide training regarding the reporting duties of district employees mandated by law to report suspected child abuse and neglect.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Child Abuse Prevention

Every child has the right to live free of physical and emotional abuse, including neglect and sexual assault. The Governing Board recognizes that such abuse has severe consequences for the child, sometimes resulting in the child's own violent behavior or in drug addiction. Schools are in a position to promote the prevention of child abuse and its reoccurrence, and to reduce the general vulnerability of children.

Age-appropriate and culturally-appropriate child abuse prevention curriculum shall be a component of the district's health and safety instruction. This curriculum shall explain students' rights to live free of abuse, inform them of available support resources, and teach them how to obtain help and disclose incidents of abuse. The curriculum also shall include training in self-protection techniques.

The Superintendent or designee shall provide coordinated training for teachers who will use the child abuse prevention curriculum, including instruction in the physical and behavioral indicators of abuse, crisis counseling techniques, community resources, rights and responsibilities to report abuse or neglect, and care for a child's needs after a report is made.

(cf. 5141.4 - Child Abuse Reporting Procedures)

The Superintendent or designee shall seek to incorporate community resources into the schools' child abuse prevention programs. To the extent feasible, the Superintendent or designee shall also use these community resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

Parents/guardians shall receive prior notice of child abuse prevention instruction whenever such instruction will include family life or sex education for which notification is required by law.

Policy MT. DIABLO UNIFIED SCHOOL DISTRICT

adopted: June 21, 2005 Concord, California

BP 5144.1 Students

Suspension And Expulsion/Due Process

The Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

(cf. 5144 - Discipline)

Suspended or expelled students shall be denied the privilege of participation in all extracurricular activities during the period of suspension or expulsion.

(cf. 6145 - Extracurricular and Cocurricular Activities)

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion shall be used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to self or others.

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be those specified in law and/or administrative regulation.

The Board supports a zero tolerance approach to serious offenses in accordance with state and federal law. This approach makes the removal of potentially dangerous students from the classroom a top priority and ensures the standardized treatment of all students. Staff shall immediately report to the Superintendent or designee any incidence of offenses specified in law, Board policy, and administrative regulation as cause for suspension or expulsion.

Student Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and/or law. (Education Code 48911, 48915, 48915.5)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Individuals with Disabilities))

Supervised Suspension Classroom

The Board recognizes that students who are suspended from school often have no supervision or guidance during the school hours when they are off campus and may fall behind in the coursework. The Board believes that, in many cases, it would be better to manage the student's behavior by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee shall establish a supervised classroom suspension program which meets the requirements of law for students suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, who pose no imminent danger or threat at school, and for whom an expulsion action has not been initiated.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; use of conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff. The use of such alternatives does not preclude off-campus suspensions.

Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.

Whenever a student is suspended from class by a teacher because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities, or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in the class from which the student was suspended. (Education Code 48900.1)

Before requiring parental attendance, the teacher shall make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student. (Education Code 48900.1)

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is pursuant to law. (Education Code 48900.1)

The notice shall specify that the attendance may be on either the date the student is scheduled to return to class or within one week thereafter.

A parent/guardian who has received a written notice shall attend class as specified in the notice. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The principal or designee shall contact a parent/guardian who does not respond to the request to attend school. The Board recognizes that parent/guardian compliance with this policy may be delayed, modified, or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. Parents/guardians shall be notified of this policy prior to its implementation. (Education Code 48900.1)

Decision Not to Enforce Expulsion Order

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law.

2. Referral to a certificated employee designated by the principal to advise students
3. Removal from the class, but without reassignment to another class or program, for the remainder of the class period without sending the student to the principal or designee as provided in Education Code 48910. Removal from a particular class shall not occur more than once every five school days.

Expulsion means removal of a student from the immediate supervision and control, or the general supervision, of school personnel. (Education Code 48925)

Day means a calendar day unless otherwise specifically provided. (Education Code 48925)

School day means a day upon which the schools of the district are in session or weekdays during the summer recess. (Education Code 48925)

Principal's designee means one or more administrators or, if there is not a second administrator at one school site, a certificated person specifically designated by the principal, in writing, to assist with disciplinary procedures. Only one such person may be designated at any time as the principal's primary designee and only one such person may be designated as secondary designee for the school year. The names of such persons shall be on file in the principal's office. (Education Code 48911)

Notice of Regulations

At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion. (cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Truancy)

Removal from Class by a Teacher/Parental Attendance

A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

A teacher also may refer a student to the principal or designee for consideration of suspension from school. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal and send the student to the principal for appropriate action. The student shall be appropriately supervised during the class periods from which he/she has been removed.

