

**§ 15497. Local Control and Accountability Plan and Annual Update Template.**

**Introduction:**

**LEA:** Mt. Diablo Unified School District **Contact (Name, Title, Email, Phone Number):** Nellie Meyer, Superintendent, meyer@mdusd.org, 925-682-8000 **LCAP Year:** 2014-2015

***Local Control and Accountability Plan and Annual Update Template***

*The Local Control and Accountability Plan (LCAP) and annual update template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs should comply with instructions and use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

## **State Priorities**

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

### A. Conditions of Learning:

**Basic:** degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

**Implementation of State Standards:** implementation of academic content and performance standards adopted by the state board for all pupils, including English learners. (Priority 2)

**Course access:** pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

**Expelled pupils (for county offices of education only):** coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

**Foster youth (for county offices of education only):** coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

### B. Pupil Outcomes:

**Pupil achievement:** performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

**Other pupil outcomes:** pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

### C. Engagement:

**Parent involvement:** efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

**Pupil engagement:** school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)  
**School climate:** pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

**Section 1: Stakeholder Engagement**

*Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.*

**Instructions:** Describe the process used to engage parents, pupils, and the community and how this engagement contributed to development of the LCAP or annual update. Note that the LEA’s goals related to the state priority of parental involvement are to be described separately in Section 2, and the related actions and expenditures are to be described in Section 3.

**Guiding Questions:**

- 1) How have parents, community members, pupils, local bargaining units, and other stakeholders (e.g., LEA personnel, county child welfare agencies, county office of education foster youth services programs, court-appointed special advocates, foster youth, foster parents, education rights holders and other foster youth stakeholders, English learner parents, community organizations representing English learners, and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representative parents of pupils identified in Education Code section 42238.01?
- 6) In the annual update, how has the involvement of these stakeholders supported improved outcomes for pupils related to the state priorities?

Involvement Process	Impact on LCAP
<p>MDUSD LCAP Community Meetings: From January through April, Superintendent, Dr. Nellie Meyer, held eight community meetings to explain the Local Control Funding Formula (LCFF) and Local Control Accountability Plan (LCAP) to stakeholders. These meetings were held at each high school and at two middle schools. Spanish translation was provided. All materials, and the PowerPoint presentation, were in English and in Spanish. Parents and the community were notified in writing and verbally about these meetings by the feeder schools for each high school and the two middle schools. Additionally, information was posted on the district’s website about each meeting.</p> <p>During the meetings Dr. Meyer provided an overview of the goals for the meeting, an explanation of the eight LCAP priorities, and presented the timeline for the development of the LCAP. Time was dedicated for questions and answers during the presentation. Parents then selected from three groups, Pupil Outcomes, Conditions of Learning, an Engagement, to which group they wanted to work in: Pupil Outcomes, Conditions of Learning, or Engagement. Community members were guided to ask the following questions: 1. What does your child need to be college and/or career ready? 2. How can we work together to support relationships in our district (e.g.</p>	<p>The feedback from these meetings was important to the development of the district’s LCAP. This information helped the LCAP Focus Group align the feedback and the district strategic plan while developing the recommended LCAP Goals, Actions, and Expenditures. They also provided guidance about priorities for upcoming years. Aggregate data from these meetings is available both as attachments in the appendix and posted on the MDUSD website.</p>

Involvement Process	Impact on LCAP
<p>Student- teacher, staff-parents...) to motivate student achievement? 3. What must be present in your school to ensure success for all? In these groups, participants shared their ideas on district/school/student needs and how to address those needs with district resources. Participants were also able to provide feedback on the groups they didn't join via a feedback sheet they could turn in at the end of the meeting or send to the district office.</p> <p>The information collected at these meetings and from any feedback forms sent to the district office was transcribed, translated into Spanish, and uploaded onto the district's website.</p>	
<p>District English Learner Advisory Council (DELAC): The superintendent and staff met with the DELAC to explain the Local Control Funding Formula (LCFF) and Local Control Accountability Plan (LCAP). All materials, and the PowerPoint presentation, were in English and in Spanish. Similar to the Community meetings, during the meetings Dr. Meyer explained the LCFF and the LCAP. There was time for questions and answers during the presentation. As in the Community meetings, participants shared their ideas on district/school/student needs and how to address those needs with district resources. The information collected at these meetings was transcribed, translated into Spanish, and uploaded onto the district's website.</p>	<p>As with the Community meetings, feedback from this meeting was important to the development of the district's LCAP. This information helped the LCAP Focus Group align the feedback and the district strategic plan while developing the recommended LCAP Goals, Actions, and Expenditures. They also provided guidance about priorities for upcoming years. DELAC emphasized Celebration of Bilingual seal, celebration of the reclassification of English learners, the need for clear communication, culturally responsive education, visions for different pathways, respect, and the development of strong English skills. In particular parents stressed a need for strong relationships and mentoring for students.</p>
<p>MDUSD LCAP Principal Meetings: During the January 15, 2014 K-Adult Meeting, administrators worked in school feeder patterns or similar departments to discuss current base and supplemental services and programs. They also identified some future needs. During a meeting on May 23, 2014, principals, working in small teams, reviewed a more user-friendly version of the LCAP template. They provided feedback on the needs, goals, outcomes, and actions/services.</p>	<p>The information gathered in these meetings helped to expand on actions in the LCAP and relate them to specific expenditures. The changes identified during the May 23rd meeting were incorporated into the draft plan presented to a joint PAC/DELAC meeting later that same day.</p>
<p>Input from Foster Youth Organizations and MDUSD HOPE: The Mt. Diablo Unified School District's Foster Youth Services (FYS) program has been involved throughout the implementation process of the LCFF and LCAP. Beginning in the spring of 2013, FYS worked hand in hand with a wide range of foster youth advocates, foster youth, partnering agencies, Contra Costa County Office of Education (CCCOE), legislators, teachers, and administrators to protect and preserve the categorical funding for the Core FYS programs.</p> <p>FYS coordinated the efforts of the 6 Foster Youth Core Programs and foster youth to participate in field trips to Sacramento to appear before Senate and Assembly hearings to express concerns about the proposed changes. There were 3 field trips to the legislature in the spring of 2013; 2/28/13, 5/1/13, 5/8/13 that included over 20 foster youth, the 6 Core FYS programs, representatives from the CCCOE, and partnering agencies such as Youth Homes, Inc, and CASA.</p> <p>MDUSD FYS helped foster youth attend local Town Hall meetings sponsored by both Mark De Saulnier and Susan Bonilla on 5/16/13 and 5/23/13. FYS invited both legislators to participate in separate, individual sit down conversations with FYS staff and foster youth. Senator De Saulnier</p>	<p>These meetings provided input on needed actions and services specifically for foster youth. These directly informed actions and services delineated in this plan.</p>

