

Annual IEP Goal Data 2009-2010

Spectrum tracks student performance on Individual Education Program (IEP) goals. Here is a summary of Collaborative student progress on goals from the end of the 2009-2010 school year. Students from Fair Oaks Collaborative are represented in the Autism category. Students from the Sequoia Collaborative and Ygnacio Valley Collaborative are represented in the Intellectual Disabilities category. The third bar, Asperger's Syndrome, represents the performance of students in the Pleasant Hill Middle Collaborative and the Northgate Collaborative.

Results of Alternative Performance Assessment (CAPA) 2009-2010

This data is the most current information available for students participating in STAR testing through the CAPA. Results from this year's testing are not yet available.