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may provide that the parent/guardian of a student whom the teacher has removed attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

This notice shall also:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date
2. Describe the legal protections afforded to the parent/guardian as an employee under Labor Code 230.7
3. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student
4. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1

Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal or principal's designee may suspend a student from school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

The Superintendent or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915)

1. Possessing, as verified by a district employee, selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Brandishing a knife, as defined in Education Code 48915(g), at another person
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above
5. Possession of an explosive as defined in 18 USC 921

Suspension also may be imposed upon a first offense if the Superintendent, principal or designee determines that the student violated items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons or property or threatens to disrupt the instructional process. (Education Code 48900.5)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment the student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48912). Please refer to BP and AR 5144.2

The Superintendent or designee may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the principal, designee or the Superintendent with the student and, whenever practicable, the teacher, supervisor or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her; the student shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911(b))

This conference may be omitted if the principal, designee or the Superintendent determines that an emergency situation exists. An emergency situation involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911(c))

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee.

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the causes and duration of the suspension, the school policy involved and any other pertinent matter. (Education Code 48914)

While the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied readmission solely because the parent/guardian failed to attend. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. This does not apply to students who are eligible under IDEA. Please refer to BP and AR 5144.2. (Education Code 48911(g))

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

Suspension by the Board

The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073-49079.

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by certified mail. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

On-Campus Suspension Program

Students for whom an expulsion action has not been initiated and who pose no imminent danger or threat to the school may be assigned to a separate, supervised suspension classroom for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
 2. The student shall have access to appropriate counseling services.
 3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
 4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.
- At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. The Board shall expel, as required by law, any student found to have committed any offense listed below under "Mandatory Recommendation and Mandatory Expulsion."

The Board may also order a student expelled for any of the acts listed above under "Grounds for Suspension and Expulsion" upon recommendation by the principal, Superintendent, hearing officer or administrative panel, based on either or both of the following finding(s): (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct

2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Mandatory Recommendation for Expulsion

Unless the principal, Superintendent or designee finds that expulsion is inappropriate due to particular circumstances, the principal, Superintendent or designee shall recommend a student's expulsion for any of the following acts: (Education Code 48915(a))

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife as defined in Education Code 48915(g), explosive or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance, as listed in Health and Safety Code 11053-11058, except for the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

Mandatory Recommendation and Mandatory Expulsion

The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Brandishing a knife as defined in Education Code 48915(g) at another person
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in item #14 under "Grounds for Suspension and Expulsion" above
5. Possessing an explosive as defined in 18 USC 921

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

Student's Right to Expulsion Hearing
The student is entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within 30 school days after the principal or Superintendent or designee determines that one of the acts listed under "Grounds for Suspension and Expulsion" has occurred. (Education Code 48918(a))

The student is entitled to one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a)) If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a)) Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5) Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.

4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).

(cf. 5119 - Students Expelled from Other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney advisor. Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California. Nonattorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.

7. The opportunity to confront and question all witnesses who testify at the hearing.

8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public unless another student's privacy rights would be violated. (Education Code 48918(c)) Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including but not limited to videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20 (Education Code 48918(i)) Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i)) If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel must be supported by substantial evidence that the student committed any of the acts listed in "Grounds for Suspension and Expulsion" above. Findings of fact shall be based solely on the evidence at the hearing. While no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f) and (h))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918)

a. Any complaining witness shall be given five days' notice before being called to testify.

b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.

c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.

d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.

e. If one or both support persons are also witnesses, the hearing shall be conducted according to Penal Code 868.5.
f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.

(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.

(3) The person conducting the hearing may:

(a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness

(b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours

(c) Permit one of the support persons to accompany the complaining witness to the witness stand

6. Decision within 10 School Days: The Board's decision on whether to expel a student shall be made within 10 school days after the conclusion of the hearing, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

7. Decision within 40 School Days: If the Board does not meet on a weekly basis, its decision on whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing."

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the student shall be immediately reinstated. The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers and with the student's parent/guardian. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year.

The Board shall make its decision about the student's expulsion within 40 school days after the date of the student's removal from school unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j)) (cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during the summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for

readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service and other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed in Education Code 48900(a)-(q), Education Code 48900.2-48900.4, 48900.8, and 48915(c). (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian. (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board of Education. (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion. (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1. (Education Code 48918)

Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following: (Education Code 48917)

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board of Education.
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board of Education. (Education Code 48918(j)).