Involvement Process	Impact on LCAP
<p>joined our foster youth at Mt. Diablo HS's Diablo Community Center on April 19th, 2013 while we brought foster youth to the office Assemblywoman Susan Bonilla at Todos Santos Square.</p> <p>Foster Youth Services initiated a letter writing campaign to Senator De Saulnier and Assemblywoman Bonilla along with a targeted number of their colleagues. FYS generated dozens of postcard messages authored by foster youth and district staff advocating the preservation of the categorical funding for foster youth services.</p> <p>Foster Youth Services also attended the LCAP Community meeting held at Mt. Diablo High School on Tuesday April 8th. Numerous foster youth, parents of students receiving services, and community members attended I to voice their support for the services provided through Foster Youth Services and the Diablo Community Center.</p>	
<p>Community Advisory Committee (CAC): On April 1, 2014, The superintendent presented the same Power Point used in the LCAP Community Meetings. They discussed the information and feedback was collected.</p>	<p>Many members filled out feedback forms. Interest in teachers trained in diversity, structured collaboration at the sites, increase mainstreaming opportunities, change perception regarding special education and the sites, student led report card conferences, teacher created assessments.</p>
<p>City Council Meetings: Presentations were made using the same Power Point as for the LCAP Community Meetings. Discussion to clarify and gather input.</p>	<p>Interest in restoring services to students (e.g. interventions, small classes, counselors, athletics, arts) parallels input from LCAP Community Meetings. Actions were developed to address these.</p>
<p>Parent Teacher Association (PTA):</p>	
<p>LCAP Focus Group: During three full day workshops, a group of district employees was created to work on developing the draft LCAP. This group was comprised of the superintendent, superintendent's Council, various members of each district department, principals, teachers, special education assistants, classified staff, and representatives from MDEA, CST, CSEA, DMA, Teamsters and MDSPA. Additionally, the group included representatives from district departments that support English learners and foster youth. Principals, teachers, and assistants representing Title I schools and special education sites also participated. This group worked to correlate the District Strategic Plan goals with the feedback from the community meetings, DELAC, and other sources. They worked together to identify goals and actions for the LCAP from the input collect during the community, DELAC, CAC, and City Council meetings.</p>	<p>Broad district input on the development of the LCAP. This group developed draft Goals, Outcomes, and Actions for the LCAP based on a review of the information from the LCAP Community meetings and the MDUSD Strategic Plan. This draft was then taken to a joint PAC and DELAC meeting for further input and adjustment.</p>
<p>Joint DELAC and Parent Advisory Council (PAC) Meeting: Principals were asked to identify a parent to participate on a Parent Advisory Council. A joint PAC/DELAC meeting was held on May 22, 2014. Parents were given a copy of the draft LCAP as it stood at the time of that meeting. Parents were provided a more user-friendly document (in English and in Spanish) that presented the draft needs, goals, outcomes, and actions/services in the plan. It was explained that the budget was not complete in the plan as the Fiscal Department was in progress updating information in the district fiscal software due to Board Action at the Board meeting the week prior and that as a result, the most current budget data was not available at the time of the meeting. Parents were informed that an updated draft would be emailed to them and a member of staff would be available at the same location for a day the following week to go over it with them and take questions or comments on that draft of the plan before it was posted for broader community review and comment. Parents, working together in teams, reviewed the document</p>	<p>Feedback from the joint PAC/DELAC meeting was incorporated into and caused changes in the draft plan. Specifically changes occurred phrasing of goals, outcomes and actions. Language was clarified. Actions were updated and some new actions added.</p>

Involvement Process	Impact on LCAP
<p>and provided feedback. Parents were also given cards to record comments or questions they wanted responded to in writing. They were told the responses would be posted on the district website the following week.</p>	
<p>Access to Information: A link was created on the district website to provide easy access to information related to the Local Control Accountability Plan. Feedback from the community meetings was posted here as well as a variety of other resources from West Ed and from the California Department of Education.</p>	<p>Demonstrated MDUSD’s commitment to a transparent and inclusive process in developing the LCAP.</p>
<p>EMAIL: An email address was created to support communication. This address, LCAP@mdusd.org, was a link on the LCAP section of the district website and was announced at all community meetings. Emails received via this email address were given to the superintendent or designee for follow up.</p>	<p>Facilitated timely communication and provided another method for the MDUSD Community to give input on the development of the LCAP.</p>
	<p>Stakeholder groups provided feedback to develop outcomes, services and actions correlated to the District Strategic Plan goals. The District LCAP Focus Group aligned services and actions to address the needs of all students with additional supports specific to our significant subgroups: EL, etc.</p> <p>All stakeholder input from the LCAP community meetings was recorded, organized under each Board goal, and discussed by the District LCAP Focus Group. Not all of the services and actions given could be included as the top priorities to be identified in this first planning cycle but will be considered as the plan is reviewed and updated annually.</p>
<p>Next steps: During each year, stakeholder groups such as the Parent Advisory Council, DELAC, and LCAP Focus Group, community and student forums, will continue to assess progress towards the LCAP goals. This continuing feedback will inform annual updates and edits to the MDUSD LCAP.</p>	

## **Section 2: Goals and Progress Indicators**

*For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, for each state priority and any local priorities and require the annual update to include a review of progress towards the goals and describe any changes to the goals.*

**Instructions:** Describe annual goals and expected and actual progress toward meeting goals. This section must include specifics projected for the applicable term of the LCAP, and in each annual update year, a review of progress made in the past fiscal year based on an identified metric. Charter schools may adjust the chart below to align with the term of the charter school’s budget that is submitted to the school’s authorizer pursuant to Education Code section 47604.33. The metrics may be quantitative or qualitative, although LEAs must, at minimum, use the specific metrics that statute explicitly references as required elements for measuring progress within a particular state priority area. Goals must address each of the state priorities and any additional local priorities; however, one goal may address multiple priorities. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or school site. The goals must reflect outcomes for all pupils and include specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the school site level. To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, school site-level advisory groups (e.g., school site councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

### **Guiding Questions:**

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to “Engagement” (e.g., pupil and parent)?
- 4) What are the LEA’s goal(s) to address locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for subgroups as defined in Education Code sections 42238.01 and 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific predicted outcomes/metrics/noticeable changes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority and/or to review progress toward goals in the annual update?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) In the annual update, what changes/progress have been realized and how do these compare to changes/progress predicted? What modifications are being made to the LCAP as a result of this comparison?

