Summary: Mt. Diablo Adult Education – Life Skills program for adults with cognitive and developmental disabilities would like to become a vendor for the East Bay (RCEB) as a Community Day Program. If approved by the Regional Center of the East Bay, Mt. Diablo Adult Education's Life Skills program would receive \$45.09 per student in attendance each day for students who are clients of the Regional Center. As a vendor, Mt. Diablo Adult Education would be responsible for providing life and vocational skills classes, recording daily attendance each day and submitting attendance to the RCEB through their web site. Electronic billing would be done once a month from Mt. Diablo Adult Education to RCEB.

Funding: Regional Center of the East Bay.

Fiscal Impact : Based on current student population/RCEB clients, it is anticipated that Mt. Diablo Adult Education would receive approximately \$386,647 per year in payments for this program. The cost for offering this program is within this amount.