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board of Education. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

The student shall submit a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board of Education. The district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site

3. Not housed at the school site attended by the student at the time of suspension
(cf. 6185 - Community Day School)

When the placement described above is not available, and when the County Superintendent of Schools so certifies, students expelled for acts described in items #6-13 and #18-21 under "Grounds for Suspension and Expulsion" above may be instead referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)

2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met.

School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.

3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.

4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.

5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)

6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)

7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

Maintenance of Records

The Board shall maintain a record of each expulsion, including the specific cause of the expulsion. The expulsion record shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon receipt of a written request by the admitting school. (Education Code 48900.8, 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5125 - Student Records)

Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind. (Education Code 48902)

Outcome Data

The Superintendent or designee shall maintain the following data and report such data annually to the California Department of Education, using forms supplied by the California Department of Education: (Education Code 48900.8, 48916.1)

1. The number of students recommended for expulsion
2. The specific grounds for each recommended expulsion
3. Whether the student was subsequently expelled
4. Whether the expulsion order was suspended

5. The type of referral made after the expulsion
 6. The disposition of the student after the end of the expulsion period
- Regulation MT. DIABLO UNIFIED SCHOOL DISTRICT
approved: March 24, 2009 Concord, California

AR 5144.2 Students

Suspension And Expulsion/Due Process (Students With Disabilities)

A student identified as an individual with disabilities pursuant to the Individuals with Disabilities Education Act (IDEA) is subject to the same grounds for suspension and expulsion which apply to students without disabilities.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the district's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the district had knowledge that the student was disabled before the behavior occurred. (20 USC 1415(k)(8))

The district shall be deemed to have knowledge that the student had a disability if one of the following conditions exists: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, that the student is in need of special education or related services.
2. The behavior or performance of the student demonstrates the need for such services, in accordance with 34 CFR 300.7.
3. The parent/guardian has requested an evaluation of the student for special education pursuant to 34 CFR 300-300.311 (cf. 6164.4 - Identification and Evaluation of Individuals for Special Education).
4. The teacher of the student or other district personnel has expressed concern about the behavior or performance of the student to the district's Special Education Administrator or to other personnel in accordance with the district's established child find or special education referral system.

A district would not be deemed to "have knowledge" as specified in items #1-4 above, if, as a result of receiving such information, the district either (1) conducted an evaluation and determined that the student was not a student with a disability, or (2) determined that an evaluation was not necessary and provided notice to the parent/guardian of its determination. (34 CFR 300.527)

If it is determined that the district did not have knowledge that the student was disabled, then the student shall be disciplined in accordance with procedures established for students without disabilities. (20 USC 1415(k); CFR 300.534)

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415K(5); 34 CFR 300.534)

Suspension

The Superintendent or designee may suspend a student with a disability for up to five consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year. If the student is transferred to another school or alternative educational program, the student may be suspended for up to 30 school days in a school year, but still no more than five days for a single incident of misconduct, unless the student is suspended by the Governing Board pursuant to Education Code 48912. (Education Code 48903, 48911)

The principal or designee shall monitor the number of days, including portions of days, students with a valid individualized education program (IEP) have been suspended during the school year.

(cf. 6159- Individual Education Program)

If the student poses an immediate threat to the safety of himself/herself or others, the Superintendent or designee may suspend the student for up to, but not more than, 10 consecutive school days if the student's parent/guardian agrees or a court order so provides. (Education Code 48911)

Services During Suspension

Students suspended for more than 10 school days in a school year shall continue to receive a free and appropriate public education during the term of the suspension. School personnel, in consultation with at least one of the student's teachers, shall determine the extent to which services are needed as provided in 34 CFR 300.101(a), so as to enable the student to continue to participate in the general education curriculum in another setting and to progress toward meeting the goals as set out in his/her IEP. (20 USC 1412(a)(1)(A); 34 CFR 300.520, 300.530)

Interim Alternative Placement Due to Dangerous Behavior

A student with a disability may be placed in an appropriate interim alternative educational setting when he/she commits one of the following acts: (20 USC 1415(k)(1))

1. Carries a weapon, as defined in 18 USC 930, to school or to a school function
2. Knowingly possesses or uses illegal drugs while at school or a school function
3. Sells or solicits the sale of a controlled substance while at school or a school function
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365.