Identified Need and Metric (What needs have been identified and what metrics are used to measure progress?)	Goals			Annual Update: Analysis of Progress	What will be different/improved for students? (based on identified metric)			Related State and Local Priorities (Identify specific state priority. For districts and COEs, all priorities in statute must be included and identified; each goal may be linked to more than one priority if appropriate.)
	Description of Goal	Applicable Pupil Subgroups (Identify applicable subgroups (as defined in EC 52052) or indicate "all" for all pupils.)	School(s) Affected (Indicate "all" if the goal applies to all schools in the LEA, or alternatively, all high schools, for example.)		LCAP YEAR Year 1: 2014-15	Year 2: 2015-16	Year 3: 2016-17	
<ul style="list-style-type: none"> <li>• Increase academic achievement for all students.</li> <li>• Increase student access to challenging, rigorous, and relevant content taught by enthusiastic and skilled educators, Transitional Kindergarten (TK) through 12</li> <li>• Expand opportunities for extracurricular and co-curricular activities.</li> <li>• Strengthen and expand support and opportunities for parents and students to know how to be prepared and ready for the future.</li> <li>• Strengthen and create a positive and safe learning environment.</li> </ul>	<p>All students will receive a high quality education in a safe and welcoming environment with equitable high expectations, access to technology, and Common Core State Standards that prepare them to be college, career and ready to be adult members of their community.</p>	All	All	<p>1. Increase student achievement for all students. Improvement will be measured by:</p> <ul style="list-style-type: none"> <li>a) 3rd grade literacy proficiency = 5% increase.</li> <li>b) 6th math proficiency = baseline 2014-15, 5% increase 2015-16, 2016-17.</li> <li>c) 11th grade Algebra 2 completion rates = 5% increase.</li> <li>d) Improved scores on standards-based assessments – baseline 2014-2015, increase dependent upon state defined targets (TBD).</li> <li>e) Increase performance on Early Assessment Program (EAP) = increase 5% annually.</li> </ul>	<p>1. ### **Section 3: Actions, Services, and Expenditures**

*For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require the LCAP to include a description of the specific actions an LEA will take to meet the goals identified. Additionally Education Code section 52604 requires a listing and description of the expenditures required to implement the specific actions.*

**Instructions:** Identify annual actions to be performed to meet the goals described in Section 2, and describe expenditures to implement each action, and where these expenditures can be found in the LEA's budget. Actions may describe a group of services that are implemented to achieve identified goals. The actions and expenditures must reflect details within a goal for the specific subgroups identified in Education Code section 52052, including pupils with disabilities, and for specific school sites as applicable. In describing the actions and expenditures that will serve low-income, English learner, and/or foster youth pupils as defined in Education Code section 42238.01, the LEA must identify whether supplemental and concentration funds are used in a districtwide, schoolwide, countywide, or charterwide manner. In the annual update, the LEA must describe any changes to actions as a result of a review of progress. The LEA must reference all fund sources used to support actions and services. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

#### **Guiding Questions:**

- 1) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
  - 2) How do these actions/services link to identified goals and performance indicators?
  - 3) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
  - 4) In the annual update, how have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
  - 5) In the annual update, how have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
  - 6) In the annual update, how have the actions/services addressed the identified needs and goals of specific school sites and did the provision of those actions/services result in the desired outcomes?
  - 7) In the annual update, what changes in actions, services, and expenditures have been made as a result of reviewing past progress and/or changes to goals?
- A. What annual actions, and the LEA may include any services that support these actions, are to be performed to meet the goals described in Section 2 for ALL pupils and the goals specifically for subgroups of pupils identified in Education Code section 52052 but not listed in Table 3B below (e.g., Ethnic subgroups and pupils with disabilities)? List and describe expenditures for each fiscal year implementing these actions, including where these expenditures can be found in the LEA's budget.

Goal (Include and identify all goals from Section 2)	Related State and Local Priorities (from Section 2)	Actions and Services	Level of Service (Indicate if school-wide or LEA-wide)	Annual Update: Review of actions/ services	What actions are performed or services provided in each year: and are projected to be provided in years 2 and 3? What are the anticipated expenditures for each action: including funding source?		
					LCAP YEAR Year 1: 2014-15	Year 2: 2015-16	Year 3: 2016-17

High quality, culturally proficient, and responsive staff will be supportive of all students, respectful of all students' backgrounds, and invested in the education of all students.	State Priorities: <ul style="list-style-type: none"> <li>Basic</li> <li>Pupil Achievement</li> <li>Pupil Engagement</li> <li>School Climate</li> </ul> MDUSD Strategic Plan Goals: <ul style="list-style-type: none"> <li>Academic Excellence &amp; Learning</li> <li>High Quality Effective Staff</li> <li>Respectful, Responsive Service and Communication</li> </ul>	Yr. 3: Provide professional development to develop an awareness of and act on the unique needs of low income students.	Yr. 3: Low Income				
		Provide professional development regarding how to effectively support English learners and ensure full inclusion of ELD standards and practices in all content areas.	English Learner Yr. 2: English Learner Yr. 3: English Learner		Personnel Costs - see 1.1.,1.2 B (Supplemental)	Personnel Costs - see 1.1.,1.2 B (Supplemental)	Personnel Costs - see 1.1.,1.2 B (Supplemental)
		Yr. 2: Continue to provide professional development regarding how to effectively support English learners and ensure full inclusion of ELD standards and practices in all content areas. Yr. 3: Continue to provide professional development regarding how to effectively support English learners and ensure full inclusion of ELD standards and practices in all content areas.					
		Yr. 3: Provide professional development to develop an awareness of and act on the unique needs of foster youth.	Yr. 3: Foster Youth			Personnel Costs - see 1.1.,1.2 B (Supplemental)	

- C. Describe the LEA's increase in funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5). Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496. For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a school site in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state priority areas. (See 5 CCR 15496(b) for guidance.)

Mt. Diablo Unified will receive \$11,569,557 in Supplemental Local Control Funding Formula Funds in 2014-2015. This amount is projected to increase to approximately \$15,722,384 in 2015-2016 and \$17,544,555 in 2016-2017. These funds are calculated based on the number of English learners, students identified as low income, and foster youth. Resources will be focused primarily on instruction and related expenses, professional development aligned with the Common Core, services to support social and emotional health and safety of students, communication, college and career readiness, and parent education and outreach. (See Sections 3A and 3B of this LCAP document.)

Mt. Diablo Unified recognizes that while these funds are generated in order to serve the focus students, some services may, should the need arise, be used for students outside these focus subgroups. While the majority of students served will be these students, there may be other students who may need access to the same or similar services. By providing the services without limiting who is served, MDUSD will serve all students, especially the focus students. In addition, we will have supplemental services that will be exclusively used for our targeted subgroups. See Section B for more details.

Assessment of student services for all students and targeted subgroups will be monitored and assessed regularly to measure impact of services on academic achievement and social emotional well-being.

For the current LCAP year, Mt. Diablo Unified is incorporating the following LCFF supported services district-wide:

- Coaching and collaboration time for staff.
- Professional development and support on Common Core State Standards (CCSS), Positive Behavior and Climate and Cultural Responsiveness.
- System-wide communication practices and celebrations.
- College and career readiness and work experience opportunities (e.g. A-G, work-based learning, inclusion of skills in lesson/unit development Transitional Kindergarten- 12).
- Multi-Tiered System of Support to address academic, social and emotional needs of students (e.g. Response to Instruction and Intervention –RtI2, Positive Behavior Intervention and Support- PBIS).
- Parent outreach and education.
- Technology access and professional development.
- Campus supervision, safety and school climate.

- D. Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

Currently, in Mt. Diablo Unified, the increase in minimum proportionality for English Learners, Low Income Students and Foster Youth is 5.67% in percentage in 2014-2015. In order to ensure equity, we recognize the need to improve and expand services for our most at risk students. The following actions go above and beyond the proportionality requirement for the District.

In line with Mt. Diablo Unified's Strategic Plan, the following actions and services are designed specifically to increase achievement for English Learners (including Redesignated Fluent English Proficient or R-FEP), Low Income Students and Foster Youth. The District will focus energy and resources in three key areas that collectively address the 8 LCFF priorities:

1. Pupil Outcomes
2. Engagement
3. Conditions of Learning

Specific actions to support these key areas include, but are not limited to, increased access to college and career pathways and activities, access to instructional technology, targeted intervention and support, counseling services, parent education and professional development related to English Language Development (ELD) instructional strategies. Detailed action steps for subgroups include, but are not limited to:

1. Monitoring, recognizing and celebrating English learner achievement and progress toward reclassification.
2. Support for subgroups to engage in college, career and civic readiness activities.
3. Increased access of English learners to electives, A-G and AP course.
4. Support, outreach and communication with students and parents of subgroups to increase participation in extra/co-curricular activities and programs and full participation in all academic programs.
5. Assessing and monitoring implementation of the English Learner (EL) Master Plan.
6. Offering childcare, food, and materials at parent meetings at multiple times to support the varied schedules of parents.
7. Increased parent education classes and networking opportunities to become familiar with district/community resources.
8. Professional development and opportunities for EL parents to learn about the reclassification process and Dual Language program available in English and Spanish.
9. Increased educational counseling for foster youth and assistance to attend schools (transportation, clothing).
10. Assessing and expanding outreach to foster youth advocates and partnering agencies.
11. Support for subgroups to access technology.

## Mt. Diablo Unified School District - Proportionality Calculation

	2013-2014	2014-2015 Increase	2015-2016 Est. Increase	2016-2017 Est. Increase
<b>LCFF Base Funding</b>	192,260,990	200,854,494	209,203,225	212,904,652
<b>K-3 GSA</b>	873,204	2,722,629	4,345,979	4,999,768
<b>9-12 GSA</b>	204,686	639,823	1,019,338	1,171,643
<b>Base Grant for calculation of proportionality</b>	193,338,880	204,216,946	214,568,542	219,076,063
<b>Cumulative Supplemental</b>	6,904,520	11,569,557	15,722,384	17,544,555
<b>Minimum proportionate increase or improvement</b>	Not Required in 2013-2014	5.67%	7.33%	8.01%

## **GLOSSARY OF TERMS**

**A-G:** College course requirements taken in high school. The intent of the “a-g” subject requirements is to ensure that students have attained a body of general knowledge that will provide breadth and perspective to new, more advanced study.

**AP:** (Advanced Placement) Courses offering college-level curriculum and examinations to high school students.

**API:** Academic Performance Index. Measures the academic performance and growth of schools in a variety of academic measures. Expected annual percentage growth targets for all schools based on their API baseline score are calculated with a minimum percentage growth target of 5% annually. The API is part of the state accountability system enacted by the California State Legislature in 1999.

**AVID:** (Advancement via Individual Determination) The AVID program directs academic and social support and contributes to increasing AP class enrollment and postsecondary education for “students in the middle”.

**AYP:** Adequate Yearly Progress. Adequate yearly progress is the measure of the extent to which students in a school, taken as a whole, and certain groups within the school, demonstrate proficiency in at least reading/language arts and mathematics. It also measures the progress of schools under other academic indicators, such as the graduation rate or school attendance. The federal No Child Left Behind Act requires each state to ensure that all schools and districts make adequate yearly progress based on assessments included in the statewide accountability system. State definitions must reflect the objective that all students will demonstrate proficiency by the year 2014.

**CCSS:** (Common Core State Standards) an education initiative adopted by California and 44 States detailing what K-12 students should know at the end of each grade. The initiative is sponsored by the National Governors Association (NGA) and the Council of Chief State School Officers (CCSSO) and seeks to establish consistent educational standards across the states as well as ensure that students graduating from high school are prepared to enter credit-bearing courses at two- or four-year college programs or enter the workforce.

**CELDT:** California English Language Development Test. CELDT is a mandatory state test for English language proficiency that is given to students whose primary language is other than English.

**CTE:** (Career Technical Education) Education programs which are directly related to preparing students for employment occupations requiring other than a baccalaureate or advanced degree.

**College and Career Readiness:** College and career readiness refers to the content knowledge, skills, and habits that students must possess to be successful in postsecondary education or training that leads to a sustaining career. A student who is ready for college and career can qualify for and succeed in entry-level, credit-bearing college courses without the need for remedial or developmental coursework.

**Cultural Competency:** Knowledge of infusing culturally responsive practices into their work with students, families and co-workers.

**DELAC:** District English Learner Advisory Committee.

**Digital Literacy:** Digital literacy is the ability to find, evaluate, utilize, share, and create content using information technologies and the Internet.

**Dual Enrollment:** involves students being enrolled in two separate, academically related institutions. Generally, it refers to high school students taking college courses. Less commonly, it may refer to any individual who is participating in two related programs.

**EL:** (English Learners) is a person who is learning the English language in addition to their native language. A student for whom a primary language other than English has been indicated on the state-approved "Home Language Survey" and who, based on the results of the California English Language Development Test (CELDT), has been determined to lack the clearly defined English language skills of listening, speaking, reading, and writing necessary to succeed in the school's regular instructional programs.

**ELD:** (English Language Development) Direct instruction for English Learners. ELD is a specialized program of English language instruction appropriate for the English learner (EL) student's (formerly LEP students) identified level of language proficiency. This program is implemented and designed to promote second language acquisition of listening, speaking, reading, and writing.