A hearing officer may order a change in placement of a student with a disability to an appropriate interim educational setting if the hearing officer: (20 USC 1415(k)(2))

1. Determines that the district has established by substantial evidence that maintaining the current placement of the student is substantially likely to result in injury to the student or others

2. Considers the appropriateness of the student's current placement

3. Considers whether the district has made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services

4. Determines that the interim alternative educational setting allows the student to participate in general curriculum, to continue to receive IEP services and to receive services designed to ensure that the behavior does not recur

The student may be placed in the interim alternative educational setting for up to 45 days, or until the conclusion of any due process hearing proceedings requested by the parent/guardian. (20 USC 1415(k)(2))

The student's alternative educational setting shall be determined by the student's IEP team. (20 USC 1415(k)(2))

(cf. 6159 - Individualized Education Program)

Manifestation Determination

The following procedural safeguards shall apply when a student with a disability is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. Notice: On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

(cf. 5145.6 - Parental Notifications)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

2. Manifestation Determination Review: Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

a. Caused by or had a direct and substantial relationship to the student's disability

b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that a condition in either #a or #b above was met, the conduct shall then be determined to be a manifestation of the student's disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. Determination that Behavior is a Manifestation of the Student's Disability: When the conduct has been determined to be a manifestation of the student's disability, the IEP team shall conduct a functional behavioral assessment, unless a functional behavioral assessment had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and district agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

(cf. 6159.4 - Behavioral Interventions for Special Education Students)

As soon as practicable after developing the behavioral intervention plan and completing the required assessments, the IEP team shall meet to develop appropriate behavioral interventions to address the behavior and shall implement those interventions. (34 CFR 300.520)

If a student with disabilities who has a functional behavioral plan is subject to a removal for more than 10 school days in a school year that does not constitute a change in placement, the IEP team members shall review the behavioral intervention plan and its implementation to determine if modifications are necessary. (34 CFR 300.520)

The following procedural safeguards shall apply when a student is suspended for more than 10 school days, when disciplinary action is contemplated for a dangerous behavior as described above, or when a change of placement of more than 10 school days is contemplated: (20 USC 1415(k)(4); 34 CFR 300.523)

1. The parents/guardians of the student shall be immediately notified of the decision and provided all procedural safeguards on the day the decision to take action is made.

2. Immediately if possible, but in no case later than 10 school days after the date of the decision, a manifestation determination shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action by the IEP team and other qualified personnel.

At this hearing, the IEP team and other qualified personnel shall consider, in terms of the behavior subject to the disciplinary action, all relevant information, including: (20 USC 1415(k)(4); 34 CFR 300.523)

- a. Evaluation and diagnostic results, including the results or other relevant information supplied by the student's parents/guardians
- b. Observations of the student
- c. The student's IEP and placement

In relationship to the behavior subject to the disciplinary action, the team shall then determine whether the IEP and placement were appropriate and whether supplementary aids, services, and behavioral interventions were provided. The team shall also determine that the student's disability did not impair the ability of the student to understand the impact and consequences of the behavior, nor did it impair his/her ability to control the behavior subject to the disciplinary action. (20 USC 1415(k)(4); 34 CFR 300.523)

If the team determines that the student's behavior was not a manifestation of his/her disability, then the student may be disciplined in accordance with the procedures for students without disabilities. (20 USC 1415(k)(4))

If the team determines that the student's behavior was a manifestation of his/her disability, then the student's placement may only be changed via the IEP team process. (20 USC 1415(k)(4))

Pre-Expulsion Assessment and Meeting

1. The parent/guardian shall receive written notice of the district's intent to conduct the pre-expulsion assessment and shall make the student available for the assessment without delay at a site designated by the district. The parent/guardian shall also have the right to an independent assessment as provided in Education Code 56329. (Education Code 48915.5)
2. The pre-expulsion assessment shall be conducted in accordance with the guidelines of 34 CFR 104.35, which shall include a review of the student's placement at the time of the alleged misconduct and a determination of the relationship, if any, between the student's behavior and his/her disability. (Education Code 48915.5)
3. The IEP team shall meet to determine if an expulsion hearing is appropriate. This meeting shall be held at a time and place mutually convenient to the parent/guardian and district within the period, if any, of the student's pre-expulsion suspension. The parent/guardian's participation may be made through actual participation, representation, or a telephone conference call. (Education Code 48915.5)

4. The parent/guardian shall be notified of his/her right to participate in the meeting at least 48 hours before the meeting. This notice shall specify: (Education Code 48915.5)

- a. That the meeting may be held without the parent/guardian's participation unless he/she requests a postponement for up to three additional school days
- b. That the suspension will be continued during the postponement if the student continues to pose an immediate threat to the safety of himself/herself or others