**FEP:** Fluent English Proficient. A student in kindergarten through grade 12 for whom a language other than English is reported on the Home Language Survey and who, upon assessment on the CELDT and from additional information (when available) is determined to be fluent in English. To be categorized as FEP, a student must have at least some functional proficiency (e.g., some basic comprehension skills) in a language other than English.

**Honors:** Honors classes often offer the same curriculum as regular classes but are tailored for high-achieving students — covering additional topics or some topics in greater depth.

**IB:** The International Baccalaureate (IB) Diploma Program is a two-year comprehensive and rigorous pre-university curriculum leading to an IB diploma. Successful IB candidates are typically granted advanced placement credit at the finest universities and colleges in the nation.

**IEP:** (Individualized Education Plan) commonly referred to as an **IEP**, is mandated by the Individuals with Disabilities Education Act (IDEA). An IEP defines the individualized objectives of a child who has been found with a disability, as defined by federal regulations. The IEP is intended to help children reach educational goals more easily than they otherwise would.

**LCAP:** (Local Control Accountability Plan) is a plan and budget adopted by a school district that reflects goals and specific actions, based on the 8 state priorities outlined in the LCFF legislation, as well as any locally adopted priorities.

**LCFF:** (Local Control Funding Formula) California's new school finance model for allocation of state funding to local school districts.

**Linked Learning:** A high school improvement approach that makes learning exciting and challenging. It connects strong academics with real-world experience in a wide range of fields, such as engineering, arts and media, and biomedical and health sciences—helping students gain an advantage in high school, college, and career.

**Marzano’s Art and Science of Teaching:** presents a model for ensuring quality teaching that balances the necessity of research-based data with the equally vital need to understand the strengths and weaknesses of individual students. Many district school teams have participated in comprehensive training on this model.

**Multi-tiered System of Support: (MTSS)** is a coherent continuum of evidence based, system-wide practices to support a rapid response to academic and behavioral needs, with frequent data-based monitoring for instructional decision-making to empower each student to achieve high standards.

**Online/Remote learning:** is a mode of delivering education and instruction, often on an individual basis, to students who are not physically present in a traditional setting such as a classroom. E-Learning is the use of electronic media and information and communication technologies (ICT) in education.

**PAC:** (Parent Advisory Council) responsible for providing input and feedback on the LCAP/LCFF.

**PBIS:** (Positive Behavior Intervention and Support) is a systemic approach to proactive, school-wide behavior based on a Response to Intervention (RtI) model. PBIS applies evidence-based programs, practices and strategies for all students to increase academic performance, improve safety, decrease problem behavior, and establish a positive school culture.

**PLC:** (Professional Learning Communities) is an extended learning opportunity to foster collaborative learning among colleagues within a particular work environment or field. It is often used in schools as a way to organize teachers into working groups. PLC is an ongoing process used to establish a school-wide culture that develops teacher leadership explicitly focused on building and sustaining school improvement efforts.

**R-FEP:** (Reclassified Fluent English Proficient) student is one whose primary language is not English and who was reclassified from English learner to fluent-English-proficient. Reclassification is based on assessment of English proficiency in listening, speaking, reading, and writing as currently measured by the CELDT, teacher evaluation, parent input, and the student's performance of basic skills. Basic skills are measured by the CST in ELA

**RtI:** (Response to Intervention) is a method of academic intervention used to provide early, systematic assistance to children who are having difficulty learning. RTI seeks to prevent academic failure through early intervention, frequent progress measurement, and increasingly intensive research-based instructional interventions for children who continue to have difficulty. RTI is a multileveled approach for aiding students that is adjusted and modified as needed.

**School Climate:** School climate may be defined as the quality and character of school life. It may be based on patterns of student, parent, and school personnel experiences within the school and reflects norms, goals, values, interpersonal relationships, teaching and learning practices, and organizational structures

**STEM:** Science Technology Engineering and Mathematics.

**Supplemental Funding:** Under LCFF each English Learner (EL), Low Income (LI) or foster youth counts toward funding of an additional 20 percent of the base rate. The counts must be “unduplicated”; meaning an EL, LI to foster youth may only be counted once, even if belonging to more than one group.

**TK:** (Transitional Kindergarten) is a school grade that serves as a bridge between preschool and kindergarten functioning to provide students with time to develop fundamental skills needed for success in school in an age- and developmentally-appropriate setting.

**Williams Requirements/Basic Services:** California legislation established standards for maintaining adequate school facilities, sufficient instructional materials, and qualified teachers.

**Workability:** The Workability program provides comprehensive pre-employment skills training, employment placement and follow-up for high school students in special education who are making the transition from school to work, independent living and postsecondary education or training.