In order to make a record of its attempts to arrange the meeting at a mutually convenient time and place, the district shall keep documentation such as: (34 CFR 300.345)

- a. Detailed records of telephone calls made or attempted, and the results of those calls
 - b. Copies of correspondence sent to parents/guardians and any responses received
 - c. Detailed records of visits made to the parent/guardian's home or place of employment, and the results of those visits
5. The district shall grant a parent/guardian's request that the meeting be postponed for up to three additional school days and may extend a student's suspension for the period of postponement if he/she continues to pose an immediate threat to the safety of himself/herself or others. However, the suspension shall not be extended beyond 10 consecutive school days unless agreed to by the parent/guardian or required by court order. If the parent/guardian refuses to consent to an extension beyond 10 consecutive school days and chooses not to participate, the meeting may be conducted without the parent/guardian's participation. (Education Code 48915.5)

6. The IEP team shall consider the pre-expulsion assessment results and shall also review and consider the student's health records and school discipline records. (Education Code 48915.5)

7. If the IEP team determines that the alleged misconduct was caused by, or was a direct manifestation of, the student's disability or that the student was not appropriately placed, the expulsion shall not proceed. (Education Code 48915.5)

8. If the IEP team determines that the alleged misconduct was not caused by, or a direct manifestation of, the student's disability, and if it is determined that the student was appropriately placed, the student shall be subject to expulsion in accordance with procedures that apply to all students. (Education Code 48915.5)

9. When expulsion is ordered, the Board shall recommend a rehabilitation plan for the student. (Education Code 48916)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind. (Education Code 48902)

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530(suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC1415(k)(3); 34 CFR 300.532)

The expulsion hearing shall not be conducted, and the 30-day expulsion proceedings time limit shall not commence, until after completion of the:

1. Pre-expulsion assessment and the manifestation determination (Education Code 48915.5; 20 USC1415(k))
2. IEP team meeting (Education Code 48915.5)
3. Due process hearings and appeals, if initiated (Education Code 48915.5)

The Board may expel a student with disability only if an IEP team has determined that the misconduct was not caused by, or a direct manifestation of, the student's identified disability, and the student was appropriately placed at the time the misconduct occurred. (Education Code 48915.5)

Services During Expulsion

During the term of the expulsion, a student with a disability shall continue to be offered a program of free and appropriate public education. Such services may include independent study, home instruction, or another appropriate alternative program.

(cf. 6158 - Independent Study)

(cf. 6185 - Community Day School)

The alternative program must provide services to the extent necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. (34 CFR 300.121)

Readmission

Readmission procedures for students with disabilities shall be the same as those used for all students. The Superintendent or designee may consider the input of the student's IEP team when developing recommendations to the Board regarding a request for readmission. Upon readmission, an IEP team meeting shall be convened to determine whether a new IEP needs to be established.

Suspension of Expulsion

The Board's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

 revised: May 28, 2014

AR 5145.3 Students

Nondiscrimination/Harassment And Transgender Policy

California Education Code 220 and district policy require that all programs, activities, and employment practices should be conducted without discrimination based on actual or perceived sex, sexual orientation, or gender identity and expression. Education Code 220 further provides that public schools have an affirmative obligation to combat sexism and other forms of bias, and responsibility to provide equal educational opportunity to all students. Both state and federal law as well as district policies protect transgender students from discrimination.

This regulation provides approaches to specific situations and/or circumstances when the protection and/or the safety of transgender students may arise and provides actions necessary to ensure the safe and respectful treatment of all students, with the aim of minimizing social stigmatization, and maximizing opportunities for social integration so that all students have an equal opportunity to attend school, be engaged, and achieve academic success, and of setting a tone that allows students to feel safe to report harassment.

The guidelines provided in this regulation do not anticipate every situation that might occur with respect to transgender students, and the needs of each transgender student must be assessed on a case-by-case basis.

The following position is designated Coordinator for Nondiscrimination to handle complaints regarding discrimination, harassment, intimidation, or bullying and to answer inquiries regarding the district's nondiscrimination policies: (Education Code 234.1; 5 CCR 4621)

Director, Student Services

1936 Carlotta Drive, Wing D

Concord, CA 94519

(925) 682-8000 ext. 4069

(cf. 1312.1 - Complaints Concerning District Employees)

(cf. 1312.3 - Uniform Complaint Procedures)

Any student who feels subjected to discrimination, harassment, intimidation, or bullying based on the student's actual race, color, ancestry, nationality, national origin, ethnicity, ethnic group, identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation of one or more such characteristics; or association with a person or group with one or more of these actual or perceived characteristics should immediately contact the Coordinator, the principal, or any other staff member. In addition, any student who observes any such incident should report the incident to the Coordinator or principal, whether or not the victim files a complaint.

Any school employee who observes an incident of discrimination, harassment, intimidation, or bullying or to whom such an incident is reported shall immediately report the incident to the Coordinator or principal, whether or not the victim files a complaint.

Upon receiving a complaint of discrimination, harassment, intimidation, or bullying, the Coordinator shall immediately investigate the complaint in accordance with the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures

To prevent discrimination, harassment, intimidation, and bullying of students at district schools or in school activities and to ensure equal access of all students to the district's academic and other educational programs, as well as district services, facilities, and activities, and to protect privacy and support enrollment and attendance the Superintendent or designee shall implement the following measures:

1. Provide students a handbook that contains age-appropriate information that clearly states that discrimination, harassment, intimidation, and bullying based on sexual orientation, gender identity, and gender expression are unacceptable conduct and will not be tolerated, and that describes the district's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior. (Education Code 234.1)

2. Ensure that students receive age-appropriate information and education related to sexual orientation, gender identity, and gender expression. In addition, the Superintendent shall designate qualified individuals to provide appropriate training and educational programs on the issues of harassment, discrimination, intimidation, or bullying based on sexual orientation, gender identity, and gender expression.

3. Annually notify all students and parents/guardians of the district's nondiscrimination policy and of the opportunity of a transgender or a cisgender student to inform the Coordinator of concerns regarding privacy issues, facility use, or participation in district programs and services.

4. Publicize the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, employees, volunteers, and the general public and post them in all schools and offices, including staff lounges and student government meeting rooms, and on the district web site and other locations that are easily accessible to students. (Education Code 234.1)

(Education Code 234.1)

(cf. 1113 - District and School Web Sites)

(cf. 1114 - District-Sponsored Social Media)

5. When 15 percent or more of a school's students speak a single primary language other than English, translate the nondiscrimination policy, related complaint procedures, and all forms for use in the complaint process into that other language. (Education Code 234.1, 48985)

6. At the beginning of each school year, inform school employees that any employee who witnesses any act of discrimination, harassment, intimidation, or bullying is required to take immediate steps to intervene when it is safe to do so. (Education Code 234.1)

7. At the beginning of each school year, provide staff with information and staff development as needed to ensure they understand the right of all students to a safe environment, the law and district expectations regarding accommodations for transgender students.

Definitions

The following definitions are not meant to label a student, but are intended as functional descriptors. Students might or might not use the terms to describe themselves.

Gender identity means a person's understanding, interests, outlook, and feelings about whether one is female or male, or both, or neither, regardless of the person's physiology or assigned sex at birth. Therefore, gender identity, is established regardless of gender-related identity, appearance, or behavior even when it is different from that traditionally associated with a person's physiology or assigned sex at birth.

Gender expression means a person's characteristic and behaviors such as appearance, dress, hairstyle, mannerisms, speech patterns, activities, and social interactions that are perceived as masculine, feminine, both, neither, or androgynous. Therefore, a person's gender expression means gender-related appearance and behavior whether or not stereotypically associated with the person's assigned sex at birth. (Education Code 210.7) (Education Code 210.7)

Transgender student means a student whose gender identity is different from that traditionally associated with the assigned sex at birth.

Cisgender student means a student whose gender identity is the same as that traditionally associated with the assigned sex at birth.

To ensure that transgender students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: Transgender status is the private information of the student and the district will only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or is necessary to preserve the student's physical or mental well-being. Any district employee to whom a student discloses transgender status shall seek the student's permission to notify the Coordinator for Nondiscrimination. If the student refuses to give permission, the employee shall keep the student's information confidential, unless he/she is required to disclose or report the student's information pursuant to law or district policy, and shall inform the student that it may be possible to accommodate the student's needs related to the student's his/her status as a transgender student. If the student permits the employee to notify the Coordinator, the employee shall do so within three school days.

School personnel should not disclose a student's actual or perceived sexual orientation, gender identity, or gender expression to others, including but limited to, other students, parents/guardians, and/or other school personnel, unless the employee is required to disclose or reports the student's information pursuant to law or district policy.

School personnel must be mindful of the confidentiality and privacy rights of students when contacting parents/guardians so as to not reveal, imply, or refer to a student's actual or perceived sexual orientation, gender identity, or gender expression.