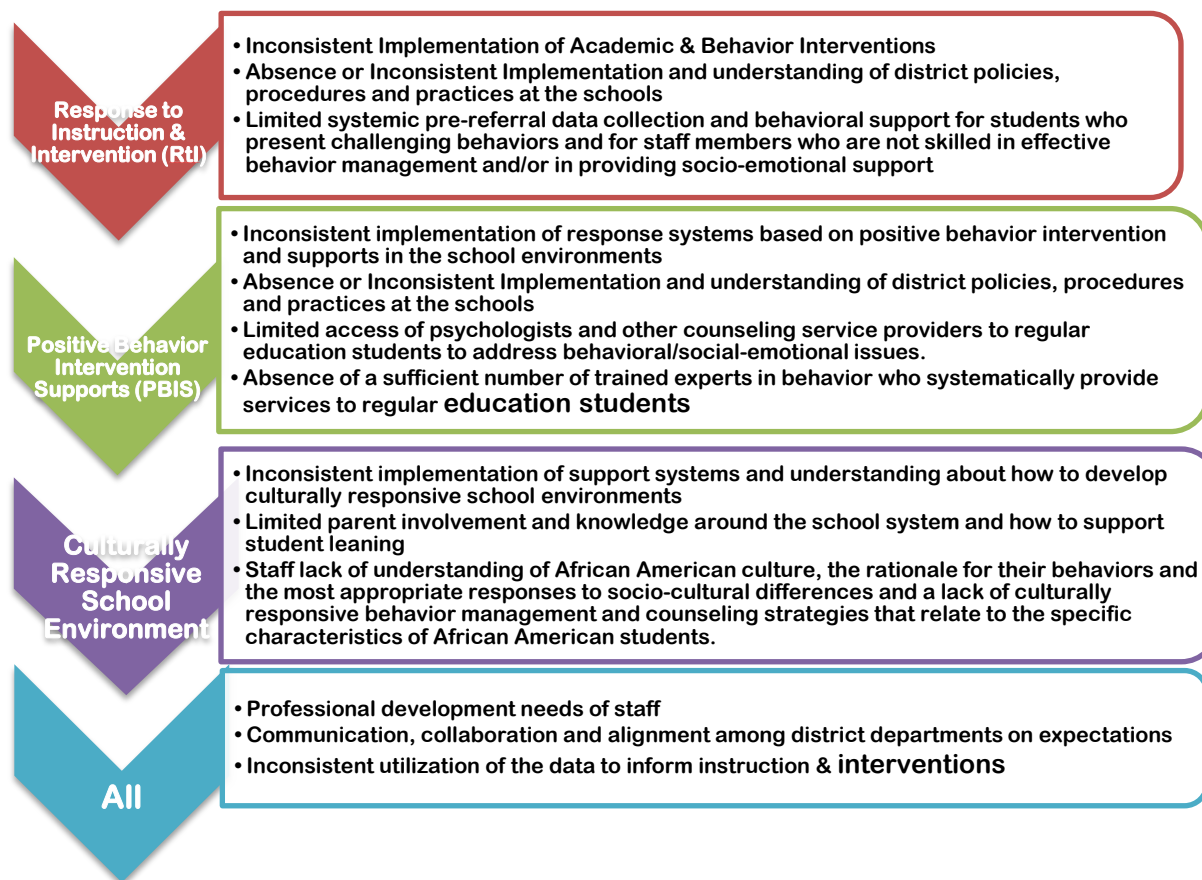

## Mt. Diablo Unified School District Equity and Disproportionality Plan Coordinated Early Intervening Services (CEIS) Plan-Overview Summary

### History

In 2010, MDUSD was identified as a district that was Disproportionate in the over-identification of African American students for Special Education. A district is identified as Disproportionate when a pattern of disproportionality is seen consecutively over 2-3 years. An identification as Significantly Disproportionate is when the imbalance is consecutive over four years. Thus in July 2012, MDUSD was identified as Significantly Disproportionate for the over-identification of African American students for Emotional Disturbance. MDUSD is now responsible for creating a Coordinated Early Intervening Services (CEIS) Plan outlining how the district will address disproportionality and will re-allocate 15% of existing Individuals with Disabilities Education Act (IDEA) funds for the 2012-13 school year to support this effort.

MDUSD has used a three pronged approach to guide its analysis to identify root causes in order to address equity and disproportionality. This includes analysis of (1) Data Points (suspension and expulsion and eligibility for Special Education disaggregated by ethnic groups, grade and school and a (2) Self-Assessment of needs using the CREATE Wisconsin Annotated Checklist for Addressing Racial Disproportionality in Special Education and (3) a file audit review of African American students identified as eligible for special education under the criteria of Emotionally Disturbed (ED).

### Identified Root Causes

Furthermore, four additional root causes were identified specifically that contributed to the over identification of African American students identified as Emotionally Disturbed (ED); (1) Lack of African American students' access to African American staff in all roles that serve them; (2). Staff lack of understanding of African American culture, the rationale for their behaviors and the most appropriate responses to socio-cultural differences and a lack of culturally responsive behavior management and counseling strategies that relate to the specific characteristics of African American students; (3) Failure to have professional development followed by the availability of ongoing coaching specifically related to addressing the needs African American students at risk of being referred for ED; and (4) Staff consistently express that they are unclear about how to address many of the challenges that African American students present indicating the need to experiment with a variety of strategies to determine what works.

With the absence of consistent behavior supports for struggling students at the school level, clear pre-referral interventions at the tier 1 level (universal) and professional development for all staff on cultural competence, there seem to be two pathways students with behavior issues follow: 1) referral for Special Education and/or 2) referral for suspension and/or expulsion.

### **Focus Areas**

The self-assessment process used helped identify three focus areas to address equity and disproportionality in the district. These three focus areas (1) Response to Instruction and Intervention (RtI<sup>2</sup>) and (2) Positive Behavior Intervention Support (PBIS) and (3) Culturally Responsive School Environments will be implemented to reduce disproportionality, are in alignment with other district initiatives and will be instrumental in ensuring every student is successful in Mt. Diablo Unified School District. These three focus areas make up a **Multi-Tiered System of Support (MTSS)**. MTSS is a coherent continuum of evidence based, system-wide practices to support a rapid response to academic and behavioral needs, with frequent data-based monitoring for instructional decision-making to empower each student to achieve high standards. The proposed strategies outlined in the Coordinated Early Intervening Services (CEIS) Plan will help to change practices and safety nets for all students by creating consistent behavior support expectations and systems, understanding of cultural differences and effective instructional strategies to engage students in learning. **Response to Instruction and Intervention (RtI<sup>2</sup>)** focuses on providing students with a general education approach of high quality instruction, early intervention, and prevention and behavioral strategies. RtI<sup>2</sup> is an assessment and intervention process for systematically monitoring student progress and making decisions about the need for instructional modifications or increasingly intensified intervention services using progress monitoring data. **Positive Behavior Intervention Supports (PBIS)** focuses on integrating positive behavior support systems with the academic support systems within the district and school sites. Academic failure is a major predictor of problem behavior and other adjustment problems and needs to be explicitly and consistently addressed as part of an effective and comprehensive school program. **Culturally Responsive School Environment** focuses on becoming aware of cultural differences, adapting programs and interventions, as appropriate, and monitoring intervention effects not only in general, but also in particular for groups of students that have been historically marginalized. Culturally responsive school environments are those which have a comprehensive, culturally relevant and responsive strategy for educators that will help them to become the kind of educator who can teach any student effectively.

### **Strategies and Actions to Address the Need**

### **System Implementation and Monitoring**

MDUSD will need to create clear systems of communication and implementation of the proposed strategies and actions outlined above. Assistant Superintendents and the Equity Leadership Team consisting of the Directors and Assistant Directors in the Student Achievement and School Support and Student Services Departments as well as the Special Education Administrators will be responsible for oversight and implementation of the actions outlined in the Equity plan. In addition, senior staff (Directors and Assistant Directors) will need to ensure that the equity plan and action steps are embedded into district plans (LEAP, Goals and Target, Strategic Plan, Single Plan for Student Achievement, Safety Plan and School Climate Plan) to ensure consistency and alignment.

District-wide and school site data around achievement, access and opportunity will be reviewed quarterly and presented to the Superintendent's Cabinet bi-annually to guide support to schools. Data analysis, reflection and dialogue among principals in the monthly district principal meetings as well as the K-Adult Superintendent meetings will provide the forum for understanding, next steps, and implementation at the school site to support students, teachers and staff. Principals will serve as the lead at the school and are responsible for facilitation, implementation, and monitoring of the Equity Plan by staff with support from the Equity Leadership Team and the schools' Student Achievement & School Support (SASS) support administrator.