To ensure confidentiality, whenever discussing particular issue such as conduct, discipline, grades, attendance, health, or any other school related matter, school personnel should focus on the conduct or particular issue, and not on any assumptions regarding the student's actual or perceived sexual orientation, gender identity, or gender expression.

All students, including transgender students, have the right to openly discuss and express their sexual orientation, gender identity, and gender expression and to decide when, with, whom, and how much to share private information.

As appropriate, the Coordinator shall discuss with the student any need to disclose the student's transgender status to the student's parents/guardians and/or others, including other adults on campus. Any decision to disclose the student's status to others shall be based on the student's best interest.

(cf. 1340 - Access to District Records)

(cf. 3580 - District Records)

2. Determining a Student's Gender Identity: The Coordinator shall accept the student's assertion unless district personnel present a credible basis for believing that the student's assertion is for an improper purpose. In such a case, the Coordinator shall document the purported improper purpose and, within seven school days of receiving notification of the student's assertion, shall provide a written response to the student and, if appropriate, to his/her parents/guardians.

3. Addressing Student's Needs: Upon notification of a student's transgender status the Coordinator shall arrange a meeting with the student and, if appropriate, the student's parents/guardians to identify areas of concern to the student and potential issues, and to develop strategies for addressing them. The meeting shall discuss the student's rights and how those rights may affect and be affected by the rights of other students, and shall address specific subjects related to

the student's access to facilities and to academic or educational programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the Coordinator shall identify specific school site employee(s) to whom the student may report any problem related to status as a transgender individual, so that prompt action can be taken to address it.

4. Accessibility to Sex-segregated Facilities, Programs, and Activities: The district may maintain sex-segregated facilities, such as restrooms and locker rooms, and sex-segregated programs and activities, such as physical education classes, intramural sports, and interscholastic athletic programs. A student shall be entitled to access facilities and participate in programs and activities consistent with the student's gender identity. In addition, a student shall be permitted to participate in accordance with the student's gender identity in other circumstances where students are separated by gender, (e.g., class discussions, field trips, etc.). However, the right to participate in a sex-segregated activity in accordance with a student's gender identity shall not render invalid or inapplicable, any other eligibility rule established for participation in the activity. Where available, a "gender-neutral" restroom or changing area may be offered to any student who desires increased privacy, regardless of the underlying issue. Students entitled to use facilities consistent with their gender identity shall not be required to use an alternative arrangement. Any alternate arrangement should be used only at the request of the student, and, if applicable, in a manner that keeps the student's gender identity confidential.

(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 6145.2 - Athletic Competition)

(cf. 6153 - School-Sponsored Trips)

(cf. 7110 - Facilities Master Plan)

5. Student Records: A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed pursuant to a court order. However, at the written request of a student or, if appropriate, the student's parents/guardians, the district shall use the student's preferred name and pronouns consistent with student's gender identity on all other district-related documents.

(cf. 5125 - Student Records)

(cf. 5125.1 - Release of Directory Information)

6. Names and Pronouns: A student is to be addressed by a name and pronoun that corresponds to the gender identity that the student asserts at school.

Students may request to be addressed by their "preferred name" (and pronoun) that corresponds to their gender identity without obtaining a court order or without changing their official records.

The parent/guardian with legal custody of a child may also request that their child be addressed by the student's "preferred name" (and preferred pronoun) that corresponds to the student's gender identity without obtaining a court order or without changing the student's official records.

The requested name shall be included in the (SIS system) in addition to the student's legal name, in order to inform teachers of the name and pronoun to use when addressing the student.

It is strongly suggested that school personnel privately ask transgender student's how they want to be addressed in communications to the home or at conferences with the student's parents/guardians.

For initial communications with a student's parent/guardian, school personnel should use the student's legal name.

While inadvertent slips or honest mistake in the use of the "preferred" names or pronouns may occur, the intentional and persistent refusal to respect a student's gender identity is discriminatory and may lead to discipline.

7. Uniforms/Dress Code: Students have the right to dress in a manner consistent with their gender identity, subject to any dress code adopted on a school site.

(cf. 5132 - Dress Code)

This policy is intended to supplement, and not replace, state and federal laws prohibiting sexual harassment. Complaint under those laws shall be processed through the procedures established by appropriate state and/or federal agencies.

Student Conduct And Discipline

Anti-Bullying

The district believes that all students have a right to a safe and healthy school environment. To that end, the district, schools, and community have an obligation to promote mutual respect, tolerance and acceptance. The district will not tolerate behavior that infringes on the safety of any student. A student shall not intimidate or harass another student through words or actions, including cyber activity that impacts the learning environment and/or student safety. Such behavior includes direct physical contact, such as hitting or shoving, verbal or written assaults, such as teasing or name-calling, social isolation or manipulation, and cyber activity that includes transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media or other technologies. This policy applies whenever a student is on school grounds, traveling to and from school or a school sponsored activity, during the lunch period, whether on or off campus, and during a school-sponsored activity. It also includes off campus bullying that has impact or potential impact on school activity, school attendance, or the educational performance of a targeted student/s. Students who act in violation of this policy may be subject to school/district disciplinary procedures up to and including expulsion.

adopted: August 20, 2012 Concord, California

AR 5145.4 Students

Student Conduct And Discipline

Anti-Bullying

The Governing Board prohibits bullying at any location or activity under the jurisdiction of the school system. Any student who engages in bullying may be subject to disciplinary action up to and including expulsion.

The Board expects students and/or staff to immediately report incidents of bullying to the principal or designee. Each complaint of bullying should be promptly investigated. If the complainant or the parent of the student feels that appropriate resolution of the investigation or complaint has not been reached, the student or the parent of the student should contact the Principal or the Office of Student Services. The school system prohibits retaliatory behavior against any complainant or any participant in the complaint process.

Teachers should discuss this policy with their students in age-appropriate ways and should assure them that they need not endure any form of bullying.

Definitions

1. General Definitions

Bullying occurs when one or more students threaten, harass or intimidate another student through words, or actions including:

- a. Direct physical contact such as hitting or shoving
- b. Verbal assaults such as teasing or name-calling
- c. Socially isolating or manipulating a student

These incidents will be acted upon when they occur:

- a. On the school grounds at any time
- b. En route to and from school or a school-sponsored activity
- c. During the lunch period whether on or off campus; or
- d. During, or while going to or coming from, a school-sponsored activity.

2. Specific Examples

- b. Making reprisals, threats of reprisal, or implied threats of reprisal.

- c. Engaging in implicit or explicit coercive behavior to control, influence or affect the health and well being of a student.

Confidentiality

Reasonable efforts will be made to keep a report of bullying and the results of the investigation confidential. Witnesses should be informed of the confidential nature of the investigation and should be asked to refrain from disclosing the nature of the investigation to others.

Retaliation Prohibited

The initiation of a report of bullying should not reflect on the reporting student or witnesses in any way. It should not affect the student's future relationship with the school system, grades, class section or other matters pertaining to his/her status as a student in any program. It is a violation of this policy to engage in such retaliation.

Disciplinary Action

Students who act in violation of this policy and/or the law may be subject to discipline up to and including expulsion. Such disciplinary action shall be in accordance with school system procedures and state and federal laws.

Investigation Procedures

1. Informal Resolution

Students who feel aggrieved because of conduct that may constitute bullying are encouraged, but not required, to inform the person engaging in such conduct that the bullying is offensive and should stop.

2. Formal Reporting of Allegations of Bullying

If direct communication with the person whose conduct is offensive has been to no avail or would be inappropriate, the aggrieved student should communicate his/her concern to a teacher, counselor, principal or assistant principal. The student should also complete a formal, written report. If the student is unable to complete a written report, school staff may help him/her complete the report.

3. Responsibilities of Employees

Employees who receive reports of bullying or observe an act of bullying should immediately inform the principal or designee at the school the student attends.

4. Administrative Review and Procedure

a. Filing

While reports of bullying should be in writing, any report received, whether written or oral should be investigated.

b. Investigation

All matters regarding bullying should be promptly and thoroughly investigated in a confidential manner. The student accused of bullying should be informed of the results of the investigation and given the opportunity to present his/her version of the situation and to identify witnesses on his/her behalf. Parents of both the accused and the student filing the complaint should be contacted as appropriate.

c. Corrective Action/Discipline

Upon completion of the investigation, the principal or designee should determine the appropriate action, if any, to take. Corrective action may include, but not be limited to, counseling, warning, or initiating disciplinary procedures against the offending student. Corrective action should be designed to prevent recurrence of the bullying.

Mandated Notification

1. At the beginning of the school year, each student should receive a summary of this policy prohibiting bullying.
2. A summary of this policy should be part of new student orientation programs and included in student handbooks or information packets.
3. A summary of this policy should be included as part of the school system's annual notification to parents.