### **Evaluation**

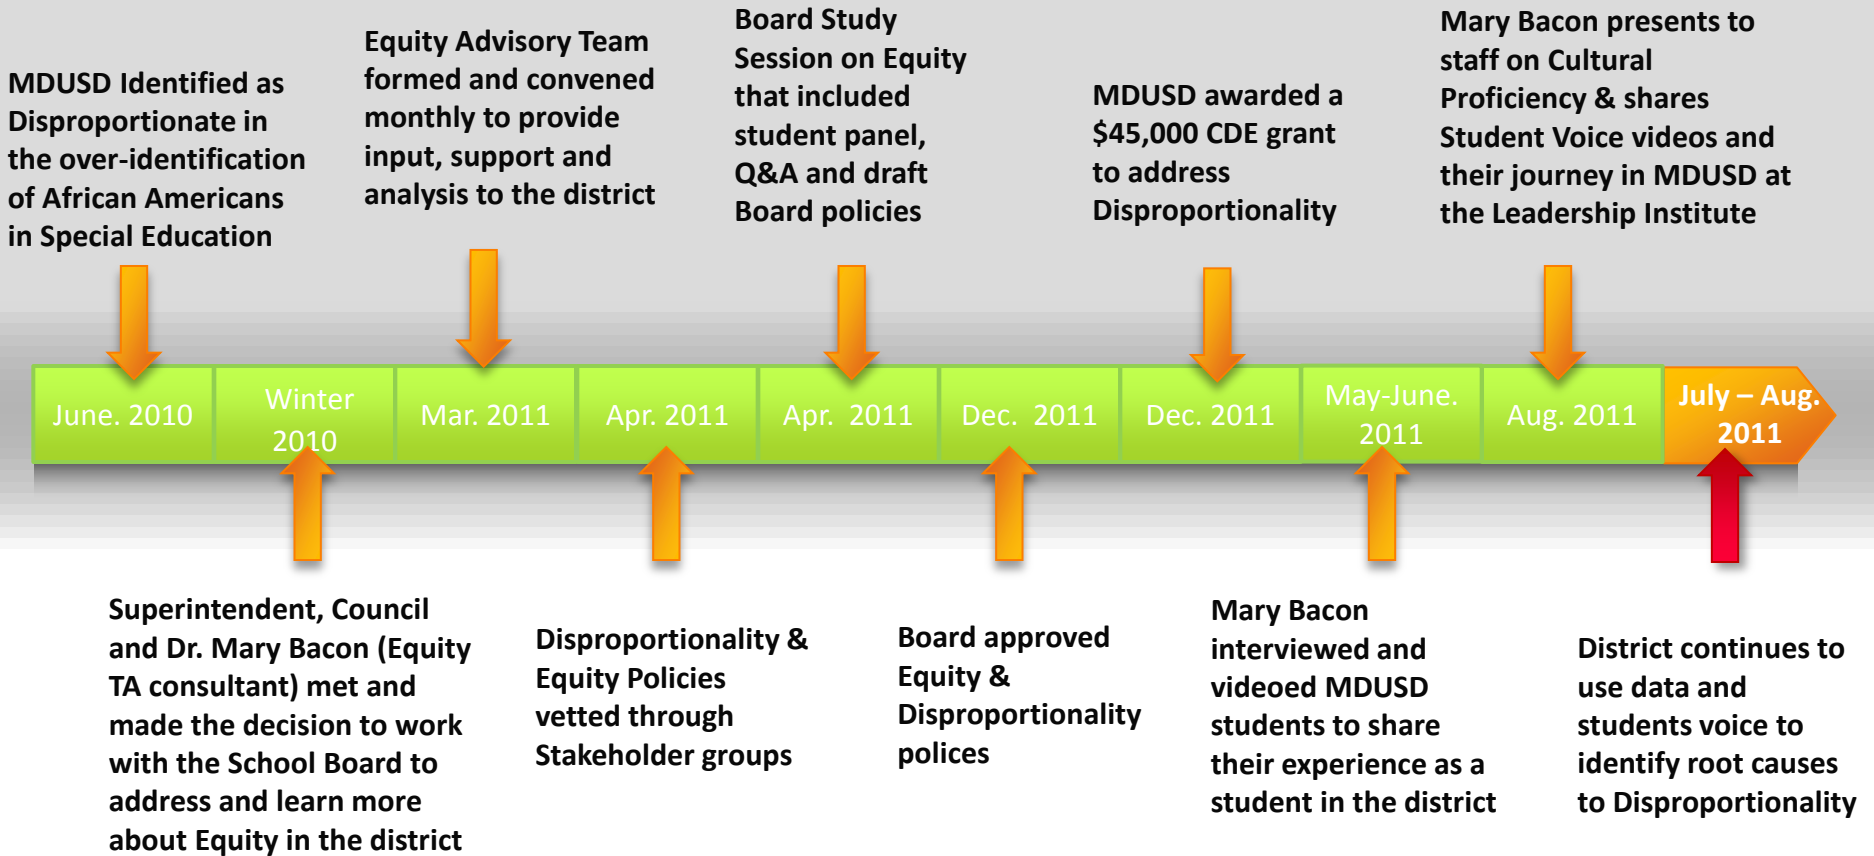

Mt. Diablo Unified School District will measure growth and implementation using the following measurable outcomes to address disproportionality and inequity. Specific tools will also be used to measure and monitor each of the three focus areas. Mt. Diablo Unified will evaluate the success of the SD-CEIS Plan and make needed adjustments based on an analysis of outcome data, quarterly program monitoring and report to the CDE on a quarterly basis.

\*A complete copy of the CEIS Plan can be found on the district website [www.mdusd.org](http://www.mdusd.org)

# The Equity Journey in Mt. Diablo Unified

*Where we have been.....*

MDUSD has identified Equity as one of its core values and has begun the journey to ensure every student is successful in its school system and that equity is imbedded into our school and district culture.

# The Equity Journey in Mt. Diablo Unified

*Where we have been.....*

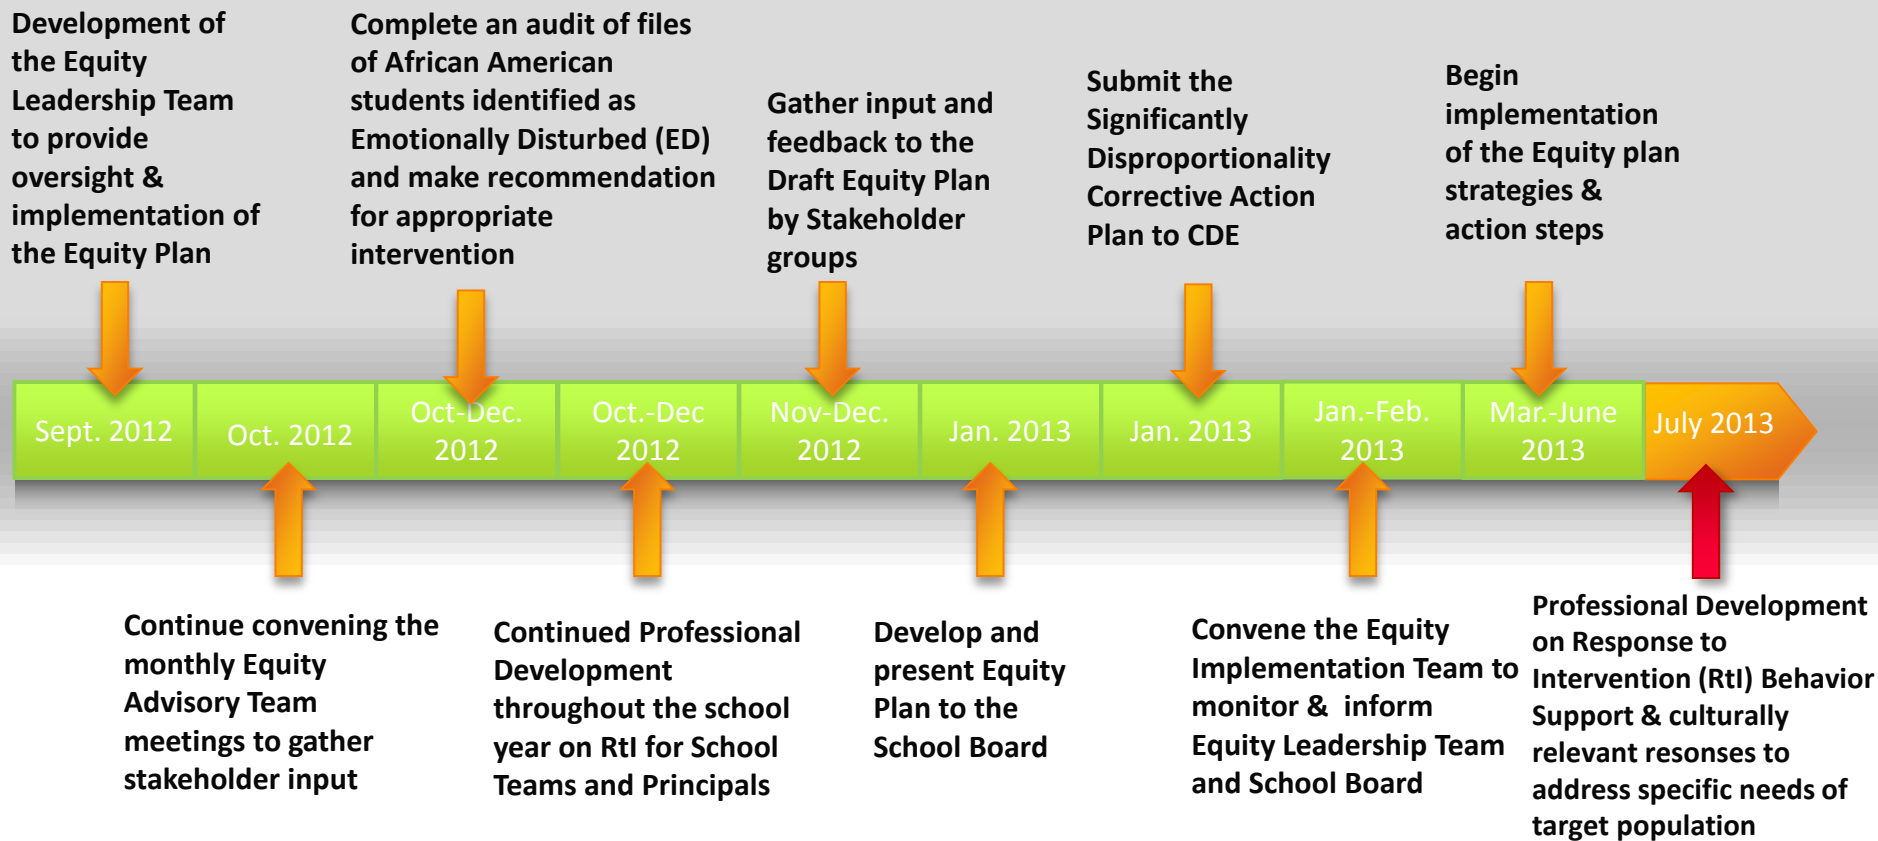

**MDUSD has made a commitment to ensure "Every Student Learns Everyday".** To ensure all students will learn, the analysis of why certain subgroups of students are not achieving has driven the district to focus on Equity & Cultural Proficiency and to answer the four essential Professional Learning Community Questions.

*What do students need to learn? How do we know they have learned them? What do we do when they do not learn? What do we do to expand their learning?*

# The Equity Journey in Mt. Diablo Unified

*Where we are going.....*

Over the next two years (2012-14), MDUSD will focus on two primary areas to address Equity and Student Achievement:

- Response to Instruction and Intervention (Rtl)
- Cultural Proficiency and Positive School Climate

## The Master Plan For Services to English Learners

**During the 2011/2012 school year plus the first semester of the 2012/2013 school year, a committee of 40+ individuals representing teachers, administrators and community members embarked on the creation of the Mt Diablo USD Master Plan for Services for English Learners. During the many months of meetings and sub-committee work, there was much investigation of effective strategies to best meet the needs of the English Learners from the TK – 12<sup>th</sup> grade. Programs were designed to be aligned with state design and title. Compliance plus quality of services were addressed. The implementation of the programs is ongoing with monitoring and feedback so a comprehensive delivery of service exists in the district. Professional development is conducted within the district by competent EL Coach/Specialists, who provide support to teachers in their practice.**

**The result of the 1.5 years of collaborative work was the Mt. Diablo Master Plan for Services for English Learners. This plan will soon be visible on the newly revamped district website.**

The MDUSD technology plan is in the process of being revised for the 2014-2017 school years. Stakeholders of site/district administrators, teachers, parents and students worked collaboratively to update the district technology plan. This plan addresses the new trends in educational technology such as one-to-one mobile devices, Bring Your Own Device and online learning. This plan will be aligned with the Common Core State Standards new technology requirements. New to this plan is a proposal for sustainable funding for the new technology in our district classrooms. This plan utilizing some of the new tools for a assisting our district with technology integration and developing a scope and sequence for K-12 digital literacy and citizenship for all our students.
